Destruction of the Wheat by the Fly.—The following is an extract of a letter received from an extensive and intelligent farmer of Washington county, Md., dated May 21st.

I presume you have learned ere this that the fly is injuring a great deal of wheat in this county; indeed, I never saw them so numerous, and if the weather was not so favorable to the growing wheat there would be no telling the consequences. We have a variety of reports on the subject, and in some localities the fly is said to be so destructive that whole fields are eaten up.

Horrible Tragedy.—During the trip of the steamer B. L. Hodge, last week, from Shreveport to New Orleans, a deformed dwarf named B. L. Heath, said to be from Virginia, and a school master by profession, made an unprovoked attack, with a knife, on the passengers in the night, when they were asleep, killing Charles M. Forb and R. J. Lyle, of Tennessee, and wounding another. It is supposed he is insane.

A full attendance of members is urgently demanded as business of importance will be transacted. The Grand Lecturer will also be present. my30-td

HOLLOWAY'S OINTMENT AND PILLS, extraordinary Remedies for Cure of Erysipelas.—Charles Fairpoint, was afflicted for several years with this disease. For nine months he was almost deaf and blind with it, so severe was the attack, he consulted several of the doctors in the neighborhood, but they did not do him any good, but to use his own words, he was left alone to die. His good genius, however, did not desert him, for a friend of his brought him a couple of large boxes and pots of Holloway's Pills ank Ointment, which he thankfully accepted, and commenced using; the result was perfectly miraculous, for in two weeks he was able to get up, and could see and hear well; at the expiration of a month he was perfectly cured, and able to resume his work.

THE PUBLIC BLESSING which is now universally admitted to exist in Moffat's Life Pills and Phœnix Bitters, is every day demonstrated by their astonishing efficacy in the cases which they are announced to cure. All the complaints of the stomach and bowels, weakness of the digestive organs and of the system generally, bilious and liver affections, night fevers, head aches, piles, costiveness, consumption, rheumatism, scurvy, impurity of the blood, or blotched and sallow complexions, soon yield to their curative properties. A single trial invariably secures them the title of the best family medicines now before the public. For sale by the proprietor, W. B. HORSE-POWERS AND GRAIN THRESHERS.

I AM still manufacturing HORSE-POWERS, using Sinclair's Pattern, because it is deemed by competent judges to be one of the best in use, and beside, it has the advantage over others of being the Machine generally used by the Farmers of this county. I can therefore be at all times prepared to meet the wants of the majority of our Farmers who may require refitting or even new work.

I have made valuable improvements in the construction of my THRESHERS, which effectually prevent the cracking of the wheat, and save the tender from the uncomfortable and injurious effects of the dust.

All my work is guaranteed to give satisfaction; and any who would be certified of its merits, can easily satisfy themselves by reference to any of those Farmers who have my Machines in use.

I shall keep constantly on hand a good supply of CASTINGS, BELTING, and other materials for repairs.

☞Farmers will bear in mind that harvest is rapidly approaching, and should accordingly send in their orders as early as possible, so as to prevent the accumulation of a heavy press of work just on the eve of the threshing season. R. T. STEWART,

CHESTNUT GROVE WHISKEY C.W.

The enterprising proprietor of CHESTNUT GROVE WHISKEY, (the purest Medicinal Agent ever known,) has furnished the community a stimulant, Pure, Healthful and Invigorating, at the same time a mild, delicious beverage. It is calculated to do away with the vile drugged stuff that is palmed off on the community, and which is injurious to body and mind. In addition to the certificates beneath, he has received a Diploma from the STATE AGRICULTURAL SOCIETY, and additional testimony from Dr. JACKSON, of Boston, who testifies under oath to its absolute purity.

CERTIFICATES:

Philadelphia, Sept. 9, 1858.

We have carefully tested the sample of Chestnut Grove Whiskey which you sent us, and find that it contains none of the poisonous substance known as Fusil Oil, which is the characteristic and injurious ingredient of the whiskeys in general use.
