WASHINGTON COLLEGE NOTES

The Cadets are now enjoying their Christmas holidays, which began yesterday and will end Sunday, Jan. 6, 1918. All except the Carrall brothers, from Mexico, have gone home. They will spend their vacation in Chestertown and New York City.

The issue of The Collegian put out this week is full of interesting items. Read it.

The classes in the inter-class basketball league stand as follows: Juniors, first; Sophomores, second; Freshmen, third; Senior, fourth; Second Preps, fifth; First Preps, Sixth.

Cadet Folars received a rather serious injury one night last week while looking for Mr. Harvey at the heating plant. Accidentally, he fell down into the coal bin, about eight feet deep. He received a broken arm and his thigh was bruised. Under Dr. Simpers' care he recovered sufficiently to be able to go home Wednesday.

ARE MEN MORE PATRIOTIC THAN WOMEN?

Don't you know, somehow, I have my doubts whether or not women are as patriotic as men. I have had quite a good bit to say to both and my findings have been decidedly in favor of the "stronger sex."

Now some of us are all right, and they know who they are, so it will be our duty to show the other women what to do. Now, some time ago we were asked by the president to do a specific thing, and many are not paying a particle of attention to it. Now, all had the same chance to do their bit in this way, but many are plain deserters to the cause. They signed up as patriots, but by not following the pledge they signed they are deserters.

Some folks said, "We will not deny ourselves the wheat, when so much is being made into intoxicating drinks." That is all over now, and these fellows can fall into line. Some said, "I don't think we should be in this war. It is not of our making!" Let them look at the photo of the little girl in the Saturday Evening Post of this week, and see her poor mangled fingers, which are so because a German gave her a lighted bomb to hold in her hand, and only because of defective work is she here at all to tell about it. I would think that would make any woman fall into line.

When the general in the army, who commands all of the forces, gives an order, IT IS OBEYED, REGARDLESS OF WHAT THE PRIVATE THINKS! Can we not do as well? Why do we question what is told us to do? Don't we know well enough that some one wiser than we are has been put in charge of the available supplies, and if we don't fall in line and obey orders, we will get into trouble?

Let us fix our attention on the request, nay, it is an order, from the commanding officer, President Wilson, that we observe the wheatless and meatless days, and even if we individually save only a few ounces a day, yet multiplied by all the women in the United States, it will make a big saving. Don't put yourself up in opposition to his far-sighted vision! Don't say, rebelliously, "There is no reason for us not having sugar!" "There is no reason for us to use meat substitutes." "We have 500 or 800 lbs. of hog meat, and I shall eat ALL of it." When we have been asked to deny ourselves, and only eat half as much, so that more can be put on the market.

Study up on the Kitchen Card, which was recently given you, and follow out the instructions given there BY SOME ONE WHO KNOWS MORE THAN YOU DO!

EVELYN HARRIS,
Chairman Home Economics Com.

—The Ringgold Point Duck Club bagged on Monday last 119 canvass back ducks, 40 black heads, 3 red heads and a number of whifflers in all 170 ducks. This will put Kent Co. on the map again in this line.

—Feed to produce one dozen eggs costs 10 cents with pullets, 14 cents with two-year-old hens and 19 cents with three-year-old hens, says a government report, using the cost of rations of a few years ago upon which to base the figures. It would be a hard matter to convince many Kent poultrymen that it does not cost many times this amount to produce a dozen eggs.

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache, headaces or dizzy spells, if you rest poorly and are languid in the morning, if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Chestertown residence desire more convincing proof of their effectiveness than the statement of a Chestertown citizen who has used them and willingly testifies to their worth?

Mrs. S. E. Kirby, Queen st., Chestertown, says: "About six years ago I used Doan's Kidney Pills, procured from the Stam Drug Co., with very good results. I was troubled with slight disorder of the kidneys and had backache."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kirby had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.
