WASHINGTON COLLEGE NOTES

We regret very much to say, that the W. C. Cadets lost the basket ball game against the St. John's Cadets of Feb. 8th. The score was 23 to 28. The first of the game was for St. John's. W. C., as usual, did not do her best at the opening. Cook, right froward of St. John's College, made twelve out of eighteen fouls. Sembler, left forward, made the mots goals for them. Ciler, center, played well, dut did not outplay Rouse, center for W. C.

In the last half W. C. came up like a whirlwind. She put it all over her rival Cadets, making seventeen points to nine for her opponents. At times the W. C. quintet had their opponents completly rattled it seemed. They would not know which way to move. Lankford, right forward, made seven goals for his side. Rouse, center, came next in goal shooting, and made three. He did excellent playing, especially just before the final whistle blew. Wilmer and Young, guards, played the defensive part well.

The preliminary game was between the Sopohomores and the Chestertown High School team. The Sophomores won the victory with a score of 25 to 6. This team is by far the leading class team in the college. Soper, Gibbons and Willis played best of the Sophomores. Wells, center, besides jumping well, made many goals. Soper, guard, and Gibbons, forward, handled the ball well and knew their positions. Armstrong was the star of the C. H. S. team. Brown, forward, played hard. Townshend and Strong, guards, played the offensive part well.

For Feb. 16 W. C. has a basket ball game scheduled to be played against Mt. St. Joseph's College in Baltimore.

The Y. M. C. A. on Sunday, Feb. 17, at 6 p. m., will meet in the chapel in William Smith Hall. The members are delighted to have the privilege of meeting in this up-to-date and handsomely furnished chapel. Dr. James W. Cain will make a special address at the meeting.

Plans are being made to start a lecture class in which lectures will be given concerning the application of the scientific principles of Jesus to the world of today. These lectures will embrace discussions on the Bible, Christianity, ethics, morality general religion, social problems and the like. The class will meet on Sunday evenings and will alternate with the Y. M. C. A. meetings. Prof. Percival B. Gibons consented to take charge of the class.

If the weather permits services will be held as usual at Mowbray M. E. Church on Sunday next as follows: Sunday School 2.30 p. m., E. Crouch Supt.; preaching at 7 p. m. by Rev. Edwin Gardner, pastor. All invited to attend these meetings and let every one feel it was good to be there.

With the thermometer registering around zero one day last week, a mosquito flew on Mr. R. L. Kirby's hand while mending his fish nets. I think this comes up with the catching of soft crabs in Miles river with oyster tongs through the ice.
