OXYGENATED BITTERS IN EUROPE.—From Rev. L. Doolittle, a highly respectable Clergyman:

PARIS, Nov. 1, 1852.

Dear Sir,—About two years since I made use of a few bottles of your Oxygenated Bitters, for a stomach complaint which was at that time relieved.

Since my stay in England and France, I have found my old enemy, irritability of the stomach, returning again. I have not found any prescription to afford me relief, and I made inquiries in London for your Oxygenated Bitters, but could not find any. I write now to beg you will do me the favor to send by the earliest steamer to Havre, half a dozen bottles.

An old friend of mine in England, Captain Jackson of the British Army, I found, on my arrival, suffering from Asthma, manifestly the result of dyspepsia. Send an additinal half a dozen bottles, I should like to have the Captain try the medicine.

I am not aware that my name is known to you, I have been the resident Clergyman for some twenty-three years, in Sherbrook and Lennoxville, Canada East, to which charge I hope to be able to return in the spring. I remain, dear sir, your obedient servant,

L. DOOLITTLE.

HOLLOWAY'S OINTMENT AND PILLS. a wonderful Cure of Ulcers in the Leg.—Frederick Iliff, of Houston, Texas, was afflicted for eight years with seven ulcers in the leg, like the keys of a flute, which discharged continuously and rendered his life one of the greatest wretchedness and misery; many remedies were tried in vain, he became worse, at last he had recourse to Holloway's Ointment and Pills, and by persevering with these remedies in accordance with the printed directions for nine weeks, he was radically cured, and is now able to walk better than he ever was in his life.

A NEW SOUTHERN STORY.

The Weekly Day-Book for 1860.

THE NEW YORK DAY BOOK was started to combat the modern heresies of Abolitionism. It is uncompromisingly opposed to all attempts to place negroes upon an equality with white men. It supports the DRED SCOTT DECISION; the Equal Rights of all Citizens in the Common Territories of the Union; it opposes the so called Republican party because it nullifies the laws and tries to degrade white men to a legal level with negroes, and thus render Democratic institutions impossible. It asks support from all who wish to preserve our GLORIOUS CONSTITUTION, and who desire to hasten the day when *British Abolitionism*, which has already ruined the fairest islands of the sea, and which now seeks to ruin our own country and overthrow Republican Institutions at the same time, SHALL BE DRIVEN FROM OUR SOIL FOREVER.

THE DAILY EVENING DAY-BOOK, a full sized folio journal, is published every afternoon, (Sundays excepted,) containing the latest news up to the moment of going to press. Price $6 per annum.

THE WEEKLY DAY-BOOK is a quarto journal, containing *forty-eight* columns of matter, and is carefully prepared for general circulation, with full details of foreign and domestic news, literary notices, stories for the family circle, and presents planters, farmers, merchants, drovers, &c., with a journal from the commercial metropolis of the Union, with full and correct reports of the *cotton*, *grain*, *cattle* and *produce* markets. These features alone are worth double its subscription price.

A NEW SOUTHERN STORY.

On the first week in January, 1860, a new and original Southern story, from the pen of Prof. W. H. Peck, of New Orleans, will be commenced in the WEEKLY DAY-BOOK. The title is "The Brother's Vengeance." The scene is laid in the Crescent City. The plot is deep and intricate, and it is worked up with great dramatic power and interest. All who subscribe *on or before the 1st January*, will get this intensely interesting story entire.

THE UNIVERSAL

GAS LIGHT.

Edward H. Anderson's

Portable, Air-Pressure,

FAMILY GAS LAMPS.

(*Patent applied for.*)

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas-light which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two-tube fluid lamps, and is perfectly free from *smoke or smell*, and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truly valuable invention, and must be seen to be fully appreciated.

Every person in want of a superior and economical Gas-light, are respectfully invited to call and examine for themselves.

Every description of Coal oil or fluid Lamps altered to manufacture and burn the Gas, at the low price of $2 00 without shade, and $3 when a shade and attachment is required.

A good supply of GAS LAMPS, BRACKETS, Pendants, Chandaliers, &c., suitable for Churches, Halls, Stores and private residences, constantly on hand and manufactured to order. E. H. ANDERSON, & CO.,

Startling, but True!—Survive or Perish.

Holloway's Pills.

THE history of this great remedy is the most wonderful medical revelation that the world has ever known. It is not a history written by one man, or even derived from the experiences of one nation, but consists of a compilation of testimonials from the sick of every country—a record, the like of which has never been adduced in favor of any discovery or invention since time began.

BILIOUS DISORDERS.

In whatever form disease attacks the liver, it is repelled and exterminated by this searching, painless and irresistible curative.

Let the sick whom the faculty have abandoned, resort with confidence to this powerful anti-bilious agent, and a restoration to health and activity will be the unvarying result.

DYSPEPSIA.

The great scourge of this continent yields quickly to a course of these anti-septic Pills, and the digestive organs are restored to their propor tone; no matter in what shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY and WEAKNESS.

From whatever cause, LOWNESS OF SPIRITS, and all other signs of a diseased liver, and other disorganization of the system, vanish under the eradicating influence of this all powerful anti-septic and detergent remedy.

SICKLY FEMALES

should lose no time in trying a few doses of this regulating and renovating remedy; whatever may be their complaint, it can be taken with safety in all periodical and disorganizations; its effect is all but miraculous.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma,	Headaches,
Bowel Complaints,	Indigestion,
Coughs,	Influenza,
Colds,	Inflammation,

ANOTHER EDITION

OF THE

Mastodon Newspaper!

ROBERTS' ILLUMINATED QUADRUPLE CONSTELLATION! *The largest sheet of paper ever made and printed, measuring 70x100 inches!—The greatest Typographical Achievement of the Age!"*

The subscriber announces that he has made such arrangements as will enable him to keep printing a constant supply of his mastodon paper, "The Illuminated Quadruple Constellation"—and all orders from any part of the country, for one or more copies, will be immediately filled on their receipt. All newspaper dealers will keep a supply on hand ready for purchasers. We have Electrotyped the immense eight pages, and therefore can print them as fast as required.

The Press, with one accord, have pronounced The Illuminated Quadruple Constellation the greatest newspaper achievement ever accomplished. Notwithstanding its immense size, it is superbly printed on the very best and strongest white paper ever made or used for a newspaper. It contains eight mammoth pages, thirteen columns to a page—each page four feet in length! In its Imperial folds is embraced more matter than is contained in six different numbers of Harper's Monthly, or fifteen different numbers of the New York Ledger, or any other similar weekly! Four of its immense pages are largely occupied with splendid engravings, portraits of noted personages, &c., &c.

Among the prominent contents may be mentioned the re-publication complete, and without any abridgement whatever, of the celebrated MOON HOAX! as originally published in the New York Sun, in 1835—Two Splendid Novellettes, by J. H. Ingraham, author of "Pillar of Fire," "House of David," "Capt. Kyd," "Lafitte," &c.,—a splendid story by Edward Everett—and one by Sylvanus Cobb, Jr. But it is impossible in an advertisement to give a full detail of its immense contents. It is emphatically *a Sheet for the Million*—filled with every variety of useful and entertaining reading! In every sense it is the greatest wonder of the age!

Single copies 50 cents—Three copies $1.

☞Postmasters or others sending us $2 for six copies, shall receive one extra for their trouble. Postage on this paper in U. States and Canada 10 cents. By steamers to France, Germany, &c., from New York, 12 cents.

☞All newspaper agents can obtain their supplies from the wholesale dealers that supply them with their other papers, or of the subscriber. Address
