Library Organizer Visits Chestertown.

Miss E. W. H. Scott, Field Secretary and Library Organizer for the Maryland Public Library Commission, was in Chestertown last week. Miss Scott is going about the State endeavoring to arouse interest in Public Libraries and their use. Many people who might use the excellent collection of books we have in our town do not do so. The library is free to every resident, and might well be visited and used.

To promote this idea Miss Scott has spoken before various local organizations. She recommends that the library, which has been started and carried on through the efforts of the members of the Woman's Literary Club of Chestertown, be made tax supported. The amount required would be very small, and would be of incalculable benefit to the people of the vicinity. At present the library is used by about 600 people, and is supported by a few public spirited people for the benefit of many. All the people of the county may use the library.

The economic reason for establishing free public libraries is the fact that public officers and public taxation manage and support them efficiently and make them available to the largest number of readers.

The library brings together the products of the wise minds of all nations and all times. It puts into the hands of its users the testimony and experience of the best authorities in any line. It supplies the best and most up-to-date of pleasure reading, bringing to those who make use of its resources a wider horizon, and broader view of life.

"We all want a library, for ourselves, for our neighbors, for the good name of our town," so says Miss Scott to the members of the Women's Club.

For the benefit of those who live too far from the library to make use of it the State Commission provides collections of books, 35 volumes, which may be borrowed upon request, if 50 cents for the transportation be paid. These books may be kept for four months.

Write to the Maryland Public Library Commission, Baltimore, Md.
