A PARABLE.

Gen. MURPHEY, of Ohio a delegate to the National Convention, addressed the great meeting at Harrisburg, which responded to the nomination of Gen. Harrison. He wound up his remarks with the following parable:

The mother of a family, he said, became very sick, and lay at the point of death The family consisted of the father and mother and three sons—WILLIAM, HENRY and WINFIELD. They were much distressed, and it being necessary to send for the physician, the question arose which of the three sons should be sent upon the errand. They were all anxious to go, and after deliberately weighing the subject in his mind the father came to the conclusion that WILLIAM should be sent, not from any disrespect to the others, but because he had run over the road once before, and because HE COULE RUN THE FASTEST. If the mother got sick again, he said, then he would send one of the others, but as the present was a very urgent occasion he must send William. The cause of the sickness of the mother, said Mr. M. was—she had been poisoned by the Cooks in the kitchen.

GODEY'S LADY'S BOOK.

EDITION—25,000---MONTHLY.

More than sixty Figures of Fashions each year.

MRS LYDIA H. SIGOURNEY,

Whose name is so intimately connected with the Literature of our country, and who has justly been termed by the contemporary press, THE HEMANS OF AMERICA, will assist Mrs. HALE in the editorial department. It is with feelings of the greatest pleasure that the publisher of the Book makes this announcement. The editorial corps will now consist of Mrs. SARAH J. HALE, Mrs LYDIA H. SIGOURNEY, and LOUIS A. GODEY. Mrs. Sigourney will commence her valuable aid with the January number. The Lady's Book has always been noted for the purity of its contents—that marked distinction which characterizes it shall still be preserved; indeed, with such conductors, it will be impossible to go astray.

GODEY'S BOOK

Has been emphatically termed THE LADIES NATIONAL MAGAZINE, as it is a receptacle for the contributions of the most celebrated female writers of America, most of whom of any eminence contribute to its pages. For a list of the names of the Contributors, see October cover of the work.

Twenty Volumes have already been issued. It is usual to announce that a small edition only will be published. Contrary to this, the Proprietor of the Lady's Book announces that he will publish an immense edition, with which he hopes to supply all those who will favor him with orders, commencing with the January number.

It will be seen by this advertisement that every effort has been made by the proprietor of this work to make it superior to any other in America; and as

A NEW YEAR'S GIFT,

The Lady's Book is probably the most proper that could be desired for Ladies, edited by their own sex, and assisted, as the Editorial Department is, by the Pictorial Embellishments, it is positively the Boudoir Companion.

There are other publications that advertise Fashion Plates. The Publisher of the Lady's Book wishes it to be distinctly understood that the principal Fashions in his work are colored, and in every number, which is not the case with any other work published in this country.

Uncolored Plates of Fashions, also, monthly This is a novel feature in the work, and as it is no great expense to give plates of Fashions, without Coloring, the Publisher will give from three to six figures each month, in addition to the three Colored—this will make in all, generally, about

Nine figures of Fashions Monthly.

LARGE PATTERNS AND PATTERNS OF EMBROIDERY

Will be published at regular intervals. The beautiful ornaments—particularly the former—have given great satisfaction.

The Musical department is under the superintendence of J. G. Osborne, than whom no person is more capable of doing it justice.

The Literary Department is placed under the superintendence of Mrs. Sarah J. Hale and Mrs. Lydia H. Sigourney; two ladies so well known to the world that to mention their names in connection with any publication is at once a guarantee of its morality, virtue, and utility. Of their capability to conduct the Lady's Book it is presumed no person will doubt, and the proprietor mentions with pleasure that no English or American Magazine can publish in connection with its Literary Department two names so celebrated in the world of letters

FAC SIMILES.—A great deal of curiosity is often expressed to see the Chirography of celebrated persons. We shall endeavor as far as lies in our power to gratify this feeling, by giving from time to time correct imitations of the most celebrated Female writers of the day.

GENERAL FEATURES.—Literature, Tales, Essays, Legends, Romantic Incidents in History, Extracts from the Old Poets, Reviews, Poetry, Female Education, Embellishments, Fashions, Colored and Uncolored, Lace, Embroidery, Fac Similes, Music, &c. &c.

