A VALUABLE FARM AND STORE STAND FOR SALE.

HAVING concluded to remove from the State, I offer at private sale my Farm and Store Stand, called

WHEATLAND,

It is situated on the county road leading from Cambridge to Vienna, and only five miles from Cambridge, seven miles from East New Market, and within a half mile, and in view, of the Great Choptank River; being convenient for wild fowl, fish and oysters—beside having a fine view of the Steamers and other vessels passing, and of the surrounding country in Talbot county.

The tract contains

100 Acres of high, flat Land,

of fine consistency, adapted to the growth of Wheat, Corn, Vegetables and Fruit. It has already planted upon it two hundred and twenty-five peach, apple, pear, apricot and cherry trees from the nursery of Ellwaguer & Barry, Rochester, N. Y.

The improvements consist of a handsome

NEW DWELLING HOUSE,

two stories high, 43 ft. front and 38 deep, finished in modern style, having pantries, closets and porches (arranged with the rooms) in the most convenient manner, and designed by Thomas and John Dixon, (Archt.) of Baltimore city. Also

A New Large Barn,

two stories high, 56 ft. long and 36 wide, containing granary, threshing floor, two corn houses, carriage room and convenient and comfortable stables, with a brick well and pump in the pound yard; and also a well of excellent water in the back yard, convenient to the Kitchen.

All of the buildings are new, large and conveniently built and located, and were designed by the Messrs. Dixon, of Baltimore city, and are of the best material.

The cleared land is well inclosed with new plank fencing, and has been recently heavily limed with Shell and Magnesian Lime, ashed and guanoed, and thoroughly ditched and drained.

☞ The STORE HOUSE in the corner of the farm is new, 18 ft. by 30, and contains a store room well fitted up and arranged, and has a good counting room and grocery.

The stand is considered one of the best in the country, being on two roads, and commanding the travel on both. Capt. Lewis Ross kept a store near this for a number of years, and very successfuly, just on the opposite corner.

I will sell, also, the

STOCK OF GOODS,
STORE FIXTURES,
FARMING IMPLEMENTS,
HORSES, CATTLE, &c.,

at a fair price. For terms apply to
JAMES L. COLSTON,
Near Cambridge, Md.

N. B. I will sell my stock of Goods and rent the Store to a good business man, if the whole property is not soon disposed of.

THE GRAPHIC SOUTHERN WEEKLY.

The Family Journal for 1860.

ON the first Saturday in January will be commenced a new volume of this popular Southern Illustrated Paper. One year ago the JOURNAL was begun as an experiment to establish a literary paper south of Mason and Dixon's line, which, while it should not contain anything sectional in its columns, might be a means of freeing the South from its dependance on the North for its literary food.—It has been too long a subject of just reproach to the South, that her popular literature is almost wholly borrowed from Northern sources. This preference arises not from any lack of intrinsic merit in the writers of the South, but from an unfounded assumption that no good book, magazine or paper can be expected unless coming from a Northern publishing house.

To remove this unfounded stain upon the literary talent and enterprise of the South, was the great object for which the Family Journal was established. To aid in this high and patriotic undertaking, we earnestly invite the co-operation of the South. We pledge ourselves to devote our entire time and energies to ensure the success of so good a cause. Nor shall we rest satisfied with producing a paper whose sole claim upon Southern readers shall consist in its being published in their midst. *Unless the Journal can in every respect compare with similar papers published elsewhere*, we do not expect the support which we now solicit.

It may not be inappropriate here to announce that we have succeeded in securing the valuable services of F. H. NORVELL, Esq., late Professor in Marshall Female College, Mississippi, as Associate Editor. The exalted character of Mr. Norvell, and his acquirements as a scholar, offer our best guarantee for the moral tone and literary excellence of the Journal.

With the January number will commence a thrilling original story of intense interest, entitled

O. F. A.—A. F. O.;
Or, the Mysterious Band.
A Story of City Life.
BY JOHN B. WILLIAMS, M. D.

The scene of this story is laid in New York, and in the present day. The plot is most exciting, and the scenes depicted of the most absorbing character. From the very first number the reader's interest is most vividly excited, and maintained without flagging to the end. It will be illustrated in the highest style of art. Particular attention will also be paid in the ensuing volume to original short stories.

