CONGRESSIONAL INTELLIGENCER.

THE Proprietors of the National Intelligencer, in order to meet the wishes of those whose circumstances or inclination do not allow them to subscribe even to a weekly Washington paper during the whole year, have determined to issue each session of Congress a weekly sheet styled "*The Congressional Intelligencer*," to be devoted exclusively to the publication, as far as its limits will permit of the proceedings of both Houses of Congress, and Official Reports and Documents connected therewith, including a complete official copy of the Acts passed by Congress during the session.

To bring the price within the means of every man who can read, the charge for this paper will be for the first session of each Congress One Dollar, and for the second session of each Congress half a dollar.

The price of the Congressional Intelligencer, to be issued on each Wednesday during the approaching Session of Congress, will therefore be One Dollar, paid in advance.

To enlarge upon the value, to those who take no newspaper from Washington, of this publication, containing an impartial but necessarily abbreviated account of the proceedings in Congress, including an authentic official copy of all the laws passed during the session, would be needless. The man who takes no such paper ought to take one, if he does not prefer remaining ignorant of what most nearly concerns his own destiny, and that of his family and his posterity forever.

☞ Payment in advance in all cases is indispensable.

Weekly National Intelligencer.

This paper, being made up of such portion of the contents of the National Intelligencer proper, as can be compressed within the compass of a single newspaper, continues to be issued and mailed to subscribers every Saturday at Two Dollars a year, payable in advance in all cases—no account being opened with subscribers to the weekly paper.

To bring this paper yet more nearly within the reach of such as desire to take by the year a cheap paper from the seat of the General Government, a reduction will be made in the price of it where a number of copies are ordered and paid for by any one person or association at the following rates:

For Ten Dollars six copies will be sent.
For Twenty Dollars thirteen copies; and
For each sum of Ten Dollars, above Twenty-eight copies will be forwarded; so that a remittance of Fifty Dollars will command thirty-seven copies.

A CARD.

MR. **BARROW, Teacher** in the English Department of the Frederick Academy, having much regretted that several of his Patrons were unable to attend his late Examination, held July 31st, 1845, hereby informs them that they may call whenever convenient and see the operation of his school.

Thankful for the patronage afforded him, he is still able to accommodate and teach a few more, and would be especially pleased with additions to the Grammar Class.

He thinks there are few, if any, schools here or elsewhere in which boys learn the same things (viz. Orthography, Reading, Penmanship, English Grammar, Geography, and Arithmetic.) with greater rapidity and accuracy than in this school.

In confirmation of this, he is well pleased to be able to refer to the following most competent eye witnesses:
