prior to the open season even though such feed and decoys be removed before the season opens."

While Mr. LeCompte's own opinion is that feeding of pintails, baldpates and Canadian geese which sometimes come to Maryland as early as September should not be construed as baiting if the food is placed more than 500 yards from stands, he nevertheless advises compliance with Mr. Gabrielson's ruling. But, he adds, there is no objection to feeding waterfowl after the season closes.

TOWNSEND PLAN

Dr. Townsend advises every member of the Townsend Plan, and all others who want the plan put in operation, young and old, white and colored, to

VOTE FOR

ALFRED M. LANDON — For President
FRANK KNOX — For Vice-President
O. STRAUGHN LLOYD—For Congress

Every Townsendite must see that he and she induces as many other people as possible to vote for the above candidates. Mr. Lemke will not be on the Maryland ballot. Do not write his name on your ballot, for if you do, that will void your whole ballot.

There is no hope for the Townsend Plan if Mr. Roosevelt and Mr. T. Alan Goldsborough are elected; so it is imperative that they both be defeated. We do not consider Mr. Roosevelt a true Democrat anyhow.

The astonishing story of GULFPRIDE

THE WORLD'S FINEST MOTOR OIL

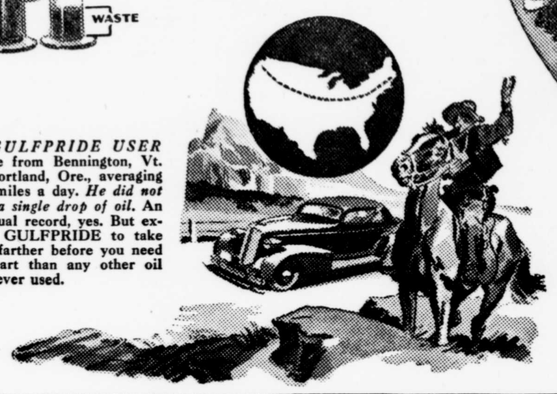
THE results you get from GULFPRIDE OIL can be obtained from no other motor oil in the world!

For only GULFPRIDE is made from choice Pennsylvania crude . . . refined to equal the best motor oils on the market . . . *and then further refined by Gulf's exclusive Alchlor process.*

This process was developed by Gulf after 15 years of scientific research—the kind of painstaking research that is behind every Gulf product.

Read the facts below. Then replace your summer-worn oil with WINTER GULFPRIDE now. At all Gulf dealers.

(Left) *BEATING THE BEST.* No other process refines oil so thoroughly as Gulf's Alchlor process. When a blend of 6 of the finest Pennsylvania motor oils—*already highly refined*—was put through this process, *20% waste came out.* Proof that the Alchlor process makes GULFPRIDE finer than the finest other Pennsylvania oils.



A GULFPRIDE USER drove from Bennington, Vt. to Portland, Ore., averaging 400 miles a day. *He did not add a single drop of oil.* An unusual record, yes. But expect GULFPRIDE to take you farther before you need a quart than any other oil you ever used.

EASTERN AIR LINES' Great Silver Fleet uses GULFPRIDE *only* in every one of its 21 mighty planes. No other oil will do, because no other oil can match GULFPRIDE—the world's finest motor oil—for safety, stamina, and low cost per mile. *That's just as true in your car, too.*
