THE TRANSCRIPT

MRS. WILLIAM N. ANDREWS, the wife of Congressman elect Andrews, of the First Maryland Congressional District, died Tuesday at their home in Cambridge, from pneumonia following influenza. Her husband and four children survive. Before marriage she was Miss Walworth, of Hurlock.

UNITED STATES Senator John Walter Smith was knocked down by an automobile Monday night at the corner of Eager and Charles Streets, Baltimore, and suffered injuries which confined him to the house for some days. His left shoulder was dislocated and one of the small bones in his left foot was broken.

GOV. HARRINGTON has issued a proclamation which we publish on page 7, on the rights of soldiers absent from their homes in the service of their country to vote. The amendment giving absent soldiers the right to vote by mail was ratified by the voters of this state at the election in November last.

A DRIVE to raise $30,000,000 for the starving and destitute men, women and children in war-stricken portions of Europe is soon to be launched. We believe this cause will meet a hearty response from our American people and we will be glad to give our assistance to the cause. An article on this subject will be found on page 3 of this issue.

THE Peace Conference is now in session in France and the outlook for a League of Nations to secure a lasting peace and prevent future wars is encouraging. President Wilson has been one of the most prominent figures at the gathering. If a League of Nations can be formed to hereafter prevent wars then the present war has not been fought in vain.

Grange Notes

The regular meeting of the Still Pond Grange will be held Saturday afternoon at 2.30 in the grange hall.

A special meeting of the Still Pond grange will be held Saturday afternoon, Feb. 1, at 3.30, followed by supper and an automobile party starting at 7 p. m.

A real, old fashioned Pomona grange meeting was held at Fairlee last Saturday, in spite of the soupy roads! Due to the said soupy roads, the patrons were a little slow in reaching the hall, and the morning attendance was "sorta slim," but when the hour for dinner had arrived, quite a crowd was present to enjoy same.

In view of the very unusual conditions, which have prevailed during the past year, all of the officers were re-elected, and are now ready for a good year's work. The plans now are, for the State Grange to hold their annual session in Chestertown, if a suitable place can be secured for the meetings. We hope that all the plans will be carried on and we can introduce this wonderful section of farming country to the Maryland farmers. Kent is proud of her farms, and of her roads (some exceptions), but many things are promised us by the new Roads Committee just appointed by the Pomona Grange, consisting of W. G. Smyth, A. L. Beaston and A. L. Harris. These gentlemen have decided that something should be done at once regarding the road to Betterton, to Massey and to Rock Hall, and as the grange usually gets what it goes after, we presume that before the State Grange gets here, there will be a completed road connecting those points with Chestertown.

A committee of three, A. L. Harris, Dr. E. A. Scott and Harry Rash were appointed by the Worthy Master to take some action regarding the enforcement of the Dog Law, which is a very necessary law, but sadly neglected in some towns.

The Literary Program was as follows: Song, "When Johnny Comes Marching Home (1st verse learned, second will be studied by the next meeting); discussion on "Dog Law," led by George R. Rasin; music, piano solo, Miss Hoyle; account of State Grange meeting, by J. T. Anthony, who was the only Kent member present. As he is a member of a supposedly "dead" grange, we wonder what happened to the live ones; solo, by Mrs. Byrd; discussion, "What features of life, made necessary by the war, are worth keeping? Mrs. A. L. Harris, W. G. Smyth and A. L. Beaston; reading, Mrs. Roger Harris; solo, Mrs. A. L. Harris; recitation, Avis Richardson. An animated discussion on the wage question followed; and a piano solo by Thelma Kline closed the lecture hour.

One Avery Sells Another—

PROOF of Avery Tractor success is shown by the way Avery Tractor sales grow in the same community. When one farmer gets an Avery Tractor, his neighbors watch its work closely. It is not long before another Avery arrives and then another, for his neighbors see that Avery Tractors stand up under the work.

Likewise, when an Avery gets into a family, other members of the same family soon become Avery owners. Brothers, cousins, fathers and sons, uncles and nephews are buying Averys. We have many records of where two, three and four brothers in the same family have bought Avery Tractors. The fact that neighbors, friends and relatives buy Avery Tractors after they have watched carefully the work of the first Avery Tractor in their community or family, is the very best proof that Avery Tractors are a success.

Power for Every Farm Need

You can get an Avery Tractor to exactly fit your size farm. Avery Tractors are built in six sizes—a size for every size farm. With an Avery Motor Cultivator you can also cultivate your row crops with motor power. You can also get a size Avery "Grain-Saving" Separator and Avery Plow for any size Avery Tractor. For any kind of field work, belt work or road work, there is a successful and profitable Avery Motor Power Machine.

Built by Motor Farming Machinery Specialists

The five sizes of Avery Tractors, from 8-16 to 40-80 H.P., are all of the same design. They have low speed motors, renewable inner cylinder walls, adjustable crankshaft boxes, gasifiers that turn kerosene into gas and burn it all, and many other original and exclusive features.

Avery Tractors are built entirely in our own big factories and every part of an Avery Tractor is built especially for tractor work and only for the Avery Tractor. Avery Company are *builders*—not assemblers.

See the Nearest Avery Dealer

Go to your Avery Dealer and get the size tractor and equipment to meet the needs of your size farm. No matter how small or how large the acreage you cultivate, Avery motor farming machinery will fill your requirements. Or, write for complete catalog, showing the Avery Line in natural colors.