More than Sixty Figures of Fashions yearly, colored and uncolored, the Proprietor being determined to consult all tastes—Any embellishments to be found in any other Magazine may be looked for in the Lady's Book.

INCREASE OF SUBSCRIPTION.—In 1838 we published 10,500 copies; during the months of January, February, and March 1839, we increased the list to 13,500, and had then to reprint three numbers and increase to 15,000 With the next volume, we advanced to 17,000, and we now print

25,000 COPIES MONTHLY,

Probably the greatest monthly list of subscribers in the world.

Our Reading Matter is about the same in quantity as any similar production, probably a little in favor of it, and succeeding numbers will be printed on an entirely New Type, cast expressly for the work, and will be found on inspection to be a truly beautiful letter, not too small to be read with ease, nor too large to prevent the usual quantity of matter given in each page. The paper is of the finest quality for periodical use. Indeed, the typographical execution has long been a subject of congratulation with those best acquainted with these matters.

BUSINESS DEPARTMENT.—The price of the publication is Three Dollars per annum Two copies for Five Dollars. The money to be positively received before a number is sent. No letters will be taken from the Post Office unless the postage on them is paid. Unless positive orders are given at the time of subscribing, the work is continued after the first year, and if not paid during the year, the price will be increased to Four Dollars.

For the convenience of persons wishing to subscribe for any of the following publications—Burton's Magazine—The Saturday Courier—Saturday Chronicle—Alexander's Weekly Messenger—Saturday Evening Post and News—they will be furnished with the Lady's Book, and any one of these publications one year, upon the receipt of Five Dollars, free of postage.

To render Burton's Magazine the most desirable monthly publication for the next year, the Proprietor, in addition to the promised articles from his powerful list of Contributors, ensures a series of Papers of Original value, from the pens of the best Authors in the United States. To perfect this arrangement he offers

A PREMIUM OF $1,000!

In befitting sums for articles of value, written expressly for the Magazine; and sent in, postage free, before the expiration of the month of February.

250 dollars for a series of Five Short Tales, illustrating the events of distinct periods in the History of North America, or developing the habits and manners of the present day in various portions of the Union.

200 dollars for the best Tale of pathos or interest.

100 dollars for the most Humorous Story, or Characteristic Sketch.

100 dollars for the best Serious Poem, of not less than 200 lines.

100 dollars for the best Humorous or Satirical Poem

100 dollars for the best Essay on any popular subject connected with Science or Belles Letters.

100 dollars for the most graphic Memoir of any living American of celebrity, divested of all political or sectarian doctrines.

50 dollars for the most interesting Sketch of Foreign Travel.

The Editors do not intend insult the competitors by referring their productions to the scrutiny of a committee of literary gentlemen' who generally select, unread, the effusion of the most popular candidate as the easiest method of discharging the onerous duties. Every article sent in will be carefully perused by the Editors alone—and as they have hitherto catered successfully for the taste of their readers, and daily sit in judgment upon literary matters connected with the Review department, it is supposed that they possess sufficient capability to select the worthiest production offered to their notice. All papers, poems, tales, et cetera, sent in with a claim to the Premiums, will become the property of the Magazine—but no article will be printed without some return being made to the writer.

All Letters sent, Post Paid,

W. E. Burton, Dock street, opposite the Exchange, Philada.

*** To accommodate our country friends who may wish to subscribe for our work and many other Philadelphia periodicals, we will receive a Five Dollar Bill, postage free, for one year's subscription to Burton's Magazine and Godey's Lady's Book (also three dollars a year) or the Saturday Courier, or the Saturday Chronicle, or Alexander's Weekly Messenger

PULMONARY CONSUMPTION CAN BE CURED.

Dr Higbee: Dear sir—I think it a duty incumbent upon me which I owe to you and the world, to make this statement of facts, which I am ready and able to prove. My daughter Eliza 17 years of age, was labouring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption and incurable. She had a continual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs, loss of appetite, could not sleep long by continual coughing, shortness of breath, and discharging from the lungs. My daughter was confined three weeks to her bed, we had to stay by her night and day, expecting every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine.—She took about five bottles of it; and she is in as good a state of health as she has been for a number of years I have recommended your medicine to several of my acquaintancee; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs Hart, in Callowhill st. at the Post Office; Mr. John Stanecliff, keeper of the prison at Cherry Hill. These are persons I recommended your medicine to, and you can can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill st. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of the other persons named.

