THE GENIUS OF DEATH.

BY CROLEY.

What is death? 'Tis to be free!
No more to love, or hope, or fear,
To join the great equality;
All alike are humbled there!
The mighty grave
Wraps lord and slave;
Nor pride nor poverty dares come
Within that refuge house, the tomb!

Spirit with a drooping wing,
And the ever weeping eye,
Thou of all earth's kings art king!
Empires at thy footstool lie!
Beneath thee strewed
Their multitude
Sink, like waves upon the shore;
Storm shall never rouse them more!

What's the grandeur of the earth
To the grandeur round thy throne?
Riches, glory, beauty, birth,
To thy kingdom all have gone.
Before thee stand
The wond'rous band,
Bards, heroes, sages, side by side,
Who darkened nations when they died!

Earth hath hosts; but thou canst show
Many a million for her one;
Through thy gates the mortal flow
Has her countless years rolled on;
Back from the tomb
No step has come;
There fix'd, till the last thunder's sound
Shall bid thy prisoners be unbound!

Prince Talbyrand, died on the 17th May. The greatest attention and personal respect was shone to him by Louis Philip, and his family. The Courier Francais says:—"He quitted life with a calmnes that could not have been exceeded by the purest conscience. In death he went out of the world like a true courtier, by using flattering words to his King, and like a true diplomast, by negotiating with the Pope, with whom, as a consecrated bishop, a married priest, and excommunicated Catholic, he had many accounts to settle."—Md. DEATH OF AN ACTRESS.—Great excitement prevailed in New York on Saturday last, in consequence of the death of Miss Missouri, a young lady of sixteen, who has been under the pupillage of Mr. Hamblin, and who lately made a most successful debut at the National Theatre. The verdict of the jury who examined the body was that she came to her death by inflammation of the brain, caused by great mental excitement, induced jointly by the violent conduct of her mother and the publication of an abusive article in one of the papers of that city.—Del. Gaz.

"We shall not enforce the Cherokee treaty at present," says the administration.—"We shall," says the people of Georgia.

The editor of the Shippingsburg Herald has returned from his third tour, having gained ed ten pounds each trip, besides a goodly number of subscribers, a large supply of vegetables, whiskey, cider, apple jack, one live hog, &c. The Herald will now be published regularly as long as his "naval stores" last. We regret our limits will not permit us to give his *graphic* description of his reception among his country cousins. The tours were performed on foot, and he was treated so kindly that he kept eating from the time he commenced until he returned, having his pockets stuffed at every place he stopped, with "cold wittals." Several places he was taken for a single man, and offers of marriage made him, "on account of his goods looks." In short he lived like a lord, and his trips never cost him one cent. Every body said he was "such a nice young man."—*Balt. Sun.*

MESSRS. EDITORS—We beg leave to recommend to the whigs of Dorchester county, our late Senator, William T, Golds borough as a suitable person to represent this county in the next Senate of Maryand. Mr. G. sustained himself with much ability as a member of the late Senate. The election of the Senate by an electorial college having been objected to as a very obnoxious feature in the old Conution, Mr. G. with the other members of the late Senate, legislated himself out of office, in order to give immediate effect to the new Constitution, and by so oing, has evidenced a perfect willingnes o submit his claims to office to the direct ecision of his fellow citizens. Should he Convention to whom the selection of candidate will be submitted, decide favor of Mr, Goldsborough, we have o doubt his nomination will be approved by a large majority of the citizens of s native county.

MPORTANT TO FARMERS.

A NEW AND IMPROVED PORTABLE

HORSE POWER AND THRESHING

MACHINE.

Having obtained Letters Patent, bearing date Feb. 6th 1838, for an improvement on a PORTABLE HORSE POWER, for propelling Threshing Machines, Clover Mills, Small Grist Mills, &c.

The subscriber takes this method of informing the public, that he will be prepared to supply all orders at the shortest notice. The superiority over other machines, consists in ease of operation, durability and simplicity. Being constructed principally of iron, both Horse Power and Thresher, the bearings being surrounced with oil cups, which retain oil sufficient for one day, without replenishing, supercedes the necessity of hourly application of oil, which renders other machinery so liable to injury from neglect, and hazardous to those who may superintend them, consequently produced by applying oil during the opperation or from neglect of its mechanical construction. The vertical and horizontal bearings are supplied with oil by nutrition and cappillary which is a great saving of oil, and prevents them from becoming dry and injuring the machine, which is so detrimental to other machinery. The Horse Power occupies the space of 3 feet by 3 feet 6 inches, which contains the moving machinery. This machine will thresh all kinds of grain, it also answers the purpose of cleaning clover seed, and with my late improvement is far superior to my former machines.

