Mr. McLane asked Mr. Ege if he designed to leave the power of amending unlimited, and to require a vote of the people upon all such amendments before they became the law of the land.—To which he received an affirmative answer, and an assurance that the people of Carroll county did not care how general might be the change.—Then, said Mr. McLane, that is all we want.

The order was then passed over.

Mr. Reeder submitted a sweeping proposition in reference to the colored population, but at the suggestion of several members, withdrew it.

Mr. Johnson, from the committee on Ways and Means, reported a bill for the more speedly collection of the public revenue. Ordered to be printed.

Mr. Ware obtained leave to report a bill substituting a *pro rata* contribution in payment of persons actually transported from Baltimore County instead of the present mode of assessment for that purpose.

DIED.

Departed this transitory life, at his residence, in this town, on Wednesday morning last, in the 62nd year of his age, SAMUEL CORKRAN, Esq'r.

Few men in the walks of private life, have ever lived or died, in this or any other age or country, more generally esteemed and respected than the subject of this brief notice.—In the varied relations of Husband, Father, Friend and Neighbor, none more kind, affectionate, sincere and obliging. He knew no guile or deception himself and suspected none in others. We are assured he did not entertain a single unkind feeling towards any one living or dead, and that he has left no enemy behind him. Strictly honest and just in all his transactions—he had by industry, perserverance and frugality accumulated a comfortable competence in this life, which enabled him to raise and educate in a proper manner, a number of worthy and highly respectable children, who now deeply lament his loss—His languishing Pillow was watched and softened, and his descending path to the Tomb smoothed by an affectionate and beloved family, and anxious friends, during his last illness. He had been for nearly forty years a worthy and deserving member of the Methodist Episcopal Church, and we feel an abiding assurance that he has made his escape from this vale of tears, to that bright abode "where the wicked cease from troubling and the weary are forever at rest." The writer, (who now deeply deplores his loss) knew and was intimate with the deceased from a boy, and he can truly say that he never knew him in the wrong. May we all endeavor to imitate his bright example and strive to be prepared when the melancholly summons comes, to meet our dear departed friend, in a better world.

"Kind Ange's watch his sleeping dust
'Till Jesus comes to raise the just
Then may he wake with sweet surprise
And in his Saviour's image rise."

Jan 3, 1846.

Friends and Fellow-Citizens,

I come before you as a tried *servant*, but pefore I unfold to you my future course, allow me to allude to the past. I have been engaged actively, diligently, yet honestly, for the few years past in an effort to purchase that most inestimable of all blessings, *freedom*. In that effort I have been aided by the kind patronage extended to me in my line of business, by many citizens. To particularise, when all have been so kind, would be invidious, but my feelings of gratitude will not permit me to let this opportunity pass, without thanking the ladies of Cambridge for their patronage and punctuality, I have never called upon them, and departed from their doors, empty handed; and I hope the time may speedily come when these ladies all, and these good gentlemen and their children, and their generation out, will all stand in the first frontier of pleasure without end, forever; and my feelings tell me that such will be the destiny of those who have acted such a good and noble part. I am sorry however to be compelled to say, that there are a few gentlemen who have been so delinquent in paying, that had all acted like them, I should not only now be a slave, but involved in a heavy debt.

I have changed my Oyster establishment to the Office lately occupied by Mr. Daniel M. Henry, opposite the Store House of the Messrs. Straughn, where I intend to keep a peaceable, calm and decent House, and I hope no person will come to my house, who is not willing to conduct himself peaceably and quietly, to be satisfied with my best exertions to please, and to pay as he goes. The kindness I have heretolore received from the ladies and gentlemen will cause me to redouble my exertions to give satsfaction. My housto will be open from 8 (A. M.) to 10 1-2 (P. M.) The Public's obedient servant,

JOHN HAWKINS.

