A Splendid Card Party

Dear Editors:

I had an invite Tuesday night from Mr. Wm. G. Smyth to come down to a little party. Well you know that Will and his good wife just know how to make a fellow have a good time. Found two rooms filled with guests, the one playing pitch and the other rook. We soon got in the fray and found that most of the tables had the men pitted against the ladies and my, how the fellows did beat them. Don't think I had better sign my name after this. At ten we were all served with salads, biscuit, chocolate, coffee and then ice cream and cake for refreshments. At the last hour of the night we bid good bye to our genial host and hostess, expressing our great pleasure of their entertainment. Those present were: Mr. and Mrs. Barclay Kilbourn, Mr. and Mrs. Lewin U. Skirven, Mr. and Mrs. George E. Noland, Dr. and Mrs. F. W. Smith, Mr. and Mrs. Harry P. Jones, Mr. and Mrs. Raymond C. A GUEST.

Work Done By Galena Navy League

A report of the knitting done by the Galena Navy League from Dec. 31, 1917, to Dec. 31, 1918, is as follows: 148 sweaters, 60 helmets, 61 wristlets, 45 pairs socks, 6 mufflers, 3 trench caps.

The following is a reply from headquarters to the question: "Shall we continue to knit?

"My Dear Miss Woodall:

Your letter received. We are still very much in need of the knitted garments, as we are constantly receiving requisitions from the captains of boats that are about to go across to bring back our wounded boys, and have at no time been able to fill all the requirements, so you can understand that it is very necessary for your workers to continue knitting for this winter at least.

"Do help us to keep up this good work as we have been so efficient we do want to keep up our reputation until after peace is signed.

Very truly yours,
LILLIAN S. FLEHARTY, Sec."
KATHERINE T. WOODALL, Chair.

—A Boston man who is apt at mathematics has figured it out that if greater care were exercised in the matter of handling eggs, they would in other words, his calculations show not cost nearly so much as at present. that while we pay for a dozen eggs, we get only nine of them, the breakage in transit amounting to nearly three eggs out of a dozen to the city consumer.
