WISTAR'S BALSAM OF WILD CHERRY
THE GREAT REMEDY
WISTAR'S BALSAM OF WILD CHERRY BALTIMORE

FOR

CONSUMPTION.

THE best medicine known to man for incipient Consumption, Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding at the Lungs, Shortness of Breath, pain and weakness in the side, breast, &c. and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this "*Balsam*" exerts a very powerful influence, is that of a "DISEASED LIVER." In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long severe suffering from the disease, without receiving the least benefit from various remedies, and even when MERCURY has been resorted to in vain, the use of this BALSAM has restored the LIVER to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned we also find it a very effectual remedy in ASTHMA, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

The universal celebrity which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has effected, have now established its efficacy beyond all doubt, but it should be remembered, that in diseases of the LUNGS or LIVER, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet, from the high celebrity it has acquired, we find many persons are apt to expect too much at the commencement, while others expect a *Single Bottle* to afford them greater relief than all the medicine they had taken for months previous.

We will not assert that this BALSAM will cure consumption in its *worst form* but it has cured many after all other means of relief had been tried in vain. And why no? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the ravaging diseases of this latitude. Let not the despairing invalid waste his money and lose time to him so all important, in *experimenting* with the trashy nostrums of the day, but use *at once* a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience have demonstrated that it *always* relieves. "There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one *can* doubt, fully establishes this fact.

In presenting this highly useful and valuable medicine to public notice as a remedy for *Consumption* and *Pulmonary* diseases in general, the proprietor has been actuated solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind that it is entirely different from the *nostrums* daily ushered into notice by *boasting quacks*, as it not only emanates from a regular *Physician* but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that CONSUMPTION may and "CAN BE CURED," if this medicine be resorted to in time.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicsne, are, in every respect TRUE.

☞ *BEWARE OF COUNTERFEITS AND IMITATIONS.*—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing—has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR WISTE'S BALSAM OF WILLO CHERRY. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

"CONFESSION."

I THE subscriber publicly confess that I have been afflicted with a Secret disease ever since 1825, I had thirteen eminent physicians whose names are recorded at the French Medical House; some of them abated the disease; but it always returned worse than before, until it carried away both sides of my throat and pierced the top of my palate. I also lost several bones of my nose and was almost blind of an eye, and my face was covered with an immense quantity of scabs, between which the skin was as red as scaylet, and I was in deed in a most deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me then that a common doctor could not extricate me from the jaws of death—for they all follow the same old routine with their train of mercury, mixture or pills, invented by ignorance and conttnued by cupidity, and do no good to any but the venders. Several persons recommended the French Doctor of the Medical House, 16 South FREDERICK St. as a scientific man and a rare genius in those complaints. I went to him and he pledged himself to cure me on written guaranty, and he furnished me with one room in his house, as he generally does, with strangers, at no cure no pay. I did not hesitate at all on seeing so many likenesses of patients, who are living evidences of the many wonderful cures he has performed of almost every kind of disease. Then he had my daguerreotype likeness and I took his medicine for about a year which completely cured me.—He had then my other likeness taken, and both are to be seen at his office. If this meets the eye of some wretched ed being in the grasp of death, as I was, let him fly to this praiseworthy philanthropist, whose deep knowledge of the vital principles which climate and move the human frame, are known in both hemispheres, and I believe from my very soul (not forgetful that I am sn oath) that his exquisite genius will discover as many new and well appropriated remedies, as new diseases may be formed.

NO MERCURY OR COPAIVA.

THERE are two ways to treat a Secret Disease; the first so much boasted of, is merely the temperary disappearance of the symptoms, by means of mercury or copaiva, and requires but a day or two, but it is very injurious indeed; the second way is to eradicate it out of the system, slowly, safely, and surely, without *Mercury* or *Copaiva*.

Sound in a day or two,
'Tis too good to be true.

Thirty odd years of experience in the scientific practice of curing Secret Diseases in Paris and America, have enabled the French Doctor of the French MEDICAL HOUSE, 16 south Frederick street, near Second st. to eradicate the most virulent disease, no matter from what cause it may have originated, in a very short but reasonable time, without Mercury or Copaiva.—Victims of an improper treatment, and wearied with disappointment may confidently apply. Persons who have injured their Health by a certain practice called solitary vice, which brings impotency, will be restored to prime vigor. This is the only place in BALTIMORE where a sure cure can be had on written guaranty and forfeiture, with strict honesty and terms moderate. The most respectable city reference will be given. Advice gratis.
