The Admission of Oregon.

The affirmative vote in the House of Representatives, on Saturday, on admitting Oregon into the Union, consisted of 99 democrats and 15 republicans. Among the former were Messrs. Bowie and Stewart, of Maryland, and among the latter were the following: Messrs. Billinghurst, Colfax, Comins, Cragin, Curtis, Foster, Horton, Kilgore, Kunkel, (Pa.,) Leiter, Nichols, Pettit, Thayer and Wood. The negative vote consisted of 20 democrats, 10 Americans and 73 republicans. Messrs. Davis, Harris and Ricaud, Americans, of Maryland, voted in the negative. Mr. Kunkel, democrat, of Maryland was absent. The entire delegations of South Carolina and Alabama, with Bryan, of Texas, and Millson and Smith of Virginia, voted against the bill. Horace F. Clark and John B. Haskin, of New York, were the only anti-Lecompton democrats who voted against it. The two United States Senators from this State are Gen. Joseph Lane and Hon. Delazon Smith, and the representative is the Hon. Lafayette Grover—all democrats. The President having signed the bill, they took their seats yesterday.—*Baltimore Sun of Yesterday.*

Of Corn 15,000 bushels yellow and 9,100 bushels white offered, and mostly sold at 74a76 cents for white, and at 73a75 cents per bushel for yellow. A Runaway Match.

[Correspondence of the N. Y. Express.]

WASHINGTON, Feb. 7.

Quite an exciting little incident occurred yesterday at the National Hotel. As dinner was just about over, the ladies were summoned from the dining room to the parlor. Of course the gentlemen followed, none of them, however, knowing what was to take place until they reached the scene of action. There were the Rev. George W. Samson, and before him stood a blushing maiden and her brave laddie.

The marriage ceremony was pronounced in a very impressive manner; the maiden and her companion pledged their troth, and the clergyman declared them "one flesh."—They seemed considerably relieved when they found the thing done, and that it could not be undone, and then it came out to the amazement of all that they were runaways, of the F. F. V.'s, who had been opposed by "the old ones" in their matrimonial intentions, and had just arrived from the Old Dominion, whence they had come to escape the persecuting opposition of their guardians.

The condition of the bridegroom's toilette showed clearly that he had been in something of a hurry. As soon as the case became generally known, the happy pair were congratulated upon their "spunk," received the good wishes of the company, and departed. It was quite a relief to the monotonous routine of hotel life.

RICH WIDOWS.—The New Orleans Delta mentions, under the head of "Rich Freight," the arrival of a steamboat from Red River with several passengers, among them eight widows, whose aggregate wealth amounted to $5,000,000. One of the ladies is the owner of 600 slaves, and the others make a crop of 300,000 bales of cotton.

A LECTURE.—James E. Murdoch, Esq., the tragedian, delivered a lecture on Friday evening last, at Easton, Md., before the Young Men's Christian Association. The Easton Star says it was "an intellectual treat seldom enjoyed by the denizens of our inland village."

Hon. A. H. Stephens, the able and distinguished member of Congress from Georgia, will, it is stated, withdraw entirely from the public service for the remainder of his life, after the 4th of March.

Prescott's History of Philip the Second, of which three volumes have appeared, will be completed by Mr. Kirk, his amanuensis.

Cambridge Eagle and the Congressional Nomination.

The Cambridge Eagle seems to have been powerfully exercised for some weeks past upon the subject of the Democratic Congressional nomination for the approaching canvass. That paper, with an extraordinary keenness of perception, having discovered (what nobody else dreamed of) a feud existing between the regular old Democrats and those Whigs who have so nobly sustained the Democracy of this district in its battles against the proscriptive dogmas of "Know-Nothingism," goes into ecstacies at the supposed discovery, and is already exulting at the prospect of a Know-Nothing victory this fall. We have no doubt the Eagle would be delighted at a division in the Democratic ranks, for every one knows that the chances for electing a Know-Nothing successor to our present very able representative, (JUDGE STEWART,) depend alone upon such division. But we think the Eagle rather premature in announcing the discovery, even were it true; and we confess our obligation to that paper for reminding us that such a thing were possible. We feel quite sure that the Democracy of the district will profit by the warning. From the Eagle of the 19th ultimo, we extract the following:

"We stated last week, that rumor asserted a combination of old line Democrats had been formed, for the purpose of defeating Judge Stewart, in the Congressional Convention this Summer. That this rumor is true, we had not then, and have not now, a shadow of doubt. We have since then heard from Somerset, Worcester, and other parts of the District. We learn that great excitement already exists in the lower counties, in reference to the successsor of Judge Stewart."

