Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine, nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhœa. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

SANDY BOTTOM DEPARTMENT TORE!

Hick's Forecast for Decem

Reactionary storms will be cent the 2d, 3d, and 4th, with the di ances probably extending over th the date on which the Moon passe the celestial equator at its a Squalls of winter rain will be ural on and near the 6th, follow rising barometer, westerly gale cold, clearing weather.

A regular storm period extends the 7th to the 13th, being at its on the 9th. Let it be remembere this period is at the annual time o netic and electric excess, growing the inclination of the Earth's ma pole to the Sun's electrical ec Auoral perturbations, earth-cu of natural electricity, through the and along all conducting substanc ten interfering with telegraphic tions, reach a maximum activit about the 5th to the 15th of Decem Such distubances will pass a crisis th month from the 10th to the 15th, note bly on the 11th, 12th, 13th and 14th. A marked earthquake period is also central on the 13th, involving the 10th to the 16th. About the 9th, the barometer will show approaching storm conditions in the west, and these conditions will in ase as they move eastward, breaking into active storms of wind, rain snow on the 10th, 11th, 12th, and Prolonged boreal storms, with high perilous gales will be encountered the Atlantic ocean and coasts, throu out this part of the month.

A reactionory storm period falls centrally on the 15th and 16th, and the general disturbance of the preceding period will, in all probability, continue over into this period.

A regular storm period covers the 18th to the 24th, being central on the 20th. This period is at the central crisis of the winter solstice period. It is also at the center of the Mercury equinoctial period. On and next to the 20th, 21st and 22nd, a very low barometric area will develop, storms of possibly rain and thunder will pass eatwardly over the country.

A reactionary storm period will bring renewed storm conditions on the 26th, 27th and 28th. The new Moon on the 27th will excite higher temperature and tendency to low barometer, especially in the southern sections. Storms of rain, snow and boreal winds will pass in regular order over the country, all followed by change to much colder from the northwest.

Kennedyville Items.

After a silence of a few weeks we again attempt to chronicle the doings of our little town.

The epidemic of typhoid fever, we are glad to say is over now, and all patients are out again except Mrs. Crew, who is fast improving and expects to be out again in a few days.

Thanksgiving Day passed off very quietly, there being quite a few to entertain their friends at dinner.

Mrs. L. A. Pennington and daughter, Dorothy Bell, spent several days with friends in Newark, Del.

Mrs. Dukes and daughter, Elizabeth, and sons, Price and John, spent several days with relatives in Denton.

Mr. Douglass Ernest, of Sassafras, spent the week-end at the home of Mr. and Mrs. Wm. S. Hurlock.

Rev. Frank S. Cain, wife and daughter, Bessie Jett, spent Thanksgiving Day as guests of Mr. and Mrs. John F. Ernest, at Sassafras.

Dr. J. W. Urie, and family spent a part of last week in the monumental city.

Mr. Walter Money, Mr. Clarence Perkins, of Townsend, Del., and Mrs. Perry Othoson and daughter, Miss Mary, spent the week-end at the home of Mr. and Mrs. E. T. Othoson.

Mrs. Miller was called to Frederick county on Sunday last, on account of the death of her father. We extend to her our sympathy.

Kennedyville Grange No. 244, had splendid meeting on Monday evening last, at which the following officers for the following year were elected: Worthy master, J. Frank Baxter; overseer, E. L. Redmile; lecturer, Mrs. James Archibald; steward, James Weer, Jr.; asst. steward, Lloyd Kennedy; chaplain, Rev. Frank S. Cain; treasurer, Mrs. J. W. Urie; secretary, William T. Hague; gate keeper, George Pennington; ceres, Mrs. J. Frank Baxter; pomona, Miss Blanche Redmile; flora, Mrs. James Weer; lady asst. steward, Miss Blanch Groves; organist, Mrs. Rachel Hill; choir leader, Rev. Wm. Clews.

We are very sorry to report the sad accident to Master Thomas Robinson. He was playing near the railroad on Saturday last and jumped from the calf pen and broke one bone in his leg. He is improving now.

On Tuesday next, Dec. 9th, the third Quarterly Conference of Kennedyville Methodist Protestant Church will be held at the home of Bro. Isaac Cleaver at 9.30 A. M. All officials are requested to be present.

Service in the Methodist Protestant Church on Sunday next, Dec. 7th, will be as follows: Sunday school 9.30 A. M.; preaching 10.30 A. M and 7.45 P. M.; Christian Endeavor at 7.15 P. M. All are cordially invited to worship with us.

Clean Chimneys With Potato Peel.

Save the peelings of the potatoes you use for food. When the stove does not draw well place a quantity of these potato skins in the fire and their burning will clean up the soot and clear out the flue to such an extent it will not seem like the same chimney.

They do not need to be dry. Damp peelings just cut from potatoes will burn quite readily where there is considerable fire, and it is astonishing how quickly they will do the desired work.

Potato skins will dry easily if spread out in a warm place, and these make excellent kindling to be used in recruiting a sluggish fire or in starting one with paper. It is no difficult matter to start a fire without wood when dry potato skins are used with a little paper. The burning of the peelings clears out the fire, and no difficulty is experienced that day on the flue not drawing or the stove acting satisfactorily.

Potato peelings are first class for clearing a furnace when slow fires have given the place to become clogged up with soot.

Flues of boilers can be cleaned with perfect safety with potato skins, and little potatoes are useful where the fire is hot and the boiler flues are clogged, as the small potatoes will burn quickly, producing a condition that clears the place of anything that may be detrimental to a good draft.

In case of sickness, or at times when a room becomes foul, it may be made much better if a very little piece of potato skin is burned in the room. It is always best to have a window or door open when this is done, so there will be an opportunity for the impurity to get away. The air in rooms so treated is much purer.
