Commissioners' Office.

Alms House, Dorchester County, June 1849.

To the Worshipful the Board of Commissioners for Dorchester county:

GENTLEMEN—In accordance with the act of Assembly of 1843, chapter 355, We hereby submit to you, and through you to the tax payers of the county, a fair and accurate amount of all expenditures which have been made by us for the use and benefit of the Institution over which we have presided during the past year. The expenditures consist of the following principal items, to wit ·

Paid for Pensions	$518,00
" for Provisions and Groceries	285,90
" for clothing, blankets, shoes, &c. &.	84,14
" for wages on farm	264,42
" for Physicians	60,00
" for carrying paupers to Alms House	12,50
" for surveying and bounding land	7,00
" for threshing 280 bushels of wheat	11,20
" for materials for repairs	52,14
" for hauling materials for new house	40,00
" for passing new road	4,00
" for services of spring horse	5,00
" Editor of Clipper for advertising proposals for building	2,25
" for stamp on Bond for contract,	1,00
" Mr. Allen in part on building contract	1000,00
" for keeper of Alms House	100,00
" for attendance of Trustees	146,42
" for clerk of same	20,00
	$2613,97

	Contra Cr.	
By amount levied on the county for 1848	$1600,00	
" " unexpended last year of previous levies	1222,51	
" " Nett proceeds of 192 bushs. of corn	101,50	
" " " " of 144.57 lbs. do of wheat	150,64	
" " " " of 15 Bu. of S. Potatoes	12,00	3086,65
Balance on hand subject to the further order of Trustees		$472,68

In adition to the above amount of expenditures there is now due to the different pay-masters of pensioners for the first quarter of the present year the sum of $155,00, the payment of which was deferred on account of the new building. You will see from the above amount that we have paid Mr. Allen the sum of $1000,00 on account of the new building, leaving a balance in his favor of $500,00, which will be due on its completion, probably about the middle of June. The Taxpayers of the county appear not rightly to understand the nature of these surplusses which remain on hand, at the time of making out our account with the county, each year. It is not, in reality, a surplus. It is only a balance in our favor to carry on the institution until the first of January ensuing of each year. You are aware that the Levy which you are now about to be called on to make for the use of the Alms House is not available until the first of next January, or six months after the Levy, and if the Trustees had nothing on hand, the account balanced, they would either have to stop the benefits of the Institution until the first of January, or anticipate the payment from the Collector by a loan. The Trustees ask of you a levy of $1500,-00, on account of the new building, and $1600,00 for general purposes, which sums added to their unexpended balance will make the sum of $3572,68, for them or their successors' use, for the ensuing year.

All of which is respectly submitted,
By order of the board of Trustees,
JOHN F. H. VINCENT, *Clerk.*

By the Commissioners for Dorchester county, June 15, 1849.

The above report examined, filed and requistion levied by order,
JOHN MUIR, President.

CHANCERY SALE.

BY virtue of authority derived from the Hon. Chancellor of Maryland, I will offer at public sale to the highest and best bidder, on

MONDAY the 2d day of JULY

next, between the hours of 11 and 2 o'clock, at the Court House door in the town of Cambridge, all the Real Estate of which Aaron G. Cook, late of Dorchester county, died, seized, consisting of a moiety of the following tracts, to wit:—"White Ridge," containing 400 acres, "Pilgrimage," 25 acres, and "Eunalls' Indian Purchase," 10 acress; being the same land which was devised to the said A. G. Cook by his father Aaron Cook. A large portion of this land is covered *heavily* with white and red oak, and from what I am told, an enormous quantity can be cut and sold without detriment to the agricultural interests of the farm. The estate is situated from Choptank river about two or three miles, from the town of Cambridge about six miles, in a good neighborhood, convenient to schools and churches, thereby offering to persons wishing to engage in lumber business, a fine chance for speculation, and to those desirous of farming, an opportunity for investment. The soil is thin, but easily improved, and if the profits of the superabundance of fine timber be used in manuring said land, the whole estate can be put in fine order, and made exceedingly rich and productive.

Persons desirous of purchasing can examine the premises for themselves, and will doubtless be aided therein by Mr. Edward H. Cook, who resides on the adjoining portion of said lands, if called on for that purpose.

In accordance with the decree, and order of the Chancellor, I hereby notify all creditors of the said Aaron G. Cook to file their claims against him, duly authenticated, and proven according to law, in the Chancery office at Annapolis, within six months form the aforesaid day of sale.

The terms of sale will be as follows: one third of the purchase money to be paid on the day of sale, and the balance in equal instalments, in one and two years from the day of sale, secured by bond and surety approved by the Trustee, and bearing interest from date.

JAMES WALLACE,
June 6th, 1849. tds Trustee.

☞The sale of the above mentioned property is postponed until

MONDAY the 13th of AUGUST next,

and will be sold at the court house door in the town of Cambridge on that day, between the hours of 11 A. M. and 2 o'clock, P. M.

FARM FOR SALE.

THE subscriber offers for sale a small Farm, lying in the upper part of Vienna district, and situated directly upon the county road leading from Vienna to Crotches' Ferry, and about 3 miles from the latter place.

This farm contains about **170 Acres** of land, of which about 60 acres is cleared and in cultivation, and the remainder covered with *WOOD AND TIMBER*, a large portion of which is suitable for *CORD WOOD*—and from its convenience to navigable water might be profitably used. The arable land which is divided in two fields, is in tolerable condition, (for land that has received so little attention at the hands of its tenants,) and would be very easy to improve; and there are branches upon the farm which would furnish to an enterprising person inexhaustible sources of manuring at a trifling expense. The improvements consist of a *DWELLING HOUSE, KITCHEN, SMOKE HOUSE, GRANARY, STABLES, &c.*, all nearly new and in good order. There is an orchard of young trees near the dwelling which affords an abundance of good fruit, also, a well of excellent water near the door,—and the situation altogether is a pleasant and healthy one. The terms can be known or any other information relative to the property obtained by calling on the undersigned.
