THE ORPHANS' COURT of Dorchester county will sit on MONDAY, the 7th of May.

MARRIED.

In this town, on the 7th inst., by the Rev. R. W. Todd, Frank. J. Crosby, of Baltimore, to Miss Ella Watson, of this place.

On the 1st instant, by Rev. J. B. Merritt, Thomas E. Wright to Miss Sallie W. Yates, both of this county.

On the 26th ultimo, by Rev. J. J. McMurray, Joshua W. Busick of Baltimore, to Kate, second daughter of Theodore Bowyer, Esq., of Baltimore county.

DIED.

In this county, last week, John Russell, aged about 25 years.

In this county, last week, Mrs. Elisha Fisher, at an advanced age.

In Baltimore, on the 28th ultimo, Cyrus Corkran, in the 60th year of his age.

On Saturday night last, of that fell disease, consumption, Mrs. Elizabeth, consort of Mr. James North, aged about forty years.

It becomes our duty to pay a tribute to the memory of one whose life and character richly deserve commemoration. The grave has closed over her remains, she will long live in the affections of her family, and in the respect and esteem of all who knew her. Naturally endowed with great strength of mind and amiability of disposition, she pursued her way through life quietly, but with energy and perseverance. Placed in circumstances requiring great exertion, she attended her family concerns with untiring industry, yet without murmur or complaint. She was gentle and pacific, yet firm and decisive; modest, yet resolute; amiable, yet energetic. Whilst, in the midst of varied and onerous worldly duties, she never forgot her duty to her God.—She was a sincere and consistent christian; testifying her faith by good works, by an upright walk, and a chaste conversation. The calmness and resignation with which she met death verified the sincerity of her profession, and the rectitude of her conduct. To one possessed of such virtues and qualities, death can scarcely be any calamity. It is the living alone who have sustained a loss, and to her family that loss is extreme. Mrs. North left seven children; the eldest of which is not more than thirteen years, and the youngest only a few days old. They are forever deprived of that watchful eye which was bent with sleepless vigilance upon their safety and comfort. They will no longer hear her maternal voice of admonition or love; nor feel the aid of that tender ever careful hand which mothers alone can wield. Her husband will no longer hear her sweet, soothing words of encouragement and affection, nor feel her helping arm, amidst the cares, trials and toils of life. But her exemplary life and triumphant death, should dry up the tears of sorrow; and reconcile them to the sad bereavement. Her children are under the eye of a benificent God who, with the aid of a kind father, will provide for their wants, and guide them in the paths of wisdom and truth. And all who loved her and who lament her death, may find consolation in the thought, that their loss is her eternal gain.

Sweet flowers, and an evergreen tree
May spring from the place of her rest;
But, nor cypress nor yew let there be,
For why should we mourn for the blest?

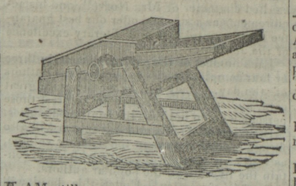
HORSE-POWERS
AND
GRAIN THRESHERS.



I AM still manufacturing HORSE-POWERS, using Sinclair's Pattern, because it is deemed by competent judges to be one of the best in use, and beside, it has the advantage over others of being the Machine generally used by the Farmers of this county. I can therefore be at all times prepared to meet the wants of the majority of our Farmers who may require refitting or even new work.

I have made valuable improvements in the construction of my THRESHERS, which effectually prevent the cracking of the wheat, and save the tender from the uncomfortable and injurious effects of the dust.

All my work is guaranteed to give satisfaction; and any who would be certified of its merits, can easily satisfy themselves by reference to any of those Farmers who have my Machines in use.

I shall keep constantly on hand a good supply of CASTINGS, BELTING, and other materials for repairs.

☞Farmers will bear in mind that harvest is rapidly approaching, and should accordingly send in their orders as early as possible, so as to prevent the accumulation of a heavy press of work just on the eve of the threshing season.

Practical Experience better than Experimental Science.

Holloway's Ointment.

CONSOLATION FOR THE SUFFERING.

NEARLY fifty years continual use in every part of the habitable globe, amongst the savage and the civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflammation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in and using as a dressing, this inestimable Ointment.

SCROFULA, ERYSIPELAS AND SALT RHEUM.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. No case of salt rheum, scurvy, sore heads, scrofula or erpsipelas, can long withstand its influence.

BAD LEGS, OLD SORES AND ULCERS.

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

ERUPTIONS ON THE SKIN,

arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

PILES AND FISTULA.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolument; warm fomentations should precede its application.—Its healthy qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Skin Diseases,
Burns,	Swelled Glands,
Chapped Hands,	Sore Legs,
Chilblains,	Sore Breasts,
Fistula,	Sore Heads,
Gout,	Sore Throats,
Lumbago,	Sores of all kinds,
Mercurial Eruptions,	Sprains,
Piles,	Stiff Joints,
Rheumatism,	Tetter,
Ringworm,	Ulcers,
Salt Rheum,	Venereal Sores,
Scalds,	Wounds of all kinds.

