Notice.

Strayed away from my premises in the town of Cambridge about the 1st of May a two year old Heifer of the Durham stock, well grown purchased by me of John H. Carroll about a year ago. The said heifer is clear black & white, except her face, which is pure white. Her eye lashes are white, which gives her some peculiarities of appearance, it is not recollected whether she had any ear mark or not.

A suitable compensation will be given either for her restoration, or for information that will enable me to secure her again.

VALUABLE REAL ESTATE FOR SALE.

NATHANIEL E. GREENE, having concluded to take up a permanent residence in Baltimore, would offer at private sale all his real estate in Dorchester County. The Farm near New Market upon which he recently resided, contains about 400 acres, one-third of which is thickly set in valuable timber, and abundantly more than enough to supply the demands of the farm—the remaining two thirds is arable land divided into 3 fields, each of which is well watered by ample branches. The soil is not only naturally good and kind for the production of corn and wheat, but it was highly improved. The improvements consist of a Large & commodious BRICK DWELLING, containing 8 rooms; a large cook House, with 2 rooms on the 2d floor for servants; a new brick dairy; store room; quarter; meat House; still house; wagon house; 2 corn houses; cart house; carriage house; stables; cow house, and a barn containing 4 rooms.

It has also a large Apple and Peach ORCHARD, and a GARDEN of the first order containing almost every variety of the choicest kinds of Shrubbery and Flowers, and Fruits of all kinds, as cherries, plums, pears, &c. It has a well of water surpassed by none in the country. In fact few farms in the State are more eligibly and favorably situated than this. It is located near the head of Secretary creek, which is navigable, and where there is a large granary for the reception of grain and all other produce of the surrounding country It is bounded on the east by the beautiful town of New Market, and on the west by the beautiful farm of John H. Hodson, Esq., and besides its immediate proximity to the town of New Market, there is in its immediate vicinity 2 large grist mills, a blacksmith shop, a church and a flourishing seminary of learning.

He is also desirous to dispose of his Farm near the Villags of Salem in Dorchester County, formerly the residence of Mrs. Nancy Ennalls; containing 2,50 acre more or less. The improvements consist of an excellent dwelling house, and the requisite out buildings. This farm is in a very central position, and would be an excellent location for a Physician. For terms apply to Messrs. MUSE & GOLDSBOROUGH, Attorney's for NATHANIEL E. GREENE.

PROPOSALS FOR THE ERECTION OF A CHURCH IN CAMBRIDGE —MARYLAND.—

THE subscribers, (a building committee) will receive sealed proposals up to the 15th of July, for the erection of a Methodist Episcopal Church in said town, and let it out to the lowest responcible bidder or bidders; to be commenced and completed as soon as practicable.

Said house to be built of suitable building stone 45 by 60 feet; wall 29 feet high including foundation, 2 1 2 feet thick for the basement story (11 feet) and 2 feet for the remainder; a partition wall 1 foot thick the entire width of the house the hight of the basement.

The basement story will have 10 windows; each 5 feet wide by 6 feet in length; the door of do. will show 8 feet by 15;—The body of the Church will have 12 windows each 5 feet by about 12 in length, and 1 window in do, same as those in basement.

There will be 2 flight of stairs from basement to the body of the church, with 4 1 2 or 5 feet steps, and 2 do into gallary from the body of the church of 4 feet.

A gallery will be erected at the end of the church of about 20 feet in depth. The seating to be plain and neat in the modern stile. There will be 2 ailes each 3 1-2 feet in width, running the length of the church from the vestibule;—The floor and sash all to be of good heart yellow pine. Proposals to include a roof of Zink or of the best cypress shingles.

The whole to be Plastered throughout; and all the wood work well painted. The plastering of the basement will include three rooms and entry. The proposals for plastering should embrace the expenses either of an arch or of a squase ceiling.

Proposals will be received for the whole church including all the material and work, or for each branch of the work separately.

We deem it unnecessary to go into further particulars, as the above will be sufficient to give to persons familiar with the subject, a general idea of the character of the proposed building, It is sufficient to say that the whole material must be of the best quality, and the work executed with neatness and durability.

Proposals may be directed to all or either of the undersigned.

RICHARD NORRIS, Esq., *President.*
JNO. S. LAFITTE, *Secretary.*

The Board avail themselves of this opportunity to draw the attention of the Public to some of the important features of their Charter:

1st. In this Company, all interests are equal; there is no privileged stock.