Each number of the paper will contain three or four complete stories by the popular authors of the day. They will be written with great care, and specially adapted to interest those persons who do not read the continued stories.

Sketches of Travel and Adventure will also form a special feature in the coming volume, as well as Biographical Essays, which will contain the lives of all the popular authors.

Useful Information.—Under this head will be comprised interesting anecdotes in Natural History, Chemistry, new inventions in Science and Art, items for the Farmer and Housekeeper, &c.

Particular attention will also be paid to original Poetry, extreme care being taken to present such only as shall command the praise of every lover of this divine art.

The Ladies' Portfolio will continue to be a prominent feature in the ensuing volume.

The Family Journal is a mammoth eight-paged paper, containing forty columns of closely printed reading matter. Each number is handsomely illustrated, talented artists having been specially engaged for this purpose. No advertisements whatever will be taken in the new volume; thus devoting the entire space to the reading matter.

The Family Journal is published every Saturday, and is mailed to subscribers at $2 per annum; two copies sent for $3. Terms invariably in advance. Any postmaster sending us eight subscribers at $1 50 each, will be entitled to a copy free.

Subscribers are particularly requested to write in a plain hand the name of the place, county and State, so as to prevent mistakes. Remittances, properly authenticated, at our risk. Single subscribers can forward postage stamps.

All subscriptions and communications must be addressed to WILLIAMS & MOORE,

THE UNIVERSAL
GAS LIGHT.
Edward H. Anderson's
Portable, Air-Pressure,
FAMILY GAS LAMPS.
(*Patent applied for.*)

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas-light which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two-tube fluid lamps, and is perfectly free from *smoke or smell*, and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truly valuable invention, and must be seen to be fully appreciated.

Every person in want of a superior and economical Gas-light, are respectfully invited to call and examine for themselves.

Every description of Coal oil or fluid Lamps altered to manufacture and burn the Gas, at the low price of $2.00 without shade, and $3 when a shade and attachment is required.

FOR 1860.
The Largest Two-Dollar Weekly in the World!
AN INTELLECTUAL BANQUET FOR THE NEW YEAR.

IN the annals of the Press there is no parallel to the brilliant success which has attended the career of THE NEW YORK MERCURY—giving it a proud position never before enjoyed by any paper whatever, and securing for it an almost unrivaled circulation.

THE MERCURY is by far the largest, handsomest and cheapest Literary Journal in the world—containing as much of the most brilliant, entertaining, instructive, and amusing reading matter in each of its weekly issues as *would suffice to make a 12mo book of 250 pages!* It has the largest and most expensively organized corps of famous contributors ever drawn to the focus of any one publication. Its columns are adorned with the vivid and sparkling pen-pictures of the world-noted poet-traveler, the unequaled BAYARD TAYLOR, whose series of California Letters in the Mercury are as interesting as the most highly-wrought romance, and whose inimitable contributions have been secured, at a heavy cost, *exclusively* for The Mercury.

This leading Journal of American Literature will also continue to be illustrated weekly by the inspired pencil of the greatest of American artists, FELIX O. C. DARLEY.

In the departments of Historical Romance, Domestic Tales, Moral, Artistic, and Humorous Sketches, Poetry, etc., all the old and justly famous contributors will be retained, with *new accessions from the highest walks of polite literature.* The following noted authors are permanently engaged:

Bayard Taylor,	Cousin May Carleton,
Dr. J. H. Robinson,	Ned Buntline,
J. A. Patten,	Joseph Barber,
George Arnold,	Mrs. M. E. Robinson,
Felix O. C. Darley,	Capt. Jas. F. Alcorn,
Rev. R. M. Devens,	George Martial,
W. O. Eaton,	R. H. Newell,

And a host of popular romancists and sketch-writers.

THE MERCURY is the peculiar glory of every respectable fireside, and a fountain of intellectual pleasure, on account of the pure and moral tone of its Tales and Sketches.—Not a word or a sentiment is allowed to appear in it that would prove distasteful to the fastidious moralist, or wound the feelings of any class of readers.