☞CAUTION!—None are genuine unless the words, "*Holloway, New York and London,*" are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines, or vending them to be spurious.

**Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 62 cents and $1 each.

☞There is considerable saving by taking the larger sizes.

And whereas, one of the greatest necessities of the age, in a political, commercial, social and military point of view, is a speedy communication between the Pacific and Atlantic coasts, therefore be it

Resolved, That the National Democratic party do hereby pledge themselves to use every means in their power to secure the passage of some bill to the extent of the constitutional authority of Congress for the construction of a Pacific Railroad from the Mississippi River to the Pacific Ocean, at the earliest practicable moment.

☞The following is the law passed at the last session of the Legislature for the relief of John Tubman. We take this from a certified copy sent to the County Commissioners at their order, by Col. W. A. Spencer, clerk of the Court of Appeals:

AN ACT *for the relief of John Tubman and others.*

Whereas, it is represented that a case of contested election between Thomas R. Cook and John Tubman, candidates for the office of Commissioner of Dorchester county, by interpretation of law, the case was tried before the circuit judge, not sitting as a court, thereby precluding exceptions and appeal, and the decision made disposed not only of the case of the parties contestant, but of the rights of Robert M. Marshal, another candidate not a party in the case; and it is represented that the Governor having issued commissions to five commissioners of said county, returned as elected by the judges of election, among them the said John Tubman, who is sworn in and acting as commissioner, and his commission still unrescinded, has since, upon the certificate of the aforesaid decision issued another commission to Thomas R. Cook, who has also qualified thereunder, making six commissioners for said county instead of the five allowed by law for remedy whereof

Section 1st. Be it enacted, That the judge of the eighth judicial circuit be and he is hereby authorized and directed to open and rehear the said case of contested election between Thomas R. Cook and John Tubman before the circuit court for Dorchester county, allowing the parties the same right of exceptions and appeal as in other civil cases.

Section 2d. Be it enacted, That no commission issued by the Governor to any person to act as commissioner of said county, except such as have been issued upon the returns of the judges of election of said county shall have any force or effect or confer any power or authority whatever until the final determination of said case under the provisions of the above section;—Provided, this shall not interfere with the right to fill any vacancy caused by the death, resignation or removal from the county of any of the present board of commissioners returned as elected by the judges of election of said county.

MR. BLAKE, an artist of Baltimore city, is visiting our town for the purpose of painting the portraits of any who wish such an article. We have been shown Specimens of Mr. B's workmanship, which we presume is open to the public for inspection. We would advise all our citizens to give Mr. B. a call, as he will remain only a few days, and it is very seldom a rare opportunity is offered in our midst to obtain such paintings. Mr. B. has taken rooms at Mr. John Bradshaw's hotel but will call at the residences of any who wish his services.

BURNT IN EFFIGY.—On Saturday night last, between nine and ten o'clock, an effigy intended to represent Charles Lee Armour, was suspended by the neck from the beam of a gallows which had been prepared for the purpose, and burnt in the public square near our office.

Mr. Armour is a young lawyer of this city and several years ago acted with the Democratic party. Since then he has co-operated with the American party, but we believe he also abandoned that a few months ago, since which he has identified himself with the Republicans. He was in the convention of the Republican party which met in Baltimore last week, and was chosen by it as a delegate to the Chicago convention from the Fifth Congressional District of Maryland.—*Frederick Union.*

THE PUBLIC BLESSING which is now universally admitted to exist in MOFFAT'S LIFE PILLS and PHŒNIX BITTERS, is every day demonstrated by their astonishing efficacy in the cases which they are announced to cure. All the complaints of the stomach and bowels, weakness of the digestive organs and of the system generally, bilious and liver affections, night fevers, head aches, piles, costiveness, consumption, rheumatism, scurvy, impurity of the blood, or blotched and sallow complexions, soon yield to their curative properties. A single trial invariably secures them the title of the best family medicines now before the public. For sale by the proprietor, W. B. MOFFAT, at his office, 235 Broadway, New York, and by Store-keepers and Druggists generally. jan25-1y

HOLLOWAY'S MEDICINES.—We are not in the habit generally of noticing the thousand and one medicines of the day; but when a really meritorious one is before the public, we think it due to the afflicted that the fact should be made known. We have used Holloway's Pills and Ointment in cases of humours, bruises, and scalds, with beneficial effects, and there are cases within our knowledge of extraordinary cures performed in diseases of long standing. Professor Holloway's Ointment and Pills are among the few preparations which perform ALL the cures for which they recommended. We are satisfied that for purifying the blood, regulating the stomach, and curing liver and bilious complaints, no better remedy can be found.—*Bangor Democrat.*
