IT'S STEADY COLD that makes HUMIDITY SAFE!

Protect your *foods* with the new
TRUE-TEMP Cold Control
Only Westinghouse has it!

Cold alone is not enough to keep all foods at their best. Humidity also is needed—especially for meats, fresh fruits and vegetables. But, with humidity, it is more important than ever that you HOLD the right degree of cold in your refrigerator—otherwise mold and bacteria *may* form rapidly in the moisture laden air.

With the new TRUE-TEMP Cold Control, Westinghouse protects you against the hazard of food temperature fluctuations. It holds temperatures CONSTANT in all parts of the refrigerator, makes possible the new Food Protection "QUIN-TEMP-LETS"—5 zones of cold providing *complete protection* for *all* your foods. See these new features today!
