AN INTERNATIONAL WORD OF THANKS:

Viewing the hundreds of letters and resolutions each mail brings us—commending Liggett's Stores for throwing out all liquors, we feel that we have made a flying start for the year 1913.

These messages of approval come from almost every city in the United States and Canada and from every class of citizen. From New England in particular we have been inundated with resolutions from religious and civic bodies.

Letters from physicians—who more than anyone else are interested in keeping the drug business up to high ethical standards, have been numerous and gratifying.

Widespread approval has been given in the daily press, and in religious papers and publications dealing with the liquor trade as well as the drug trade.

We may not be able to answer all of these letters in person, but we want to answer every one of them in the most practical way we know how:—

By giving safer and better drug store service than was ever known before.

By making each Liggett store the best of its kind in its own particular community and through superior service and fair prices continuing to be AMERICA'S GREATEST DRUG STORES.

Louis K. Liggett.
