FOR CENTREVILLE AND CHESTERTOWN Will leave Patterson street wharf every WEDNESDAY MORNING, at 7 o'clock, and return same day.

☞All baggage at the risk of the owners.

JOHN D. TURNER, Captain.

April 11th 1846. tf

Executors Sale.

By virtue of an order of the Orphan's Court of Dorchester County, I will sell at private sale to some person or persons living in the county six negroes belonging to the estate of Henry L. McNamara, [slaves for life] consisting of the following description: 1 negro man named DANIEL between 45 & 50 years of age a good sawyer; 1 named DANIEL about 40 years of age a trusty good hand; 1 named MOSES about 40 years of age good wood hand; 1 named PHILEMON a likely looking fellow about 25 years old a trusty good hand and bears an excellent name; 1 likely boy named LLOYD about 18 years old; one negro woman named SUSAN a good cook about forty years old.—The terms of sale are, that the said negroes are not to be carried out of the county except on temporary occasions with a view of returning, and a credit of six months will be given with note and approved security bearing interest from the day of sale until paid. The above negroes are hired out for the present year and persons buying will be entitled to the hire of them for the present year; persons wishing to buy will make as early application to the subscriber as possible.

J. R. MARTIN' Exct'r of Henry L. McNamara.

Fishing Creek, Feb, 28. 1846,

TAILORING.

THE subscriber takes this occasion of returning his thanks to those who have heretofore favored him with their patronage, and also to inform them that he has taken the shop formerly occupied by Mr. William C. Littleton. He still continues to carry on the above business in all its various branches; such as cutting and making COATS, PANTS & VESTS, and all other GARMENTS in his line of business, with neatness and despatch.

☞All garments made by him warranted to fit.

THE PARIS AND PHILADELPHIA FASHIONS

are regularly received, and his work warranted to be executed in the neatest style.

Having been in the habit of cutting for a long time; the subscriber flatters himself he can give general satisfaction. He hopes, therefore, by strict attention to business, to share a liberal part of the public patronage.

EDWARD STREET.

Cambridge, Feb. 7th 1846. 1y

N. B. Those having accounts of long standing will please call and settle by note or the cash. All work and no pay makes Tailoring a dull business.

THE subscriber is manufacturing and has for sale his usual variety of

VENITION BLINDS,

comprising all the fashionable Styles and Color of the Season. Also

HAIR MATTRESSES,
HUSK MATTRESSES

of the very best materials and workmanship, good Ticking and well filled. Also

PAPER HANGINGS—Gilt and Brass CURTAIN ORNAMENTS—DAMASKS—BINDINGS, &c.

☞Country customers may at all times rely upon getting the precise article bargained for.

The whole at Prices to suit the times.

VALUABLE FARM FOR SALE.

THE subscriber offers for sale a valuable tract of Land lying in Talbot County, directly on the waters of the Great Choptank nearly opposite Cambridge, a little obliquely from Wm. T. Goldsborough's, this property adjoins the lands of Thos. Burchenal, Dr A. C. Thompson and John H. Harris. The tract contains **200 acres**, a good proportion in **TIMBER**. The location cannot be surpassed for health and beauty, the soil productive, and the sources of Shell and vegetable manure inexhaustible. There is within a half mile of the dwelling a fine MINERAL SPRING, equal to any on the peninsula, the qualities from analyzing is found to be Magnesia & Sulphur.

The improvements area

2 Story Frame Dwelling new, Kitchen, Dairy, Barn, Stables and other necessary out building. The shores abound with Oysters, Fish and Wild-fowl in abundance in season. Persons desirous to make an investment in a salt water situation would do well to come and examine before they purchase, as there is many inducements or advantages in this property which is not to be found even in situations on the water.

ISAAC W. JUMP.

Talbot county, March 14, 1846—tf

N. B. The materials to be furnished on the spot.

Papers friendly to the cause will please give the above an insertion.

NEGROES WANTED.

HAVING returned from New Orleans, I will now pay the highest cash prices for all likely negroes that are slaves for life and good titles. All communications will be promptly attended to.

HOPE H. SLATTER,
Pratt Street.

WISTAR'S BALSAM OF WILD CHERRY
THE GREAT REMEDY
BALSAM OF WILD CHERRY

FOR

CONSUMPTION.

