Saw a brig and two schooners ashore, between Cape Hatteras and Henry, but did not know their situation.

At the time the vessel upset, he lost his nephew, a promising youth, by the name of George Keen, his mate by the name of Ezekiel Hand, and a seamen by the name of William Ally, the former being drowned in the cabin, at the time the vessel upset; and the latter were washed off the waist, the morning after the vessel had upset. Fortunately for the survivors the schr. Young Lion, captain Seaman, fell in with the wreck, took them off, and brought them into this port.

Captain Burr, of the sloop Jay, from New-York, arrived here, spoke on the 18th, the schooner Miranda, Silus Sayre, master, three days from New-York, for Charleston, had lost one hand overboard in the late gale, and all his deck cargo.

Light-street MALE FREE SCHOOL.

The Trustees of the Male Free School in Light-street communicate to their fellow-citizens, thro' this medium, that the school under their direction has continued in operation since the 15th Feb. 1802, the day of its commencement. The trustees anticipate the pleasure the benevolent citizens will receive when they are informed that

58 *scholars, chiefly orphans and fatherless,* are *now receiving* education in this school, from the munificence of the patrons of this institution; and are supplied (free of charge) with books, paper, slates, and every article necessary for their education.

The increase of scholars made it necessary to employ an additional teacher, which will unavoidably increase the expences of the present and future years.

This institution was established without funds at command, or in prospect: hitherto the trustees have succeeded in meeting the demand; but the additional expence may make it necessary to receive aid from the citizen whose benevolent heart waits impatient to embrace the present opportunity of enjoying the grateful pleasure of giving his testimony in behalf of the orphan and destitute under the care of this institution. To expand the youthful mind and qualify the crude ideas of ignorance to discharge the useful duties of citizens, is no mean or inglorious task.

The trustees anticipate the pleasure in a few years of discharging from *this free and impartial institution,* not less than from 40 to 60 scholars *annually,* with useful education. They say *free and impartial,* because no applicants are known, as to sect or profession. The *orphan* has an *exclusive claim.* All others, whether they have ingrate parents, or parents more worthy or virtuous—their offspring are the same to us—*destitute of means to procure education,* is the only absolute requisite for admittance into this institution.

All donations left with Mr. John Hagerty, treasurer, Light-street, will be thankfully received and carefully appropriated.

I. BURNESTON, *Sec'y to the Board of Trustees.*

March 4, 1803.

There will be sermons preached the ensuing Sunday, for the *benefit of this institution,* in the Methodist churches in Light-street and Old-Town—the collections will be continued at both places in the morning, afternoon and night. The citizens are respectfully invited to communicate and receive benefit.

Translated for the American, from the "Amsterdam Courant," received at Bryden's Coffee-House.

PARIS, January 16.

The squadron which sailed from Toulon, destined for St. Domingo, has on board 3000 Polaks, 1800 infantry, two companies of rifle men, two companies of dragoons, and a detachment of artillery.—All these troops have been in the war of Italy. Troops in several ports of France are getting ready to sail for the West-Indies.

Died, on Monday last, at York-town, Pennsylvania, in the 90th year of his age, Mr. *Philip Rothrock,* a respectable citizen of that place. He was amongst the first that took an active part in the American revolution, and was a member of the first committee that was appointed in that town—As a Christian, his motto was,

Teach me to feel another's woe—
To hide the fault I see;
That mercy I to others shew,
That mercy shew to me.

Died at Philadelphia, on the 15th ult. after a tedious and painful sickness, very much lamented by his friends and acquaintance, Mr. *Lewis M. Thurston,* of the house of Proud and Thurston, merchants, Baltimore, and son of Mr. John Thurston, merchant, of this city, aged 23 years. His funeral was respectably attended on the afternoon of the 17th ult. from the house of Mr. John Reynell Coats, and deposited in the Friend's burial ground of that city. [*New-York paper.*]

March 3.

THE PUBLIC

ARE respectfully informed that WARNER and HANNA, booksellers, corner of Baltimore and South Gay-streets, have just received a fresh supply of the following

Valuable Medicines,

From Richard Lee's Patent and Family Medicine Store, New-York:

HAMILTON'S GRAND RESTORATIVE,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of the various complaints which result from dissipated pleasures—juvenile indiscretions—residence in climates unfavorable to the constitution—the immoderate use of tea—frequent intoxication, or any other destructive intemperance—the unskilful or excessive use of mercury—the diseases peculiar to females at a certain period of life—bad lyings in, &c. &c.

And is proved by long and extensive experience, to be absolutely unparalleled in the cure of

Nervous disorders	Violent cramps in the stomach and back
Consumptions	Indigestion
Lowness of spirits	Melancholy
Loss of appetite	Gout in the stomach
Impurity of blood	Pains in the limbs
Hysterical affections	Relaxations
Inward weaknesses	Involuntary emissions
Seminal weaknesses	Obstinate gleets
Fluor albus (or whites)	Impotency, &c. &c
Barrenness	

The principal operation of this remedy is in the stomach, restoring the digestive powers, and sending forth from that organ new health and vigor into every part of the system; it enriches and purifies the blood without inflaming; it braces, without stimulating too violently the nervous system; strengthens the secretory vessels and the general habit; brings back the muscular fibres to their natural and healthy tone, and restores that nutrition which immoderate evacuations have destroyed, and whose loss had thrown the whole frame into languor and debility.

The Restorative is absolutely above all recommendation in removing those weaknesses and infirmities with which many females are afflicted, the consequences of difficult and painful labors, or of injudicious treatment therein.

The most obstinate seminal gleets, and the most distressing cases of fluor albus in females fail particularly under the province of this Restorative—speedily yield to its benign operation, and are radically cured, by correcting and purifying the acrimonious humors, restoring the proper degree of tension to the relaxed fibres, and strengthening the weakened organs.

In cases of extremity, where the long prevalence and obstinacy of disease has brought on a general impoverishment of the system, excessive debility of the whole frame, and a wasting of the flesh which no nourishment or cordial could repair, a perseverance in the use of this medicine has performed the most astonishing cures.

For the cure of a certain dreadful malady,

THE PATENT

INDIAN VEGETABLE SPECIFIC,

Prepared by Doctor Leroux.

The experience of several thousands who have been cured by this medicine (a great portion of them, after the skill of eminent physicians had proved ineffectual) demonstrates its efficacy in expelling the virus, however deep rooted in the constitution, and in counteracting those dreadful effects which often result from the improper use of mercury.

The mildness of the Vegetable Specific is equal to its surprising efficacy, its operation is so gentle that it is given to patients in a state of pregnancy, with the utmost safety, and performs a cure without disturbing the system or producing any of those disagreeable effects inseparable from the common remedies.

With the medicine is given a description of the symptoms which obtain in every stage of the disease, with copious directions for their treatment, so as to accomplish a perfect cure in the shortest time, and with the least inconvenience possible.

Dr. HAHN's ANTI-BILIOUS PILLS,

Which have been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West-Indies, and in the southern parts of the United States, particularly in Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston, and Savannah. The testimony of a number of persons in each of the above places, can be adduced, who have reason to believe that a timely use of this salutary remedy, has under Providence, preserved their lives when in the most alarming circumstances.

NOTE PARTICULARLY, that to prevent the imposition of counterfeits, WARNER and HANNA are appointed the *only* venders in Baltimore, therefore apply only as above.