We have no means of knowing from what source the Eagle has obtained this information. Nor are we able to say anything of the state of feeling upon this subject in the adjoining county, (Worcester,) but we are amazed to hear of the "great excitement" in Somerset.

We have been intimately connected with the Democracy of Somerset for the last ten years, and we can safely say that during the whole time we have never known a more thorough political calm than prevails in the Democratic party at this time. We have not heard a word upon the subject of a Congressional candidate for twelve months, and we feel sure that four-fifths of our party friends had scarcely thought of it. It may not be very gratifying intelligence to the Eagle, but it is nevertheless true, that the Democrats and Whigs of Somerset were never more thoroughly united in opposition to the political heresies of the self-styled American organization than they are likely to be in the approaching canvass. —*Somerset Union.*

There will be a total eclipse of the moon on the 17th of this month, early in the morning, visible throughout the United States.

WHY WILL YOU DELAY?

Why will you neglect that disease which is taking such deep root, and which gives you warning by that hacking cough, that you are fast ripening for eternity? Why encourage that pain in the side, the raising of blood, those night sweats, or that difficult breathing, which silently whisper in your ear that something must be done to save you from the grave of the consumptive? Why act so carelessly by permitting that disease to destroy your health, and hasten you to the tomb from whence no traveler ever yet returned?

SILENCE THAT DREADFUL COUGH!

Or death must carry you to your silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water, woen rolled up by the dirt or mud, if clear water constantly flows through the springs, impurities or mud will be conveyed away by the pure water. Just so with the blood when kept in a clean or pure state; as it constantly flows through the lungs, it carries away all corrupt matter, and perfect health will be the result. From two to four Pills taken every night or every other night, for enough to keep the bowels regular will in a reasonable time cure consumption. The reason these pills are used more than all others, is because they are made of purifying vegetables, and cleanse the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than any other Pills.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

Wistar's Balsam of Wild Cherry.

THE GREAT REMEDY FOR CONSUMPTION AND ALL OTHER DISEASES OF THE PULMONARY ORGANS.

The greater the value of any discovery the higher it is held in the esteem of the public, and so much in proportion is that public liable to be imposed upon by the spurious imitations of ignorant, designing and dishonest men.

Now that this preparation is well known to be a more certain cure for incipient CONSUMPTION, ASTHMA, LIVER COMPLAINT, COUGHS, BRONCHITIS, and all similar affections, than any other remedy known, there are found those so villainously wicked as to concoct a spurious, and perhaps a poisonous mixture, and try to palm it off as the genuine Balsam.

This is to caution dealers and the public generally, against purchasing any other than that having the written signature of I. BUTTS on the outside wrapper.

HOLLOWAY'S OINTMENT AND PILLS.

In ulcerous disorders, when the vitality of the parts affected is partially destroyed, Holloway's renovating ungnent renews in the paralyzed flesh and corroded blood the elements of reproduction. While penetrating through the absorbents to the unseen source of the disorder, it opens the pores for the exhalation of the viscid and purulent matter near the surface, and imparts a degree of vigor to all the external vessels, which enables them radidly to replace the corruption thus discharged, with sound flesh. All gatherings, sores, biles, glandular suppurations, etc., are readily cured in this way, the cure being assisted and expedited by the internal operation of the Pills.

WITH the view of securing the largest possible circulation among the masses of the people, the proprietors of THE STATES have determined to reduce the price of the *Weekly* paper to

THE STATES will be conducted with an exclusive regard to the principles of the State-rights Democracy, will be independent of factions, and unbiassed by partial interests—in short, will continue on the line it has pursued under its present management. Located at the Federal Capital, THE STATES has great advantages over other journals in procuring important and valuable information relating to the *affairs of government*. Its central position also enables it to procure at the earliest moment the latest foreign and domestic news, and in its columns will always be found matters of interest appertaining to Literature, Agriculture and Commerce.

The price of subscription is fixed so low, that it brings the paper within the reach of every person who desires a good and reliable newspaper. We therefore appeal to our Democratic friends throughout the country to aid us in securing THE STATES an extended circulation.

To those who will take the trouble of getting us up a *club of ten subscribers*, at the rate of ONE DOLLAR PER YEAR for each subscriber, we will send a copy of the WEEKLY STATES for one year *gratis*.