WM. CONSTABLE.

We the undersigned do assert the above statement to be true, for we were eye witnesses to the whole facts.

Philadelphia, April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a ficticius letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishing fact, and more so when they saw some of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty-two years of age, who was perfectly cured by taking Dr. Higbee's medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter. When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as a curable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Messrs. Stokes and Brown, in Market st. If any persons doubt my statement, they will please call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for I expect to stand before the judgement seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other person, to make these statements, and I repeat them in order to remove the doubts from every mind.

WM. CONSTABLE.

No. 315 Callowhill st. between 8th & 9th.

☞ The author of the above letter is well known as an honest and upright man and a sincere Christian having for many years been a citizen of Philadelphia and an exemplary member of the Methodist Church It is but an act of justice to Dr. Higbee, to say, that the above statement was unasked for, and that Mr. Constable wrote it because he believed that by so doing he might be the means of saving many valuable lives which under the usual practice would inevitably be lost. Dr. Higbee's medicine, which continues (though not offered as a panacea) to perform the most astonishing cures in Chronic diseases of the lungs, throat, liver, kidneys, &c &c. may be obtained at the residence of the Proprietor, 37 North Fifth st. CELEBRATED FEVER AND AGUE PILLS.

THIS widely extended and most admirable Remedy for Fever and Ague, and other Fevers, which has already rendered such benefit, and proved a sure and speedy cure for the above named disorders, is particularly recommended to public notice.

On first feeling the premonitory symptoms occur, it is advisable at once to clear thoroughly the stomach and bowels. In no way can this be better and less inconveniently effected, than by taking a few pills of

Dr. Evans's Purifying Pills

the value and well-authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receiving with benefit

The Invigorating & Strengthening PILLS.

DIRECTIONS ARE AS FOLLOWS:

Take four of the Purifying Pills on the first accession of Fever, and continue the same number every other night, till with the additional use of Invigorating Pills, a permanent cure is obtained.

Take three of the Invigorating Pills in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞ The attacks usually occur every other day.

Price One Dollar a pack, containing both kinds Pills.

Sold at Dr. EVANS'S Medical Establishment,

A REAL BLESSING TO MOTHERS.

Dr. W. Evans's Celebrated Soothing Syrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the children will recover. This preparation is so innocent so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores.—Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ENVIABLE DISTINCTION.

In the midst of a general, and in many instances not unfounded prejudiced against many of the medical remedies of the day, DR W. EVANS' Pills have the enviable distinction of an universal approbation. They are perhaps the only medicine publicly advertised, that has the full and unreserved testimony of medical men in its favor; if not the only one which gives full satisfaction to its purchasers. DR. W. EVANS has the satisfaction of knowing that the Camomile or Tonic Pills are not only regularly recommended and prescribed by the most experienced physicians in their daily practice but also taken by those gentlemen themselves, whenever they feel the symptoms of these diseases in which they know them to be efficacious. He knows this to be generally the case in New York, Philadelphia, Albany, Boston, and other large cities in which they have extensive sale. That they should thus conquer professional prejudice and interested opposition, and secure the agency of the most eminent and best informed physicians in the country to render them useful to all classes, can only be fairly ascribed to their undeniable and preeminent virtues.

Enviable, however, as this distinction is, it can easily be accounted for from the intrinsic and peculiar properties of the medicine itself. It does not pretend to too much, and it accomplishes all that it promises Dr. W. Evans does not pretend, for instance, that either his Camomile or Aperient Pills will cure all diseases by merely purifying the blood, but he certainly does pretend, and has the authority of daily proofs for positively asserting that these medicines, taken as recommended, will cure a gread majority of the diseases of the Stomach, Lungs and the Liver by which impurity of the blood is occasioned. The blood is made from the contents of the stomach; has its red color and vitally given it by the action of the lungs, and as it performs its duty in circulating through the veins and arteries, has its yellow billious or excrement, which may be termed its refuse or worn out sediment, collected and discharged by the liver. These viscera, then, are the anatomical mechanism or apparatus by which the blood is manufactured and preserved; and it is therefore obvious that the state of these should be the first consideration of the physician. Now are there various
