FOOT CHAM

A ship without a rudder is no more helpless than a woman without novelty, grace and charm in her footwear, for in this very important matter os stylish dressing she may be drifting steadily in the wrong direction.

The smart appearance of our Fall models in high lace shoes in two tone effects give the desired stylish and popular individuality at once—but not at the expense of a woman's foot comfort or her economic satisfaction, at $2.50 and $7.50 a pair.

MARYLAND FOR WILSON BY 20,000

FOUR OF THE SIX DEMOCRATIC CANDIDATES ELECTED.

Lewis for the Senate Defeated by 3,500.

Prohibition Defeated in Baltimore But Wins in Three Counties—Havre de Grace and Ellicott City Go "Dry"—Annapolis Remains "Wet" by a Small Majority.

KENT ROLLS UP BIG DEMOCRATIC VICTORY.

President Wilson won a sweeping victory in Maryland on Tuesday rolling up a majority of 20,000 carrying Baltimore city by 10,000 and receiving a majority in most of the counties of the state.

Four of the six Congressman—Jesse D. Price in the first, J. Fred C. Talbott in the second, Charles P. Coady and Charles J. Linthicum in the third and fourth districts all Democrats are elected, while Mudd in the fifth and Zihlman in the sixth, Republicans, are elected. The surprise of the election is the defeat of David J. Lewis, Democratic candidate for United State Senator, who was beaten by Dr. France, the Republican candidate by a majority of 3,500. Mr. Lewis was beaten badly in Baltimore city where the corporations and city organization fought him bitterly. He received a majority in the counties of the state of several thousand, but not enough to overcome a majority for France in Baltimore of some 8,000. Prohibition was defeated by a majority of 40,000 in Baltimore city, but three of the counties—Frederick, Washington and Carroll counties, gave a substantial majority for prohibition. Have de Grace went dry by 24; Ellicott City went dry by 25 and Annapolis went wet by 20. The result of the congressional fight in the counties of the shore is as follows.

The total vote for President in the State was: Wilson, 134,216; Hughes, 118,695. Wilson's plurality 20,521.

The total vote for United States Senator was: Lewis, Dem., 108,134; France, Rep., 111,585. France's plurality 3,431.

Kent county did herself proud in the election, giving President Wilson and Lewis and Price a splendid vote of confidence, the county giving Wilson a majority of 251 and Lewis and Price majorities of between 150 and 200. The people of the county are to be congratulated upon the result of the election. It was simply the personal popularity of the President that produced such a result for there was very little work done by either the Democratic or Republican managers prior to the election. The official vote of the county is as follows:
