Dr. Washington Duvall has been nominated by the Democratic party, as a candidate for Congress in the fifth Congressional District.

We invite an attentive perusal of an article which will be found on the first page of to-day's Aurora.—It is an extract from an "Address to the Democrats of Indiana," and is an able and lucid exposition of the principles which have always governed, and still continue to govern, the two great political parties of the present day.

The ceremony of laying the corner stone of a Monument to be erected at North Point, on the ground on which the battle was fought, was performed by the Military and citizens of Baltimore with great pomp and ceremony, on the 12th, the anniversary of that battle. The President of the United States, the Governor of Maryland and other gentlemen of distinction were invited to be present on the occasion.

The steamer "Great Western" arrived in New York on the 12th, after a passage of 16 days.—She beat the British Queen, on their homeward passage, about twenty four hours. The Money Market remains nearly in the same state, but the prospects of the harvest are improved. The most important item of news from England, is the announcement of the intended marriage of Queen Victoria to the second son of Ernest, the reigning Duke of Saxe Coburg Saalfield. There has been no fighting in the East lately,—the five great powers of Europe have taken it upon themselves to settle the dispute between the Sultan and the Pasha of Egypt.

Nield Moore, John Moore and Thomas Moore. *vs.* Elizabeth, John, Hiram and Arthur George Moore	IN CHANCERY, 31st July 1839.

The object of the Bill filed in this cause is to obtain a Decree for the sale of the lands hereinafter mentioned, the same not being susceptible of division.

The Bill states that the complainants together with the defendants Elizabeth, John, Hiram and Arthur George Moore, children and heirs of Levin Moore, are entitled to the one half of certain tracts or parcels of land, lying and being in Dorchester county, called "Button's Desire," "Turkey Point," and "Wolverton," containing in the whole two hundred and thirty four acres—their one half of the same being one hundred and seventeen acres.—That the said complainants are each entitled to one fourth of the said one hundred and seventeen acres, and the said defendants Elizabeth, John, Hiram and Arthur George Moore, children of Levin Moore, are, between them, entitled to the other remaining fourth part of the said one hundred and seventeen acres —That the said lands are incapable of division, and that the defendants are infants under the age of twenty-one years. The Bill then prays for a sale of the said lands —It is also stated by petition that since the filing of the said Bill the complainants have discovered that two of the said defendants, to wit: Elizabeth Moore and John Moore resided out of the State of Maryland.

It is therefore ordered that the complainants, by causing a copy of this order to be published in some newspaper once in each of three successive weeks before the 5th day of September next, give notice to the said non-resident defendants of the substance and object of the Bill, that they may be warned to appear in this Court in person or by solicitor, on or before the 31st day of December next, to shew cause if any they have why a Decree should not be passed as prayed.

IMPROVEMENTS.

IN DENTAL SURGERY.

IT HAS for many years been a great desideratum among European and American Dentists, to manufacture TEETH from incorruptible materials, which should imitate the natural living teeth.

Many have devoted years to unsuccessful experiments, and others have succeeded in manufacturing Teeth of materials similar to the porcelain ware, but generally they have an opaque white appearance, by which they are easily distinguished from the human Teeth.

After long and tedious experiments, the subscriber has succeeded in manufacturing Teeth of materials *entirely incorruptible and perfectly in imitation* of human Teeth. They have a semi-transparency, and are made of various sizes and shades.

In cases where absorption of the alveolar process, or other causes may render it necessary, he will cast of the same materials attached to the Teeth, artificial gums, which shall imitate the Gum and supply the loss of substance.

It is entirely impossible for these Teeth to change their color, or cause fœtid breath.

He will insert them from one to entire sets in such a manner that they will make articulation of the voice perfect, and materially assist in mastication, and so that they cannot be distinguished from the most beautiful natural living Teeth by the most scrutinizing observer.

He also performs all the various operations in Dental Surgery, according to the late scientific improvements in the art.

The following testimonials from gentlemen whose respectability needs no encomium, are respectfully submitted to the public.

From N. R. Smith, Professor of Surgery in the University of Maryland.

Baltimore Oct. 28. 1836.

I have examined specimens of incorruptible Composition Teeth, manufactured by Dr. F. H. Knapp, an ingenious Dentist of this city. In their form, color, etc., they admirably imitate the natural Teeth. Being completely incorruptible by the agents which affect the Teeth, and also apparently very strong, they must be peculiarly fitted for the purpose for which they are designed.

NATHAN R. SMITH.

From Professor Ducatel.

Having examined some Artificial Teeth prepared by Dr. F. H. Knapp, and learned from him what are the principal ingredients that enter into their composition, and the nature of the materials by which they are colored, I am inclined to think that they will prove, as he represents them to be, incorruptible. Dr. Knapp having moreover acquired the art of varying the colors of the enamel which covers his Artificial Teeth, is thereby enabled to impart to them a more natural appearance than such Teeth are usually found to possess; a circumstance that will doubtless render them more acceptable to the public.

J. T. DUCATEL, M D
Prof. of Chemistry in the University of Md

From S. K Jennings, Professor of Materia Medica, Therapeutics, &c in the Washington Medical College of Maryland.

Having been favored with an inspection of a considerable number of Incorruptible Artificial Teeth, which were manufactured by Dr. F H. Knapp, I cheerfully concur in the opinion expressed in respect to them by Professors N. R. Smith and J. T Ducatel.

SAML. K. JENNINGS.

He has also received the most flattering testimonials in favor of his improved Teeth from Prof. Thomas P. Jones, author of Conversations on Chemistry; Prof F. May, Prof H. Lindslay, Prof. J. C. Hall, and Prof. Thomas Sewell, Washington D. C. and very many other gentleman of the first standing in this country.

