BUY A LIBERTY BOND

All applications should be in the bank by June 13.

Your Dollars Called to the Colors!

The United States Government is asking all of its citizens to subscribe to the new Government War Loan.

THIS APPEAL IS TO YOU!

Kent County Must Do Its Part.

The bonds bear 3½ per cent. interest and can be bought in denominations of $50, $100, $500 and $1,000, and are exempt from all taxes except Inheritance Tax. Should the Government issue bonds bearing a higher rate of interest than 3½ per cent., during the war with the Imperial German Government, the bonds you buy now will be exchangeable for the higher rate bonds. Here is the opportunity for every citizen of Kent county, with $50 or more, to have his share in the great war.

The undersigned banks will receive subscriptions and give full particulars as to d[illegible]s of payment, etc. All banks are acting without any charge. Every dollar subscribed goes to the government.

A Terrific Storm.

The heaviest wind, rain and hail storm which ever visited this section struck the town and county on Wednesday evening about seven o'clock, doing thousands of dollars worth of damage to growing crops and truck. Our oldest residents scarcely recall such a deluge of rain. The sewers and ditches were unable to carry off the great volume of water, and streets were flooded to a depth of several inches, while cornfields, tomato fields, berry and truck patches were deluged. Wheat fields were laid flat, and many of the farmers fear they will lose most of their crop. The storm was accompanied by a downpour of hail as large as marbles in certain sections, and tomato plants, corn and truck fields were riddled. Mr. Joseph Everett, on the Eliason farm, said next morning that he didn't have $25 worth of stuff on the farm; Mr. E. W. Corwin, in Queen Annes, said the hail and deluge of rain simply ruined him, and window panes in all parts of the house were broken by the hail Mr. J. T. Smith's fine 150-acre wheat tillage is ruined, as is also Mr. Henry Smith's. Mr. Walter Elburn's fine truck farm, as well as that of Mr. E. R. Anthony and Mr. R. C. Williams, are ruined. Strawberries were knocked from the vines, and they fear there will not be another picking, while you cannot see a tomato plant or watermelon vine was ever planted. A cement bridge at Iron Hill, in Queen Anne's county, was washed completely out, and an automobile plunged into it. No one was hurt. It is safe to say that it was the worst storm this section has suffered in years, very few, if any parts of the county escaping thousands of dollars worth of damage. Telephones were put out of commission and there was some interruption to the service, but it was quickly restored. This is the second deluge which has visited the county this week, although the weather man said we would have clear skies and fine weather. Certain sections of the county were visited by a terrific rain on Tuesday night, and in some sections the wind was very heavy. Trees were blown down in the county, while in Chestertown a house on Calvert street belonging to Mr. Thomas S. Bordley was blown down and the electric wires at the Voshell House were shattered by lightning.

The storm seemed to hit only sections of the county extending through a stretch of the country from Fairlee north to Still Pond Creek. The farms of C. Frank Crow, Jesse H. Usilton, H. C. Willis, Arthur Loller, W. T. Nicholson, A. E. Nicholson, L. A. Sutton, James French, Raymond Hudson, R. G. Nicholson, George Carter, and up as far as the head of Still Pond Creek in Worton are simply devastated. Every crop is practically ruined except possibly the corn crop. Many of the farmers had just finished planting their tomato plants, and have no more with which to replant. The situation is a serious one, and the loss to the farmers in the two counties may reach close to $375,000.

ENGINES

Our sales of the "Hercules" Engines have been so satisfactory that the company have made us a "service station." They have placed in our store a line of repairs for these engines of all sizes so that if you have a broken or defective part you do not have to wait for us to send to the factory, but just come to our store and get the part you need. On account of the increased cost of material we have notice of an advance in the price of these engines on June 1. We have decided to accept orders for any sizes of these at the old price up to June 10th. You know you have been thinking of getting an engine for pumping or for grinding feed or sawing wood or for general farm work for sometime, but can you afford to put it off longer. The price of grain and feed makes it necessary for you to grind your own and why wait? save the money to pay for it by letting it do the work for you. Our price up to June 10th, 1917, will be

1½ Horse Power	Uses Gasoline.	$ 42.00
3 "		85.00
5 "		125.00
7 "		160.00
9 "		220.00
12 "		267.00

All use Kerosene and are throttling governor.

After the above date the advance will be decided on account of material and freight increase. The engines all use Webster Magneto recognized as the best one made. No batteries needed. Do not delay. Place your order now.

Yours to serve,