THE best medicine known to man for incipient Consumption, **Asthma** of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding at the Lungs, Shortness of Breath, pain and weakness in the side, breast, &c. and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this *"Balsam"* exerts a very powerful influence, is that of a "DISEASED LIVER." In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long severe suffering from the disease, without receiving the least benefit from various remedies, and even when MERCURY has been resorted to in vain, the use of this BALSAM has restored the LIVER to a healthy action, and in many instances effected permanent cures after every known remedy had failed to produce this disired effect.

Besides its astonishing efficacy in the diseases above mentioned we also find it a very effectual remedy in ASTHMA, a complaint in which it has been extensively used with decided success even in cases of years standing.

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process. approved and racommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

The universal celebrity which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has effected, have now established its efficacy beyond all doubt, but it should be remembered, that in diseases of the LUNGS or LIVER, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the Balsam will afford a most immediate relief, and often effect great changes in a few days, it cannot reasonably be expected to produce the same salutary effect in every case in so short a time; yet, from the high celebrity it has acqurired, we find many persons are apt to expect too much at the commencement. while others expect a *Single Bottle* to afford them greater relief than all the medicine they had taken for months previous.

We will not assert that this BALSAM will cure consumption in its *worst form*, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that the WILD CHERRY was destined by Nature to be our PANACEA for the ravaging diseases of this latitude. Let not the despairing invalid waste his money and lose time, to him so all important, in *experimenting* with the trashy nostrums of the day, but use *at once* a medicine that will cure, if a cure be possible—a medicine that serence approves, and many years of experience have demonstrated that it *always* relieves. "There is no such thing as fail" in the history of this wonderful Balsam. Evidence the most convincing—evidence that no one *can* doubt, fully establishes this fact.

In presenting this highly useful and valuable medicine to public notice as a remedy for *Consumption* and *Pulmonary* diseases in general, the proprietor has been actuated solely by the great success attending its use in his practice and a desire to benefit the afflicted, and would therefore wish particularly to impress upon the public mind that it is entirely different from the *nostrums* daily ushered into notice by *boasting quacks*, as it not only emanates from a regular *Physician* but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter my self that its surprising efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that CONSUMPTION may and "CAN BE CURED," if this medicine be resorted to in time.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicsne, are, in every respect TRUE.

☞ *BEWARE OF COUNTERFEITS AND MITATIONS*:—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended—curing many cases after the skill or the best physicians was unavailing—has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam

Be careful and get the genuine DR. WISTE'S BALSAM OF WILLO CHERRY. None genuine unless signed by I. BUTTS. Address all orders to SETH W. FOWLE, Boston, Mass.

DRUGS, MEDCINES, PAINTS,

OILS, GLASS & DYE STUFFS.

The subscriber has just returned from Balto. with a FRESH and GENUINE assortment of the above articles, to which he would call the attention of the Public and Physicians thro'out the County. He would name in part

STAINBURN'S VEGETABLE PILLS.

THIS MOST POPULAR OF ALL MEDICINES has truly gained the confidence of the many thousands of sufferers who have used it, in many forms of disease, with UNFAILING SUCCESS.

The following complaints have always been cured when the Stainburn Pills have been taken according to the directions which accompany each—

A vast number of communications have been received by the proprietor, each proving a cure o some of the above diseases, and which might here be introduced, would space permit, but it is hoped the following will be sufficient to place beyond all doubt *their curative virtue*:

From DR. REED, of Virginia.

Norfolk, June 12, 1844

Dr. Stainburn:—Sir: Since I last wrote you, have seen several persons who have been using the Vegetable Extract Pills and in every case they have proved themselves worthy the name they bear. A young man by the name of John Forsythe, had been wasting away in a seated consumption for several years, and by using the Extract Pills for about two weeks, his cough, pains. &c., left him entirely, and he is now so well as to be about his ordinary business. Indeed sir, from the rapidity of the sales, the value of your pillsmay be safely discerned. I am entirely out, have daily calls for them, and wish you would forward me more as soon as posstble. Yours, &c.

THOS. S. REED.

[From Massachusetts.]

Worcester June 17, 1844.