He offers these Teeth for sale to dentists on the most favorable terms. Teeth, Gold Foil, &c. &c. sent per mail when ordered.

DR. W. EVANS'S CELEBRATED FEVER AND AGUE PILLS.

This wide extended and most admirable Remedy, which has already tendered such benefit, and proved the *only* radical cure for the above-named disorder, is *particularly* recommended to public notice at this variable season of the year. On first feeling the premonitory symptoms occur, it is advisable *at once* to clear thoroughly the stomach & bowels. In no way can this be better and less inconveniently effected, than by taking a few doses of

Dr. Evans's Purifying Pills,

the value and well authenticated virtues of which medicine have been, and still are, too apparent to promote a healthy secretion of the Bile, and render the system capable of receiving with benefit

THE INVIGORATING AND STRENGTHENING PILLS.

Directions are as follows:

Take four of the *Purifying Pills* on the first accession of Fever, and continue the same number every other night, till with the additional use of the *Invigorating Pills*, a permanent cure is obtained.

Take three of the *Invigorating Pills* in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞ The attacks usually occur every other day.

Price One Dollar a pack, containing both kinds of Pills

Sold at Dr. EVANS'S Medical Establishment, 100 Chatham Steeet, N. Y., and by his authorized Agents throughout the Union.

A REAL BLESSING TO MOTHERS.

Dr. W. Evans' Celebrated Soothing Syrup for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ON LOW SPIRITS.

Low spirits has a certain state of the mind accompanied by indigestion, wherein the greatest evils are apprehended upon the slightest grounds, and the worst consequences imagined. Ancient medical writers suppose this disease to be confined to those particular regions of the abdomen technically called hypochondria which are situated on the right or left side of that cavity, whence comes the name hypochondriasis.

Symptoms The common corporeal symptoms are flatulency in the stomach or bowels, acrid eructations, costiveness, spasmodic pains and often an utter inability of fixing the attention upon any subject of importance or engaging in any thing that demands vigour or courage. Also languidness—the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied by a total derangement of the nervous system. The mental feelings and peculiar train of ideas that haunts the imagination and overwhelm the judgment, exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

Causes. A sedentary life of any kind, especially severe study, pratracted to a late hour in the night, and rarely relieved by social intercourse or exercise, a dissolute habit, great excess in eating and drinking, immoderate use of mercury, violent purgatives, the suppression of some habitual discharge, (as the obstruction of the menses) or long continued eruption; relaxation or debility of one or more important organs within the abdomen is a frequent cause.

Treatment. The principle objects of treatment are, to remove indigestion, strengthen the body, and enliven the spirits, which may be promoted by exercise, early hours, regular meals, pleasant conversation—the bowels (if costive) should be carefully regulated by the occasional use of a mild aperient. We know nothing better adapted to obtain this end, than Dr. Wm. Evans' Aperient Pills—being mild and certain in their operation. The bowels being once cleansed, his inestimable Camomile Pills, (which are tonic, anotyne, and anti spasmodic) are an infallable remedy, and without dispute have proved a great blesing to the numerous public.

Some physicians have recommended a free use of mercury, but it should not be resorted to, in many cases it greatly aggravates the symptoms.

HIGHLY IMPORTANT.

☞ Nervous diseases, liver complaint, dyspepsia, billious diseases, piles, consumption, coughs, colds, spitting of blood, pain in the chest and side, ulcers, female weakness, meremial diseases, and all cases of hypochondriacism, low spirits, palpatation of the heart, nurvous irratability, nervous weakness, fluor-albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, sea sickness, night mare, rheumatism, asthma, the doulourenx, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings by a course of Dr. Wm. Evans' medicine.

Also, nausea, vemitting, pains in the side, limbs, head, stomach or back, dimness or confusion of sight, noises in the inside, alternate flushes of heat and chillness, tremors, watchings, agitatation, anxiety, bad dreams, spasms.

Principal Office, 100 Chatham st. New York.

Paralytic Rheumatism—A perfect cure effected by the treatment of Dr. W. Evans.—Mr. John Gibson, of North Fourth st, Williamsburg, afflicted with the above complaint for three years and nine months during which time he had to use crutches. His chief symptoms were excruciating pain in all his joints, that especially in the hip, shoulder, knees and ankles; an agravation of the pain towards night; and for the most part all times from the external heat, in obvious thickening of the fascie and ligaments, with a comple loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceiving it meet to say that the joints have completely recovered their natural tone, and he feels able to resume his ordinary business

☞ *Liver Complaint, Ten Years' Standing.*—Mrs. Hannah Browne, wife of Joseph Browne, North Sixth st. near Second street, Williamsburg, afflicted for the last ten years with liver complaint, restored to health thro' the treatment of Dr. Wm. Evans. Symptoms: Habitual constipation of the bowels, total loss of appetite, excrutiating pain of the edigastric region, great depression of spirits, langour and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, could not lie on her left side without an aggravation of the pain, urine high colored, with other symptoms indicating great derangement of the functions of the liver.

Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Browne procured some of Dr Wm. Evans' invaluable preparations, which effectually relieved her of the above distressing symptoms, with others, which it is not essential to intimate.

The following interesting & astonishing facts, are amongst the numerous cures performed by the use of Dr. Wm. Evans' Medicines, Principle Office, 100 Chatham Street, New York, where the Doctor may be consulted personally, or by letter (post paid) from any part of U. States, &c. Persons requiring medicine and advice, must enclose a Bank Note, or Order.
