RUMORS OF P PLANT.

The Deal Involves chase of Two hu Acres of Land in Quee Annes County.

A well-defin rumor has been fr quently heard during the week that th Du Pont Powder Company of Wilmington is negotiating for the purchase of some 2,000 acres of land along the water front in Queen Annes from Rasin Creek to Double Creek, for the purpose of establishing a powder plant. It may be stated as a fact that negotiations are pending, but no actual sale has as yet been made. This land is situated about two miles from Chestertown, and should the company decide to locate a plant there, Chestertown will see one of the biggest booms in its history. Another rumor says that in connection with this purchase the Du Pont Company proposes to purchase Unicorn or Mallalieu's Mills and use the water power for the generation of electric power. In this event Millington will be made the shipping point, and Millington will get in on the boom. Everything at present is in an embryo state, but it may be stated upon g authority that a deal is on.

NUPTIAL EVENTS.

HAMMOND—KERSEY.

The home of Mr. and Mrs. Wm Kersey, 1425 Jackson, St., Wilming Del., was the scene of a very pr wedding on Christmas night when talented daughter, Mary Eliza became the wife of Mr. John Hamm a prominent young business m Wilmington. The bride was att by her cousin, Miss Mary E. Ste Galena, Md. The bride received beautiful and useful gifts. Fo present the bride and groom will heir home with the brides parent

Corn Shellers!

We bring this very necessary implement to your attention again. We have the small Sheller that fastens on a box and separates cobs and corn for $1.50, then a one-hole Sheller at $4.00; and we can supply the largest Sheller made on short notice. We have a specialty in Shellers, and it is our two-hole Roller Bearing Sheller, with cleaner and separator. Has fly wheel for hand use and belt wheel if power is required. Last year we sold 14 of these Shellers. Have them in stock now, and if you are even thinking of having use for a Sheller of this type, come and see it.

Feed Mills!

We have sold so many "NEW HOLLAND" Feed Mills, and have been selling them for so many years, it seem hardly necessary for us to do more than to call your attention to the fact that we carry them in stock. When we say there is no better Mill made, we know it cannot be successfully contradicted. Even its competitors admit it is the best Mill on the market. We have one 6-inch plate as low as $12.00, and then the 6½-inch and 8-inch sizes are here ready for your order.

Yours to serve
Davis & Satterfield,
