At the close of the old year we are glad of the opportunity to extend you the season's greetings and our best wishes for the new year. Because of the dominant feeling of sacrifice and loyalty at this Yuletide, the business world cannot fail to respond with a spirit of mutual helpfulness and good will, realizing that true success is only achieved by co-operation; it is our sincere wish, therefore, that, during the coming year, our relations may become increasingly helpful and valuable to each other.

EYE DON'TS

DON'T buy glasses as you would hats; they should be fitted by some one who understands the anatomy of the eye.

DON'T wear other people's glasses.

DON'T allow some cheap fakir tamper with your eyes. In most cases they get the money—you the experience.

DON'T use your eyes after you discover that you have to hold your book or sewing at a greater distance than usual, this is the first symptom of eye strain.

KENT LAWYERS AND OTHERS BUSY WITH QUESTIONNAIRES

Are Busy Aiding Draftees To Fill Out The Difficult Papers

Kent attorneys and their assistants, numbering in all about ten, have spent a busy two weeks at the Court House, and they have good prospects of engaging in the same occupation for several weeks yet. Their work is assisting many Kent men to prepare their answers to the questionnaires sent out by the Kent Exemption Board. The answers in many cases are difficult and could hardly have been properly answered except with the assistance of the lawyers and educators of the county.

During the week the bar of Kent and others have been present and during the day many of the men of the county have been assisted. There seems to be much misunderstanding as to the exact meaning of many of the questions of the questionnaire.

Under the new regulations which are now in effect in Kent, everyone within the draft age, that is, all men between the ages of 21 and 30, inclusive, on June 5, 1917, including those heretofore exempted, will be classified; except, however, those men who have been sent to the mobilization camps and have been finally for service. Under these new tions all men will be divided into classes.

Class 1 includes practical same class of men who for service under the old Class Nos. 2, 3, 4 and new regulations include the class discharged regulations. These men ever, of being discha vided into four cla being based on the cational claims. will be called i tary service; be called first class two three, etc. ulations, the old who w regu

FEED MILLS

The high price of feed makes it necessary that you make it go as far as possible. You cannot find a better way than by grinding it. NEW HOLLAND FEED MILLS have been sold here so long they only need that we mention them. They have the largest grinding capacity of any mills on the market. We have them in several sizes, and the prices are very little more than last year. They can be run with as small as 1½ horse power and up.

WOOD SAWS

We made an early purchase of Saws and they are now in. We want to give you the benefit of our early buying. These Saws have 26-inch Blades which are the standard sizes. We advise early buying as the price will be higher when present stocks are exhausted.

We can furnish you power to run these machines with. We have a large line of OIL ENGINES to run these Machines with.

Don't use your large engine to run your pump with, it is too expensive. Buy one of our

1½ H. P. ENGINES
WITH MAGNETO

They don't need any batteries. All complete $48.00. See our full line.

Yours to serve,