Dr Stainburn:—My daughter, who had a distressing cough, raised a great quantity of phelegm, and who was afflicted with palpitation of the heart, had taken a box of your Vegetable Extract Pills, and is now quite well. Others bear testimony to their good effects. Yonrs respectfully,

JOHN STRIKER, Jr.

[From Pennsylvania.]

EASTON, July 1,

Dr. Stainburn. I have considerable matter to tell you concerning the Extract Pills, where they have performed cures, when those who have bought them had scarcely any faith in their effects. There is a lady here, now able to attend to her domestic concerns, who was, at the time she commenced taking them, confiued to her chamber, and prostrated on her bed. I will tell you more when I see you; please credit my account with the enclosed twenty dollars, and send me by the bearer another gross of pills.

Respectfully, &c. GEO, S. SMITH

[From Connecticut.]

New Haven, June 27, 1844.

Dr Stainburn:—Your Vegetable Extract Pills have had wonderful effects in several cases in this town; I sold a box to a man who had been sick with consumption and rheumatic complaints for four or five years, and who was unable to dress himself without any trouble, and think he has wholly recovered. I am quite out of the pills; will you send me a lot by the first opportunity?

Yours in haste, R. W. SMALLEY,

The Pills are sold Wholesale and Retail at Dr. Stainburn's office, No. 7 Ann Steet, and by most of the respectable Druggists in New York,. Also, by one agen in each village in the United States'

March the 7th 1846. tf

"CONFESSION."

I THE subscriber publicly confess that I have been afflicted with a Secret disease ever since 1823, I had thirteen eminent physicians whose names are recorded at the French Medical House; some of them abated the disease; but it always returned worse than before, until it carried away both sides of my throat and pserced the top of my palate. I also lost several bones of my nose and was almost blind of an eye, and my face was covered with an immense quantity of scabs, between which the skin waf as red as scaylet, and I was indeed in a most deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me then that a common doctor could not extricate me from the jaws of death—for they all follow the same old routine with their train of mercury, mixture or pills, invented by ignorance and continued by cupidity, and do no good to any but the venders. Several persons recommended the French Doctor of the Medical House, 16 South FREDERICK St. as a scientific man and a rare genius in those complaints. I went to him and he pledged himself to cure me on written guasanty, and he furnished me with one room in his house, as he generally does, with strangers, at no cure no pay. I did not hesitate at all on seeing so many likenesses of patients, who are living evidences of the many wonderful cures he has performed of almost every kind of disease. Then he had my daguerreotype likeness and I took his medicine for about a year which completely cured me.—He had then my other likeness taken, and both are to be seen at his office. If this meets the eye of some wretched ed being in the grasp of death, as I was, let him fly to this praiseworthy philanthropist, whose deep knowledge of the vital principles which animate and move the human frame, are known in both hemispheres, and I believe from my very soul (not forgetful that I am sn oath) that his exquisite genius will discover as many new and well appropriated remedies, as new diseases may be formed.

HENRY BRUMMER.

Sworn before Justice Wm. McJilton, Oct. 30, 1845.

Dec. 13, 1845 1y.

NO MERCURY OR COPAIVA.

THERE are two ways to treat a Secret Disease; the first so much boasted of, is merely the temporary disappearance of the symptoms, by means of mercury or copaiva, and requires but a day or two, but it is very injurious indeed; the second way is to eradicate it out of the system, slowly, safely. and surely, without *Mercury* or *Copaiva*.

Sound in a day or two,
'Tis too good to be true.

Thirty odd years of experience in the scientific practice of curing Secret Diseases in Paris and America, have enabled the French Doctor of the French MEDICAL HOUSE, 16 south Frederick street, near Second st. to eradicate the most virulent disease, no matter from what cause it may have originated, in a very short but reasonable time, without Mercury or Copaiva.—Vicrims of an improper treatment, and wearied with disappointment mas confidently apply. Persons who have injured their Health by a certain practice called solitary vice, which brings impotency, will be restored to prime vigor. This is the only place in BALTIMORE where a sure cure can be had on written guaranty and forfeiture. with strict honesty and terms moderate. The most respectable city reference will be given. Advice gratis.

Jany. 3 '46 1y

For Sale.

I WILL sell at private sale, a negro Woman and two children, (both girls.) The woman to serve two years, and the children until they arrive at the age of 26 years, one of them being now 5 or 6 years old, and the other younger.

