☞ *NOTICE IS HEREBY GIVEN*, That if the County Charges due on the within and aforegoing lands for the years 1840, '41 & '42, and Direct Taxes for the years 1841 & 1842, aforesaid charged on the Books of the County Commissioners for Dorchester County to the foregoing persons, shall not be paid to John H. Hodson Esq. late Collector of said County, within the space of thirty days after the publication of this notice is completed, the lands so charged as aforesaid, or such part thereof as may be necessary to raise the sum due thereon, together with a proportion of the legal charges, shall be sold to the highest bidder, for the paymant of the same. By order of the Commissioners for Dorchester County

WILLIAM REA, Cl'k. C. D. C.

Commissioners Office, Cambridge, Nov. 30, 1844. 4w

NOTICE.

THE Public are notified that the undersigned hath presented to the Board of Commissioners for Dorchester county a list of lands, whereon no personal property can be found liable for the payment of the County Charges and Direct Taxes, due me thereon—and whereas, by an Act of the legislature of Maryland, 1842, chapter 133, the laws in regard to the sales of such lands by Collectors have been materially altered and amended, and whereas many of those lands have changed owners since those charges have become due, in consequence of which it is desirable that land holders generally would examine carefully the advertisement, as some of their lands may be exposed to sale for charges due under former owners; and tax-payers generally are interested in making the lands sell, as all deficiencies will have to come against the county as insolvent, and will, if large, swell the county levy beyond the usual amount.

JOHN H. HODSON,
late Collector.

Magnetic Telegraph.—The N. York correspondent of the National Intelligences writes—

You have seen it stated in the papers that it is in contemplation to establish a telegraphic communication. after Morse's plan, between this city and Boston. The report is true. Messrs. Leonard and Gale and the Hon. F. O. J. Smith are the parties by whom the enterprise is undertaken, they having purchased the privilege from Prof. Morse. The electrical wires will be carried tho' Westchester county and along the Connecticut shore, passing through Hartford, New Haven, Springfield and Worcester, to the capital of Massachusetts. A communication between Albany and Buffalo is also to be established during the next year by Professor Morse and another party.

The U. S. brig Lawrence arrived at Pensacola on the 18th inst. direct from Vera Cruz. with despatches from Gov. Shannon, our Minister at Mexico.

The Alexandria Gazette says, that the Mount Vernon estate is not for sale.
