DEMOCRATIC TICKET.

For President:
WOODROW WILSON.

For Vice-President:
THOMAS R. MARSHALL.

For United States Senator:
HON. DAVID J. LEWIS,
of Allegany County.

For Congressman from First District:
HON. JESSE H. PRICE,
of Wicomico County.

CONGRESSMAN David J. Lewis is a sure winner for United States Senator. Congressman Jesse D. Price is making a strong fight, and will get a safe majority in the First Congressional District.

PRESIDENT WILSON is gaining in strength and popularity with the masses of the people. His skillful handling of the railroad strike has gained him thousands of friends thoughout the country and the campaign which Mr. Hughes is making is helping the Democratic cause wonderfully.

THE Springfield (Mass.) Republican, one of the leading Republican daily papers in the United States, has declared in a strong editorial for the re-election of President Wilson, believing as it says, that the best interests of the country will be protected in his hands.

EVERY man makes mistakes. He would be inhuman if he did not. Mr. Wilson has made them; Mr. Hughes made them when Governor of New York. Then what is the use of Mr. Hughes going around the country trying to make a mountain out of a mole hill. Why don't he give the people a real live issue? He hasn't got one.

THOSE 300 electoral votes that the Republican papers are saying Mr. Hughes is certain of getting is all in your eye. If he gets 200 he will be lucky. There never was less enthusiasm over any Republican candidate than there is over Mr. Hughes among the masses, and the way the Progressives are leaving home, makes things look gloomy in Penrosedom.

THE Republican candidate is going around the country harping about a protective tariff. You know why the Republican candidate wants a protective tariff? In order to protect the millionaires and their industries against the great mass of the people. The income tax feature of the present tariff law makes these millionaires pay a tax, and to that extent relieves the burden of the masses. It is because these millionaires want to escape just taxation that Mr. Hughes and his Old Guard supporters want a protective tariff which contained no income tax feature. Don't be fooled by the cry of protection. Keep the Democrats in power and thus make these multi-millionaires pay their just share of taxes.

THE Republicans in their desperation have sent a hurry call to Mr. Roosevelt to come to Maine to stem the tide against the Republican party. The Boston Herald, one of the most prominent Republican papers in the State of Massachusetts, says that Maine is hopelessly lost to the Republicans, and the Democrats will elect their State ticket. A bitter primary fight in Delaware among the Republicans last Saturday makes almost certain a Democratic victory in that State in November, and a row between the Republicans and Progressives in California makes the Democrats in that State feel happy. This condition is due to the splendid achievements of President Wilson in the past three and a half years, and to the fact that the Republicans have not a single forceful issue to present to the people.

To Stump For Wilson

Governor Harrington, United States Senator Blair Lee aud State Insurance Commissioner W. Mason Shehan will be assigned to stump various states in the interest of President Wilson and the national ticket, according to a dispatch from New York. The dispatch states that Homer S. Cummings, chairman of the speakers' bureau at Democratic national headquarters, is fast getting his plans in shape for the campaign and that he has already compiled a partial list of prominent speakers from Eastern and Southern states who will stump for Wilson.

Further the dispatch says:

"Following President Wilson's notification ceremonies at Shadow Lawn, Long Beach, September 2, the democratic national campaign will be launched in earnest. Speakers will stump every state in the Union and the women in the states where they have the vote will be especially active.

Good Tomato Yields.

The first picking of tomatoes shows an exceedingly good yield, notwithstanding the fact that the hot and rainy weather washed the blossoms off and scalded the vines in many patches.

Mr. Howard Hadaway, of Broad Neck, picked 19 tons of fine tomatoes from 10 acres as his second picking, which is possibly a record.

Mr. Thomas Bryan, on the George farm near Goose Hill, picked 13 tons from 8½ acres.

Tomatoes are in fine condition, and the contract price ranges from $10 to $10.20 per ton.

Baldwin's cannery is running on full time.

State Tax Commission Reduces Assessment.

The Board of County Commissioners on Tuesday were notified by the State Tax Commission that as a result of a recent appeal of the Pennsylvania Railroad Company from the assessment of $12,000 per mile upon their property made by the Board of County Commissioners, the State Tax Commission has reduced the assessment in favor of the railroad corporation from $12,000 to $6,800. Judge Leser, the minority member of the commission, refused to sign the opinion of the commission upon the ground that in his judgment an assessment of $6,800 upon the main line stock of the company in Kent county is too low. The Board of County Commissioners will probably take an appeal to the Appeal Tax Court, as it is the opinion of the board that the assessment made by the State Tax Commission is ridiculously low. The Board of County Commissioners struck their levy for the year 1916 upon a valuation of $12,000 per mile of rolling stock, and if the decision of the State Tax Commission is allowed to stand, about $194,000 will be deducted from the taxable basis of the county and added to the people's burders next year.

This reminds us of the fact that there seems to be very considerable difference in the value of property. We thought it was the object of the State Tax Commision to equalize and make uniform the taxation of property throughout the State, but we note with considerable interest that the assessment placed by the State Tax Commission upon the equipment and stock of the TRANSCRIPT is **$4,000** as against $1,500 on the Kent News and $2,300 on the Enterprise. This is about as unjust and unfair an assessment as could possibly be made, and the TRANSCRIPT means to start an investigation as to the cause for the wide difference in the value of the respective newspaper plants in the estimation of the State Tax Commission.

BEING a native of Kent county, Maryland, I naturally feel an interest in the Kent county boys and girls. It affords me pleasure to recommend to these boys and girls the Beacom Business Colleges of Wilmington. This school does more for its students and graduates than any other school that I know of. Its courses are thorough, practical, and conducted by men who appreciate the high responsibilities resting with such schools. I attribute my success in a large degree to the opportunities the training received at the B. B. C. afforded me.