EARLY PEAS & GARDEN SEED—A Fresh and genuine assortment of the above articles just received & for sale by W. F. RUDENSTEIN,

Feb. 21, '46. Druggest

THOMPSON'S VEGETABLE WORM SYRUP,

PREPARED BY

DOCTOR A. C. THOMPSON,

CAMBRIDGE, MD.

The most common cause of Worms is unwholesome food, with bad digestion, Worms appear most frequent in children of relaxed habit, whose bowels contain a preternatural quantito of Mucus or Slimy Matter, although many children who appear of a robust constitution are liable to have them, especially if they have lived on unwholesome food: hence worms are most common to children, although many grown persons are subject to them, I have known persons of advanced age to have them.

It is well known to the Medical profession, that many diseases are brought on, and continued by reason of Worms, and many children die annually in consequence of their not being timely expelled from them. It therefore becomes a subject of great importance, to know when they do exist, and to be prepared with remedy that will be certain to expel them.

It is often a difficult matter to expel worms, from children, although numerous remedies have been recommended and used for that purpose, yet there are articles which if properly combined and judiciously used, will seldom fail in accomplishing that object.

In consequence of my frequent failures in 30 years practice to expel worms from children with the remedies in common use, I have been induced to prepare a remedy in the use of which I have but seldom failed. Therefore to serve the cause of humanity and to be instrumental in saving the lives of many children, I offer it to the public as *Thompson's Vegetable Worm Syrup*.

This most valuable Vermifuge is prepared entirely of Vegetable extract, and combines the most active and efficient worm medicine in use, and can be recommended as a perfectly safe remedy in all states and conditions of persons, who are infested with worms, and as all children are more or less liable to have worms, every family in the community should never be without it.

RECOMMENDATIONS.

CAMBRIDGE, April 25, 1845.

To Dr. A. C. Thompson,

DEAR SIR:—A knowladge of the various vegetable medicinal agents embodying your *"Vegetable Worm Syrup,"* and their anthelmintic power, separately considered, justifies me in alluding in no measured terms of praise to the Vermifuge powers of the compound which I take very great pleasure in recommending as an heroic, safe and efficient anthelmintic, which it properly adapted to the preteen complications so often manifested in Verminose irritation, will seldom disappoint us in our most sanguine expectations:

Very respectfully yours,
THOS. HY. HANDY, M. D.

CAMBRIDGE, April 26, 1845.

My Dear Sir,

I believe that your *"Preparation for Worm,"* will give general satisfaction—being an excellent combination of the most certain anthelmintics.

Yours very truly,
ALEX. H. BAYLY, M. D

To Anthony C. Thompson.

I concur in the above commendations of *Dr. Thompson'e Vegetable Worm Syrup.*

WILLIAM L. WINGATE, M. D.

THOMPSON'S

VEGETABLE ANTIBILLIOUS PILLS,

PREPARED BY

A. C. THOMPSON, M. D.

Cambridge, Md.

As Dr. Thomas justly observes, "it is impossible to give a concise and proper definition of the disease known by the name of fever, as it has no symptoms invariably attendant on it, which can point out its real nature or essence," but as all levers act directly or indirectly on the Liver, all febrile diseases partake more or less of a billious character, whether of the intermittant, remittant or continued type; hence the frequency of those cases, where the Viscery Glands and Membranes are attacked, and put in all the various forms of Rheumatic, and inflammatory affections, so often met with in districts of country where billious diseases prevail.

Therefore to repel these complicated varieties of disease, depending on a derangement of the Liver, I have prepared, for the benefit of families, and for the accommodation of the medical practitioners, an efficient and safe remedy, which can be relied on, as containing a combination of such vegetable extracts as are usually employed in general practice, scientifically arranged so as to act on the Liver, and biliarly secretions, ane thereby prevent or remove those diseases, arising from a redundancy or a doficiency of bile in the system— and may be used in all cases where purging is necessary.

And in the following diseases in particular

Bilious Ague, Inflammatory and nervous Fevers; all affections of the Liver, Billious Cholic, Jaundice or obstruction of the Liver, Indigestion or dyspepsia, convulsions or Fits, Rheumatism, Pleurisy, dysentary, foul stomach, colds and costiveness.
