100 Dollars Reward.

RAN away from the subscriber, on Monday the 15th instant, a negro man by the name of LIGE, or Elijah; he is of the middle stature and well made, 5 feet 6 or 7 inches high, and supposed to be between 23 and 24 years old, has short wool and a round face, has a few pits of the small pox in his face, and a scar on one of his eyes. He had on a pair of white Russia sheeting trousers and shirt, blue cloth jacket, a pair of new coarse shoes, and an old hat tarred over. He ran away about the 24th of last July, and was taken up and brought back from the Susquehanna. He was seen by his owner about 9 o'clock yesterday morning, near the bank of Maryland, but immediately made his escape. He has got a pass from some negro man which does not answer his description. It is thought he is still lurking in or about the city. As he is well acquainted with the Chelapeake bay, and also working a vessel, it is very probable he may apply for a birth in some vessel bound to sea. He was raised on Fell's-Point by a Mr. Cooper. I will give the above reward for said negro if brought home.

Town Clock Lottery.

THE Lottery for raising a sum of money to erect a Town Clock and Alarm Bell, in this city, commenced drawing yesterday at Mr. Peter Wyant's tavern, agreeably to notice; but in consequence of disappointments, in collecting some of the tickets, distributed for sale in different parts of the country, the managers are under the necessity of suspending the further drawing until Monday next, the 22d instant, at 3 o'clock, P. M. at the same place.

*** A few tickets are yet on hand, and may be had of any of the managers.

By Authority.

3336 prizes				38,000
6664 blanks			Sum raised,	12,000
10,000 tickets at 5 dollars,				50,000

The above lottery is intended to realize the desirable object of a *Town Clock* and *Alarm Bell*, which the citizens have for some years endeavored to obtain, but as yet their efforts have proved ineffectual. As they will be both useful and ornamental to the city, the managers flatter themselves, that the advantages resulting from them to the community at large, will at once strike the attention of a discerning public, especially in a city whose commerce and population is exceeded by few in the United States. The advantages of the scheme itself, (the number of blanks being less than two to a prize) and the expectation of the drawing being completed as soon as any now offered to the public, will, they hope, ensure the tickets a ready sale. All prizes in the above lottery will be paid, *without deduction*, within thirty days after the drawing is completed—those prizes not demanded within twelve months after the drawing, will be considered as relinquished for the benefit of the undertaking.