Dorchester, County to wit:

ON application to me the subscriber one of the Justices of the Orphan's Court of Dorchester County by John Mobray, Jr. and James B. Thompson being in actual confinement and I being satisfied that the said John Mobray Jr. and James B. Thompson and the said trustees having given bond with approved security for the performance of the trust and certified in writing that they are in possession of all the estate of the said John Mobray Jr. and James B. THE GREAT DIGESTOR AND WIND DESTROYER,

THE most anti-flatulent Medicine ever known in the world, which cures and brevents the formation of *Dy*spepsia Consumption, Disease of the Heart, Rheumatic pains, *Co*stiveness, Liver Comblaint, Pains in the Side or in the Small of the Back, Plapitation of the Heart, Hedache, Sore Throat, Shortness of Breath, gout, cold, cholic, and is a perfect emmenagogue. This Medicine has been invented more than a score of years ago by the French Doctor of the FRENCH MEDICAL HOUSE, 16 south Frederick street, *Baltimore*, when he was living in Paris as a practising physician and lecturer. He then made a chemical extraction of the juice of blossom of certain flowers, which acts wonderfully on the nervous system and re-establishes its own circulation.—The Dr. has used it ever siuce in the above named Diseases, with great success. Many persons think that the French Doctor confines his practice solely to Secret Diseases, but such is not the case; any disease whatever will be treated and cured on written guarnty and forfeiture, if desired, with strict honesty—even those given up by Regular Doctors. Persons at a distance may consult the French Doctor by letter, and have the medicine sent to them. Advice gratis.

NO MERCURY OR COPAIVA.

THERE are two ways to treat a Secret Disease; the first so much boasted of, is merely the temporary disappearance of the symptoms, by means of mercury or copaiva, and requires but a day or two, but it is very injurious indeed; the second way is to eradicate it out of the system, slowly, safely and surely, without Mercury or Copaiva.

Sound in a day or two,
'Tis too good to be true.

Thirty odd years of experience in the scientific practice of curing Secret Diseases in Paris and America, have enabled the French Doctor of the French MEDICAL HOUSE, 16 south Frederick street, near Second st. to eradicate the most virulent disease, no matter from what cause it may have originated, in a very short but reasonable time, without Mercury or Copaiva.—Vicrims of an improper treatment, and wearied with disappointment mas confidently apply. Persons who have injured their Health by a certain practice called solitary vice, which brings impotency, will be restored to prime vigor. This is the only place in BALTIMORE where a sure cure can be had on written guaranty and forfeiture, with strict honesty and terms moderate. The most respectable city reference will be given. Advice gratis.

"CONFESSION."

I THE subscriber publicly confess that I have been afflicted with a Secret disease ever since 1823, I had thirteen eminent physicians whose names are recorded at the French Medical House; some of them abated the disease; but it always returned worse than before, until it carried away both sides of my throat and pierced the top of my palate. I also lost several bones of my nose and was almost blind of an eye, and my face was covered with an immense quantity of scabs, between which the skin was as red as scaylet, and I was indeed in a most deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me then that a common doctor could not extricate me from the jaws of death—for they all follow the same old routine with their train of mercury, mixture or pills, invented by ignorance and continued by cupidity, and do no good to any but the venders. Several persons recommended the R.K St. as a scientific man and a rare genius in those complaints. I went to him and he pledged himself to cure me on written guaranty, and he furnished me with one room in his house, as he generally does, with strangers, at no cure no pay. I did not hesitate at all on seeing so many likenesses of patients, who are living evidences of the many wonderful cures he has performed of almost every kind of disease. Then he had my daguerreotype likeness and I took his medicine for about a year which completely cured me.—He had then my other likeness taken, and both are to be seen at his office. If this meets the eye of some wretched ed being in the grasp of death, as I was, let him fly to this praiseworthy philanthropist, whose deep knowledge of the vital principles which a timate and move the human frame, are known in both hemispheres, and I believe from my very soul (not forgetful that I am sn oath) that his exquisite genius will discover as many new and well appropriated remedies, as new diseases may be formed.
