Dr Stainburn:—My daughter, who had a distressing cough, raised a great quantity of phelegm, and who was afflicted with palpitation of the heart, had taken a box of your Vegetable Extract Pills and is now quite well. Others bear testimony to their good effects. Yours respectfully,

EASTON, July 1, 1844.

Dr. Stainburn. I have considerable matter to tell you concerning the Extract Pills, where they have performed cures, when those who have bought them had scarcely any faith in their effects. There is a lady here, now able to attend to her domestic concerns, who was, at the time she commenced taking them, confined to her chamber, and prostrated on her bed. I will tell you more when I see you; please credit my account with the enclosed twenty dollars, and send me by the bearer another gross of pills.

Respectfully, &c. GEO. S. SMITH

Dr Stainburn:—Your Vegetable Extract Pills have had wonderful effects in several cases in this town; I sold a box to a man who had been sick with consumption and theumatic complaints for four or five years, and who was unable to dress himself without any trouble, and think he has wholly recovered. I am quite out of the pills; will you send me a lot by the first opportunity?

THOMPSON'S VEGETABE WORM SYRUP,

PREPARED BY
DOCTOR A. C. THOMPSON,
CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of relaxed habit, whose bowels contain a preternatural quantity of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food: hence worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended and used for that purpose, yet there are articles which if properly combined and judiciously used, will seldom fail in accomplishing that object.

In consequence of my frequent failures in 30 years practice to expel worms from children with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup.*

This most valuable Vermifuge is prepared entirely of Vegetable extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowledge of the various vegetable medicinal agents embodying your "*Vegetable Worm Syrup,*" and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge powers of the compound; which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which if properly adapted to the pretean complications so often manifested in Verminose irritation, will seldom disappoint us in our most sanguine expectations:

Very respectfully yours,
THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir.

I believe that your "*Preparation for Worms,*" will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D.

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson's Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S
VEGETABLE
ANT-BILIOUS PILLS,

PREPARED BY
A. C. THOMPSON, M. D.
Cambridge, Md.

As Dr. Thomas justly observes, "it is impossible to give a concise and proper definition of the disease known by the name of fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all fevers act directly or indirectly on the Liver, all febrile diseases partake more or less of a billious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and Membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where billious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver, I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, an efficient and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliarly secretions, and thereby prevent or remove those diseases, arising from a redundancy or a deficiency of bile in the system— and may be used in all cases where purging is necessary.

And in the following diseases in particular:

Bilious Ague, Inflammatory and nervous Fevers; all affections of the Liver, Bilious Colic, Jaundice or obstruction of the Liver, Indigestion or dyspepsia, convulsions or Fits, Rheumatism, Pleurisy, dysentery, foul stomach, colds and costiveness.
