DEMOCRATIC TICKET.

For President:
WOODROW WILSON.

For Vice-President:
THOMAS R. MARSHALL.

For United States Senator:
HON. DAVID J. LEWIS,
of Allegany County.

For Congressman from First District:
HON. JESSE H. PRICE,
of Wicomico County.

PRESIDENT WILSON IS GAINING STRENGTH EVERY DAY.

A STRAW VOTE taken by the Baltimore City News in Hyde's restaurant, Baltimore, last week, gave Wilson 155 and Hughes 94.

THE registration is practically over in Kent county. Revision day will be next Tuesday, and that is for the purpose of striking all names from the books which are not qualified to vote.

FORMER State Tax Commissioner Buchanan Schley died at the home of his son, on Long Island, New York, on Thursday. For years he was one of the leading Democratic politicians in this State.

THE date for the big Democratic mass meeting in Chestertown is Monday afternoon, October 23rd. Congressmen Lewis and Price will be present and the National Committee will also send speakers. Fuller particulars will be given later.

THREE HUNDRED and forty of the leading business men of the city of Wilmington have organized a Wilson and Marshall Business Men's Club. Among the most active members are Josiah Marvel and Joseph Bancroft, two of Wilmington's most prominent citizens.

PRESIDENT LOVETT, of the Union Pacific Railroad, in a strong statement last Monday, declared for the re-election of President Wilson. He says the business interests of the country generally should support President Wilson for the great benefit his administration has proven to the business interests of the country.

OUR Republidan friends held a meeting at the Voshell House last week and gave Mr. Joseph France, candidate for the United States Senate, and Robert F. Duer, candidate for Congress, a hearty reception. Quite a number of Republicans in Kent, we hear, are going to vote for Davy Lewis and Jesse D. Price, the Democratic candidates for the same positions.

GERMAN U-boat 53 played havoc with British vessels off the coast of New England on Sunday, destroying five merchant vessels. Of course the Republicans are storming the castles now about the preservation of American rights. America's rights can best be preserved by keeping out of the squabble, except to see that no American vessel is attacked, and this is exactly what President Wilson is doing.

THE New York Herald's nation-wide poll of votes shows conclusively that Wilson will be re-elected in November. In the states of Washington and Wisconsin, always strongly Republican, President Wilson has decidedly the best of the situation. In Wisconsin three of the Republican candidates for Congress are openly espousing the cause of Wilson, and Senator LaFollette is stumping the State on Wilson policies. Indiana and Ohio are also regarded as favorable to the President.

WE notice that some Democrats in Kent county are taking exceedingly little interest in the campaign for President Wilson's re-election. If President Wilson fails to carry Kent county with the large affiliated Democratic vote now on the registration books, it will be a very easy matter to place the blame for he whole business. Let's all play fair, boys, and give our hearty support to Wilson, Lewis and Price. Such a course means a united Democracy for the next local election.

CANDIDATE Charles Evans Hughes came to Maryland on Tuesday. He delivered one speech on the Hagerstown fair grounds and another in the Fifth Regiment Armory, Baltimore. He received a great ovation. The audience in Baltimore numbered 17,000, and they gave the speaker rapt attention. Mr. Hughes' speech contained nothing new. It was the usual tirade against the Democratic administration in general and President Wilson in particular. Mr. Hughes offered no remedies for the evils he complained of, simply that he believes in upholding American rights.

TARIFF

The tariff has been revised, not on the principle of repelling foreign trade, but upon the principle of encouraging it, upon something like a footing of equality with our own in respect of the terms of competition, and a tariff board has been created whose function it will be to keep the relations of American and foreign business and industry under constant observation, for the guidance alike of our business men and our congress. **American energies are now directed toward the markets of the world.—Extract from President Wilson's speech of acceptance Sept. 2.**

Subscribers to the National Democratic Campaign Fund.

We, the undersigned Democrats of Kent County, pursuant to a call made by the National Democratic committee, do subscribe the sum of $1 each towards raising a fund to help to assist in defraying the expenses of the National Democratic campaign. We are loyally and honestly in favor of the election of Hon. Woodrow Wilson, and we believe that a popular fund like this is one which will meet his hearty endorsement and approval.

A meeting of the Federal Farm Loan Board, with Secretary McAdoo presiding, will conduct a public hearing in the federal building at Baltimore on Wednesday, October 18th for the purpose of obtaining information as to the farm loan needs of the farmers of Maryland. It is important that a large number of farmers and others interested be in attendance at this meeting so that some adequate idea of the financial needs of the farmers of Maryland may be secured.

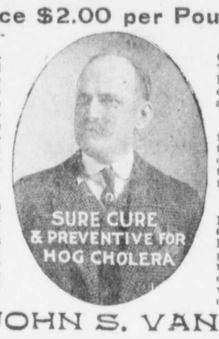
HOG CHOLERA CURE.
Price $2.00 per Pound.

Mr. Wm. Cooper, Jr., near Worton Station, came to me on Friday, Feb. 4, 1916, and purchased 1 lb Cholera Remedy. When he returned home, two of his 15 hogs were dead and four were down with the disease. He telephoned me Sunday that all were getting better, and wanted another package by mail. He called Tuesday and said all were better and eating. He did not lose any after giving the remedy.

Mr. Thos. Smith, Queen Annes county, near Chestertown, had 22 large shoats. Six were sick and refused food. Used 2 pounds of remedy, cured all but one. All are well and two left over for another year. I advise keeping Hog Cholera Cure on hand. Sure preventative and cure.



Mr. George Hatcherson, near Chestertown, had forty hogs. They all died but eight. When he began giving it to the jowelers, four were down. All are up and well now.

Mr. Frank Skirven, a few miles from Chestertown, says he had twenty hogs, lost ten. I heard of your remedy and tried it on the other ten. Lost one and the rest are all right.

I sent John Comegys of Black's Station, this county, Hog Cholera Cure free of charge and he came in and insisted upon paying for it, as he said it was the best he ever tried, and farmers should know about it, as hogs were the most profitable thing on the farm.

BEING a native of Kent county, Maryland, I naturally feel an interest in the Kent county boys and girls. It affords me pleasure to recommend to these boys and girls the Beacom Business Colleges of Wilmington. This school does more for its students and graduates than any other school that I know of. Its courses are thorough, practical, and conducted by men who appreciate the high responsibilities resting with such schools. I attribute my success in a large degree to the opportunities the training received at the B. B. C. afforded me.
