"My age is 60 years; I reside in Baltimore City, at No. 333 S Carolina Street. I know that when the soldier above mentioned returned home from the army he was suffering from typhoid fever immediately after his discharge from the army, I know that he was often in very bad health & his decease was caused in his service & I know that his said disease & other ailments he affected him & it came an impairment of his mental & bodily faculties & has never recovered

~~I know this fact because~~

I further testify from my personal intimacy with him from the date of his discharge to the present that he hath continued to suffer from said disabilities to such an extent as to hath been disabled during each and every year thus covered on an average fully 1/2 [say ½, ⅓, ¼ or ⅛] *his time from ordinary manual labor.*

I know that his disabilities are of a permanent character and not due to vicious habits and my intimacy with him has been such that had the facts been otherwise than as above stated I would have known thereof."
