
Imagine the happiness of the women who get Hoosier Cabinets this Holiday season

Think of the joy of preparing over a thousand meals a year with a saving of half the time and energy.

Your wife will appreciate this Hoosier Cabinet as a million other women do.

You may not know why the Hoosier has such a marvelous sale—but she knows.

She knows about the sanitary sliding table of pure aluminum or porcelain—the spotless white cupboards uncluttered by partitions. She knows how the utensil tray and deep metal drawers save time, how the shaker flour sifter avoids grit and won't wear out; how the metal caster sockets make it easy to move without breaking casters. The food guide, calendar and pencil holder are among the 40 labor-saving features that give the Hoosier unrivaled supremacy for her.

So we gladly guarantee that if she isn't delighted with the Hoosier for Christmas we'll refund every penny.

And you can start now on the remarkably liberal terms of $1 down and $1 per week.

NOTICE TO THE PUBLIC.

Having accepted a State position, I have arranged with Mr. Edgar P. Beck, to take care of my Insurance business during my absence from Chestertown. Mr. Beck is an experienced Insurance man, and I am confident he will look after the interest of my patrons faithfully and well. All my business and the companies I represented have been transferred to his agency. Thanking you for past favors and hoping to retain your business, I am,

Very truly yours,
9-tf J. ARTHUR BRADLEY

MUST DECLARE VALUE OF LIVESTOCK.

New Shipping Rule Placed in Effect by Pennsylvania Railroad.

Important changes in the rules governing the shipping of live stock have been inaugurated on the railroads east of the Mississippi and north of the Ohio river on January 1. The changes are made necessary under the requirements of the Cummins act.

Just as under the Cummins act the railroads are compelled to have the passengers declare the value of all baggage checked, so in the case of live stock must the shipper state the value of his stock, and the rates charged will be on a sliding scale according to the valuation given. The valuation governs the limit of liability of the railroad.

Under the new regulations the maximum liability assumed by the railroads at the lowest rate is $250 for a horse, $150 for bulls and steers, $100 for a cow, $25 for calves and hogs and $10 for sheep, lambs and goats. If a higher valuation than these are given, the rate will be increased 5 per cent. for every 50 per cent. or less increase in valuation.

At various points on its line the Pennsylvania Railroad is holding meetings of live stock dealers to acquaint them with the new regulations.

Rock Hall Items.

HELD FROM LAST WEEK.

Christmas passed off very quietly in Rock Hall.

Miss Anna Legg, who has been studying at the Normal School in Baltimore, spent the holidays with friends and relatives in this town.

Miss Frances Howard, of Chestertown, was a Rock Hall visitor this week.

Master Joseph Sewell, student of McDonough School, was in town this week with his grandmother, Mrs. Mary Ashley.

Ed. Smith, son of Charlie Smith, enlisted in the U. S. Army last week. He will take up his duties as a soldier, soon after the holidays, in the South.

Notwithstanding the bad weather there was a large crowd waiting for J. M. Blaustein to open his store last Wednesday morning. He had several clerks and they could not wait on the crowd. This re-adjustment sale will last for several weeks, and every one needing anything in the line of suitings, dry goods or shoes will do well to call at the store.

The Mechanics have lately erected a storm shield in front of their hall to prevent the heavy winds from breaking the doors off the hinges. Several times this has occurred.

One or two of the larger boats were sent ashore during the storm of a few days ago.

Mr. Blaustein has leased the K. of P. Hall in Piney Neck, where he will open a general store in the very near future.

Christmas exercises were held in the Rock Hall M. E. Church last Tuesday evening. There was a large crowd in attendance and bags of fruit and candy were given to all the members of the Sunday school. There are more than 500 members in this school.

Horticultural Society.

The Peninsula Horticultural Society will meet in Easton, Md., January 11, 12 and 13. This meeting always opens the second Tuesday of every year and continues three days. This year an unusually good program has been arranged. Prof. Whitten, of Missouri, will make three addresses during the session. Prof. Symons, Prof. Shaw, Prof. Cory and Prof. Temple, of the Maryland Experiment Station, will all talk on very practical subjects connected with fruit growing. The prevalence of fire blight on apples and pears the past session will make this subject of great interest. Prof. McCue, of Delaware, will discuss peach growing. Prof. Farley, of New Jersey, will also make an address. Dr. Patterson will discuss horticultural education, which is now a very timely subject. The Bureau of Markets, of Washington, will send a man to talk on that subject, and the Department of Agriculture will send an expert on spraying. In addition to these the best practical fruit and vegetable growers of the peninsula will be on hand to talk over their problems. Every farmer in the two States should plan to attend this meeting.

A Notable Achievement.

It may interest our readers to know that one of the greatest engineering undertakings ever attempted in railroad construction is being successfully pushed to completion in the heart of the Rocky Mountains by a native of Princess Anne, Mr. Arthur Crisfield Dennis, who is a relative of former Judge James A. Pearce, of this town. The work in question is the Reger's Pass Tunnel, six miles long in British Columbia, desinged to afford the Canadian Pacific Railway an easier grade on its main trans-continental line. Mr. Dennis is the chief constructing engineer.

For War Hospitals.—The Maryland Red Cross Auxiliary has been asked to assist in the collection of pillows and feather beds—to be made into pillows—to be sent through the agency of Mrs. John W. Garrett, of Paris, to the War Hospitals of Europe. Any one desiring to assist in this worthy cause may communicate with Mrs. Garrett at the Arundell Club, 1000 N. Charles street, Baltimore.