The Mercury has the following *specialities*, which are original with it, and render it far superior to any other Family Paper in existence. There is the inimitable GOSSIPERS' CLUB, with its piquant, spicy, racy, and side-splitting bits of humor, oddity, burlesque, and wit, contributed by some of the first humorists, lawyers, editors, and wits of the country, and eagerly copied by the Press from one end of the Union to the other; the Ladies' Promenade; the Dramatic and Musical Department; the Sketches of the famous epicurean poet and finished scholar, "J. B.;" "The Floral Department;" and other novel features—to which new and still more brilliant ones will be added during the year 1860.

The initiation of the New Year will be signalized by the commencement of a splendid new novelette of the Empire city add the Sea, entitled

Elfrida—The Red Rover's Daughter;
A New Mystery of New York.
BY NED BUNTLINE.

The first chapters will be published in the number of The Mercury for Saturday, January 7th, 1860. Now is the time to subscribe.

The New York Mercury is sold by all newsmen and periodical dealers in America. To subscribers it is regularly mailed every Saturday morning for $2 a year; three copies for $5; eight copies for $12, with an extra copy free to the getter-up of the club. Six months' subscriptions received. *Always write plainly the names of your Post-office, County, and State.* We take the notes of all specie-paying banks at par. Payment must invariably be made in advance.

A NEW SOUTHERN STORY.

The Weekly Day-Book for 1860.

THE NEW YORK DAY-BOOK was started to combat the modern heresies of Abolitionism. It is uncompromisingly opposed to all attempts to place negroes upon an equality with white men. It supports the DRED SCOTT DECISION; the Equal Rights of all Citizens in the Common Territories of the Union; it opposes the so called Republican party because it nullifies the laws and tries to degrade white men to a legal level with negroes, and thus render Democratic institutions impossible. It asks support from all who wish to preserve our GLORIOUS CONSTITUTION, and who desire to hasten the day when *British Abolitionism*, which has already ruined the fairest islands of the sea, and which now seeks to ruin our own country and overthrow Republican Institutions at the same time, SHALL BE DRIVEN FROM OUR SOIL FOREVER.

THE DAILY EVENING DAY-BOOK, a full sized folio journal, is published every afternoon, (Sundays excepted,) containing the latest news up to the moment of going to press. Price $6 per annum.

THE WEEKLY DAY-BOOK is a quarto journal, containing *forty-eight* columns of matter, and is carefully prepared for general circulation, with full details of foreign and domestic news, literary notices, stories for the family circle, and presents planters, farmers, merchants, drovers, &c., with a journal from the commercial metropolis of the Union, with full and correct reports of the *cotton, grain, cattle* and *produce* markets. These features alone are worth double its subscription price.

A NEW SOUTHERN STORY.

On the first week in January, 1860, a new and original Southern story, from the pen of Prof. W. H. Peck, of New Orleans, will be commenced in the WEEKLY DAY-BOOK. The title is "The Brother's Vengeance." The scene is laid in the Crescent City. The plot is deep and intricate, and it is worked up with great dramatic power and interest. All who subscribe *on or before the 1st January*, will get this intensely interesting story entire.

Holloway's Ointment.

CONSOLATION FOR THE SUFFERING.

NEARLY fifty years continual use in every part of the habitable globe, amongst the savage and the civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflammation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in and using as a dressing, this inestimable Ointment.

SCROFULA, ERYSIPELAS AND SALT RHEUM.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. No case of salt rheum, scurvy, sore heads, scrofula or erysipelas, can long withstand its influence.

BAD LEGS, OLD SORES AND ULCERS.

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

ERUPTIONS ON THE SKIN,

arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

PILES AND FISTULA.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolument; warm fomentations should precede its application.—Its healthy qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Skin Diseases,
Burns,	Swelled Glands,
Chapped Hands,	Sore Legs,
Chilblains,	Sore Breasts,
Fistula,	Sore Heads.
Gout,	Sore Throats,
Lumbago,	Sores of all kinds,
Mercurial Eruptions,	Sprains,
Piles,	Stiff Joints,
Rheumatism,	Tetter,
Ringworm,	Ulcers,
Salt Rheum,	Venereal Sores,
Scalds,	Wounds of all kinds.

☞ CAUTION!—None are genuine unless the words, '*Holloway, New York and London*,' are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light*. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

**Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents and $1 each.

☞ There is considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box.