2d. Persons effecting insurance are not answerable for losses beyond the amount of premiums paid by them; and will divide amongst themselves annually the nett profits.

3d The capital of the Company is limited to half a million of dollars, and at the expiration of the Charter, that sum is to be divided pro rata amongst all persons holding the Policies of the Company. without reference to the time when they were issued, or to the fact of their having expired.

4. In the selection of persons to act as Directors of this Company, there can be felt none of that *proxy* influence which has destroyed, or weakened some of our strongest corporations; with us, the direction of the affairs of the Company *must* be in the hands of those most deeply interested in its proper and prosperous management.

5th. Any Policy holder has the right and the privilege of looking at the monthly statement of its affairs.

6th. Persons insuring in this Company, upon a renewal of their risks, are entitled to a deduction of 5 per cent. on the amount of premiums.

☞ Our Tariff of rates has been carefully revised and the form of our Policies has been amended under the best legal advice, so as to embrace all the modern improvements suggested by Experience. The classification of the Fire Risks, as well as the direction given to represent them in the applications are so modified as to avoid all doubt and ambiguity, and with a view to avoid all possible difficulties in the settlement of losses.

I have accepted the agency of the above Company, and persons desirous of Insuring their Property will find me at all times at my store, where I will receive their proposals, give the necessary information, and have their Insurance effected as soon as returns can be had from the office at Baltimore.

THOMPSON'S VEGETABLE WORM SYRUP,

PREPARED BY

DOCTOR A. C. THOMPSON,
CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of a relaxed habit, whose bowels contain a preternatural quantity of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food; hence Worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with a remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended, and used for that purpose, yet there are articles if properly combined, and judiciously used, will seldom fail in accomplishing the object.

In consequence of my frequent failures in 30 years practice to expel worms from children, with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable Extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your "*Vegetable Worm Syrup,*" and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge properties of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the pretean complications so often manifested in Verminose irritation, will seldom disappoint us in our most sanguine expectations.

Very respectfully yours,
THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir,

I believe that your "*Preparation for Worms,*" will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D.

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson's Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S VEGETABLE ANTI-BILIOUS PILLS,

PREPARED BY

A. C. THOMPSON, M. D.
Cambridge, Md.

As Dr. Thomas justly observes "it is impossible to give a concise and proper definition of the disease known by the name of Fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all fevers, act directly or indirectly on the Liver, all febrile diseases partake more or less of a bilious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where bilious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver. I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, and efficient, and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliary secretions, and thereby prevent or remove those diseases, arising from a redundancy or a deficiency of bile in the system—and may be used in all cases where purging is necessary.

And in the following diseases in particular.

Bilious Ague, Inflamatory and nervous Fevers; all affections of the liver, Bilious Cholic, Jaundice or obstruction in the Liver, Indigestion, or dispepsia, convulsions, or Fits, Rhuematism, Pleurisy, dysentery, foul Stomach, colds, and costiveness;

Numerous certificates might be obtained in commendation of these pills, but as the inventor is so extensively known, having been a practitioner of medicine for nearly thirty years, on the Eastern Shore of Maryland, he deems them entirely unnecessary, as the medicine will recommend itself in every family where it may be used, and the inventor would here remark, that he claims no new discovery in the articles which compose his Anti-bilious Pills, to give them a character. Nor does he recommend them as a cure-all for all diseases, as there are too many of such articles imposed on the public, but from a conviction of the necessity of an article, in which the public can rely. He can from long experience in practice, with confidence recommended them to all who may stand in need of medicine.

HEMSLEY'S WORM DESTROYING —SYRUP.—

PREPARED & SOLD, BY R. F. HEMSLEY, EASTON MD., AND BY HEMSLEY & BEERS *Forty Seven, Ann Street New York.*

AS a safe and certain cure for worms it is believed that this preparation, stands unrivalled among the various anthelmintic remedies which have been offered to the Public. Its reputation is already sufficiently established, and it is not therefore our object at this late period to indulge in any ostentatious boasting for the purpose of effect. The testimony of the Faculty of Medicine, and the numerous certificates afforded from highly respectable private sources, place its character as a remidial agent for the expulsion of worms beyond the reach of controversy or even doubt. It has even claimed and asks none but a fair trial of its virtues, and we add desires thereafter no fictious props to bolster up its success. This is no quack Medicine, but has been and continues to be prescribed by many of the most distinguished medical gentlemen of our country.