This machine can be transported in a common cart or wagon, without any inconvenience. A further description is deemed unnecessary, as those who would wish to purchase, will call and examine for themselves. The subscriber has constantly on hand the above described machines, at his manufactory, north of Brandywine village, Del. where orders will be received and the machines sent to any part of the neighboring states. Hundreds of certificates can be produced that it is superior to any thing of the kind they have yet seen.

References as to the superiority of this machine may be had in the surrounding counties of Philadelphia, Montgomery, Delaware Chester and Lancaster, Pa.; New Castle, Kent and Sussex, Del.; and Cecil, Kent and Harford, Md.; Salem, Cumberland, Gloucester and Burlington, N. J., where these machines have been justly celebrated and given entire satisfaction.

Pulmonary Consumption Can be Cured.

The following letter, addressed to Dr. H. H. Higbee, by Mr. Wm. Constable, a pious member of the Methodist church,) 315 Callowhill street, will show that Dr. Higbee's Remedy, though it is not and never has been offered as Specific, is deservedly ranked among the most extraordinary discoveries of modern times. The testimonials daily received of the astonishing efficacy of this medicinal compound, are conclusive proofs that Dr. Higbee's system of Treatment of Chronic diseases, (discovered, as it was, when the inventor was himself, to all appearance, laboring under the most fatal variety of pulmonary consumption,) is founded on correct principles.

Philadelphia, Jan. 15th, 1838.

DR. HIGBEE:

Dear Sir—I think it a duty incumbent upon me, which I owe to you and the world, to make this statement of facts, which I am able and ready to prove. My daughter Eliza 17 years of age, was laboring under a distressing cough, and bleeding of the lungs. We had the advice of physicians, and she was pronounced in the highest stage of consumption, and incurable. She had a continual pain in her right side, cough from a half to one hour at a time, and discharge more than a pint of corruption per 24 hours, and discharges of large quantities of blood, which the Doctor pronounced to be from the lungs loss of appetite, could not sleep long by the continual coughing, shortness of brinth, and discharging from the lungs. My daughter was confined three weeks to her bed; we had to stay by her night and day, expecting every minute to be her last. I providentially saw your advertisement in the papers, and the respectable signers to it. I felt a strong inclination to purchase a bottle; and in three days after she commenced taking your medicine, she was able to dress herself and walk down stairs, and her cough left her. It is now about ten months since she began to take your medicine. She took about five bottles of it; and she is in as good a state of health as she has been for a number of years.—I have recommended you medicine to several of my acquaintances; they have all found immediate relief. I refer you to John Greenleaf, between Jarman and Milestown, Mrs. Hart, in Callowhill st. at the Post Office; Mr. John Staneclift, keeper of the Prison, at Cherry Hill. These are persons I recommend your medicine to, and you can refer any person to them for the particular benefit received from taking your medicine. I live in Callowhill street, No. 315, near Ninth, where you may refer them to me, and they can have every particular, and see my daughter, or apply to any of theother peaons named.

WM. CONSTABLE.

We the undersigned, do assert the above statement to be true, for we were eye witnesses to the whole facts.

William Sinkler and Mary Sinkler, Race street, near Tenth.

H. D. Welsh, and Jane M. Welsh, Garden st., between 8th and 9th.

Martha Ostler, and Mary Ostler. No. 361 Callowhill st.

Philadelphia April 14th, 1838.

Messrs. Editors—I wish through your paper to remove a wrong impression from the minds of many who think the letter I wrote to Dr. H. H. Higbee, is nothing but a fictitous letter with borrowed names attached to it; for many who have called on me were under the same impression—but when they saw my daughter, they found it was no deception but an astonishig fact, and more so when they saw some of the other persons referred to in my letter; but in particular, John Greenleaf, a man sixty two years of age, who was perfectly cured by taking Dr. Higbee medicine, when he was reduced almost to a skeleton by a violent cough, and discharging of blood from the lungs, in a similar way as my daughter.—When I saw the effect the medicine had on my daughter, I strongly recommended it to him, and with difficulty I prevailed on him to try it, for he said he was given up as incurable by his Physician, and that he had tried almost every kind of medicine before and found no relief from any. I did not know Dr. Higbee, nor had I ever seen him at that time. I have no interest in selling the medicine—I am no agent direct or indirect. I purchased Dr. Higbee's medicine (previous to his removal to this city) of his agents. Mysers. Stokes and Brown, in Market st. If any persons doubt my statement, they will please to call on me, and I will give them satisfaction, for I have no other motive in view but that the afflicted may find speedy relief. You may depend on these statements to be true, for as I expect to stand before the judgment seat of Christ, to give an account for the deeds of my life, I have made these statements, knowing them to be true. I have not been solicited by Dr. Higbee, or any other prson, to make these statements, and I repeat them in order to remove the doubts from every mind.
