A VALUABLE FARM AND TIMBER LAND FOR SALE.

THE subscriber offers for sale that valuable tract of Land known by the name of "Broad Oak," lying in Talbot County on the head of the Bowlin Brook, near the Choptank river, opposite Cambridge. This land adjoins the lands of Thomas Burchenal, James Chaplain, John H. Harris, Isaac W. Jump and Edward Hardcastle, Esqr's. The tract contains

390 Acres of Land.

There is a large quantity of PINE TIMBER on it, suitable for Vessel Spars, Plank, &c.; indeed it is said by a competent judge, to be the best body of spar timber on the Choptank.

The improvements are, a tolerably good Frame DWELLING, a large Barn, Stables, Corn house and other out buildings suitable for farming purposes. The land is productive, and very susceptible of improvement either with lime or ashes. There has been put upon one field ten thousand bushels of shell lime, which has acted finely in improving the soil.

The Bowlin Brook Creek, on which this farm lies, is one of the finest for fish, oysters, and wild fowl, belonging to the Choptank river. Persons desirous of living on the salts, would do well to examine this property, which is one of the most healthful situations in that part of the county.

The terms, will be made accommodating to a good purchaser. This land will be offered at public sale on WEDNESDAY the 24th day of JUNE, at the Trappe.

THE PENNY MAGAZINE.

A NEW AND ELEGANT EDITION OF THE REISSUE OF THE

PENNY MAGAZINE.

The success which the cheap Edition of the PENNY MAGAZINE has met with, induces the Publisher to comply with the earnest request of numerous gentlemen in various parts of the Union, to publish a new Edition, on finer paper, and in a more elegant style.

The publisher, therefore, hereby announces, that on the FIRST SATURDAY OF JULY, 1846, he will issue

THE FIRST NUMBER OF THE FINE EDITION OF THE

PENNY MAGAZINE,

and regularly, thereafter, on the FIRST and FIFTEENTH of every month, continue to publish the succeeding numbers, until the entire work is completed.

The entire work will be published in 72 Numbers or Parts, at the low price of

12 1-2 CENTS PER NUMBER,

being at least one third less than the original price, and when completed, will constitute eight very beautiful and large imperial octavo volumes, of permanent value and usefulness.

The London Penny Magazine, issued under the direction of the "Society for the diffusion of Useful Knowledge," is, unquestionably, one of the most entertaining and useful of all the popular works which has ever appeared in any age, or in any language.—Its pages embrace every subject in the wide field of human knowledge; and as every article, whether on **Science, History, Biography, Literature, or the Arts,** passed the careful scrutiny and critical ordeal of an ABLE COMMITTEE OF LEARNED MEN, the work may be placed in the hands of the youth of the country without danger or distrust. The popularity of the work in England may be judged of from the fact that, during the first year of its publication,

MORE THAN 80,000 COPIES

of the monthly parts were disposed of. The whole work consists of about 4,000 large imperial octavo pages, and is illustrated with **2,000** ENGRAVINGS.—The original cost of the Stereotyping and Engraving, to the London publishers, was $25,000.

☞The Work is sold by all dealers in Books and cheap Literature, throughout the United States.—Persons wishing to obtain it regularly on its issue, will do well to hand in their names to some Book-seller in their neighborhood, or as early a day as possible. The usual discount to the Trade.

☞Every Postmaster in the United States or the Canadas is authorized to procure subscribers for this beautiful and useful Work. By remitting to the Publisher ONE DOLLAR, they will receive TEN Copies of any number. The postage on each number will be about four cents, so that persons in the country clubbing together and sending on for a dozen or more copies at a time, will get them by the return mail at very little above regular retail price, postage included.

Money may be remitted by mail at the risk of the Publisher. Address your orders to

J. S. REDFIELD, Clinton Hall, N. Y.

*** J. S. R. is always supplied with a complete assortment of BOOKS in every department of Literature, suitable for the wholesale trade, and is prepared to answer any orders for Books, Stationery, or Cheap Publications, with promptness, and at the very lowest prices. CLERMONT BOARDING ACADEMY FOR BOYS.

Three miles North of Philadelphia, on the road leading from Frankford to Germantown.

THIS Institution is situated in a very healthy and retired part of the Country, one and a half miles from Frankford; the beauty and salubrity of the place, combined with its large and ample accommodations, render it one of the most desirable situations in the vicinity of Philadelphia or in the Country.

MUCH care is taken for the preservation of health, and special attention is paid to the physical as well as to mental and moral culture. The Boarding department is under the particular care of the parents of the principals; and no exertion is spared by either the teachers or the family that promotes the happiness and improvement of the pupils.

THE plan of government is mild, but administered with firmness and method Young men will be received into the Institution, but on all occasions they must be of good moral character.

SCHOLARS that are indolent, immoral or wilfully mischevious, cannot remain in the Institution, under any consideration whatever.

The distance from the neighboring villages is such that the pupils are entirely free from the influence of improper company and associates; no companions are allowed them except those connected with the Institution.

THE pupils of the Elementary deparment are especially attended to, and great care is taken to interest them in the beginning of their studies, and to give them a practical understanding of all the subjects they may have to learn.

A full course of Study embraces all the elementary and nearly all the higher departments of Science with the Ancient and Modern Languages.

Lectures in Physiology, Chemistry, Natural Philosophy, and Agricultural Chemistry, are delivered during the winter; and to render the acquisition of these branches of science easy and interesting, more than one thousand experiments are shown with very superior apparatus. A large number of anatomical preparations have been procured, to aid the pupils in obtaining a better understanding of the various functions of the human system.

EACH Pupil must be provided with good substantial clothing, and it is particularly desired, that such colors may be chosen as are not easily soiled.

EACH Pupil must be provided with a pair of slippers, towels, shoe brushes, blacking, and a tin wash basin. Every article of clothing must be distinctly marked with the owners name in full.

THE charge for Boarding and Tuition in English is $70 per session of TWENTY THREE WEEKS, PAYABLE IN ADVANCE; or $40 per quarter or TWELVE WEEKS.

For the use of English Books, Library, Lights, Fuel. &c., $1 per quarter; and for Latin, German, French, Spanish and Drawing each $5 per quarter.—Music $10 per quarter.

THERE are two vacations in each year, viz: the last three weeks, in the Fourth month (April) and the last three in the Tenth month (October). Address all letters to "Clermont Academy, near Frankford, Pa."
