PENNSYLVANIA RAILROAD

ATLANTIC CITY

The unusually high percentage of sunshine, combined with the southern exposure and the uniform softness of the sea air, make the Atlantic City boardwalk especially attractive during Lenten days. And besides there are the great sun parlors in the hotels and on the piers where one may bask in the genial solar rays and listen to the tuneful harmony of the orchestras.

It is an agreeable retreat from the pressure of social cares, and a delightful change from the dreary days of winter.

Convenient train service by the Pennsylvania Railroad.
