PROGRESSIVES HOLD WHIP HAND

CONTROL DEMOCRATIC SENATORS' STEERING COMMITTEE.

The Caucus Argues Behind Closed Doors Over Minor Matters—Republican Steering Committee Also Meets in Caucus, but Cannot Act on Committees Until Democrats Agree Upon Their Plan.

Washington, March 6.—Progressive Democratic control of the Senate was advanced another important stage today in the second day's session of the caucus of Democratic senators. The choice yesterday of Senator Kern, of Indiana, as Senate leader, was followed today by the selection of a Democratic organization committee of which the leaders of the so-called progressive forces were in complete control.

The "steering committee," which is to map out a program of reorganization to determine the entire question of control, was announced by Senator Kern, as follows:

Senator Kern, chairman; Senators Martin, Clarke (Arkansas), Chamberlain, Owen, O'Gorman, Smith (Georgia), Lea and Thomas.

For several hours the Democrats argued behind closed doors over the minor problems connected with their control of the smaller branch of Congress. The routing of Republicans from their commodious committee-rooms, the change of employes connected with the Senate and the selection of new Senate officers had a more important part in the day's discussion than the broader questions of committee assignments and legislative policies.

All questions of Senate patronage were referred to a special committee consisting of Senators Overman, Shively, Johnson, Hitchcock and Williams. The choice of Senate officers was put over until tomorrow, when the caucus is to be resumed. It is expected that Senator Bacon will be elected president pro tempore; but there are many active candidates for the positions of secretary and sergeant-at-arms.

While the Democrats were in session, the Republican Steering Committee, consisting of Senators Lodge, Warren, Nelson, Penrose, Smoot, LaFollette, Brandegee, Smith (Michigan), Crawford Jones and Fall, met in Senator Lodge's offices and canvassed the committee lists to determine what positions they would ask for. A delegation consisting of Senators Nelson and Smoot was sent over to the Democratic caucus to learn what arrangement the Democrats intended to make about giving minority appointments to the Republicans, but no plan had been agreed upon by the Democrats.

It is anticipated that the Democratic plans for naming committees will not be completed for some time. The active leaders of the progressive forces are insistent that the places on the important committees shall be distributed evenly among all Democrats and the work of organization is to be pursued slowly.

SOUTHERN SOCIETY ELECTS

New Attorney General Made Member of the Executive Board.

Bureau of The Baltimore American,
Room 1005, World Building,
New York, March 6.

The new Attorney General, James C. McReynolds, was elected a member of the executive committee of the Southern Society of New York, at the annual election of officers tonight in the Waldorf. George W. Neville, president of the Cotton Exchange; George M. Lamont and Phelan Beale were the other members elected. Walter L. McCorkle, a cousin of ex-Governor McCorkle, of West Virginia, was re-elected president of the society. The other officers chosen were: Vice president, George Gordon Battle; treasurer, William D. Buckner; secretary, Thomas S. Fuller, and chaplain, Rev. St. Clair Hester. The election was followed by a smoker and a musical entertainment. President McCorkle is one of the "discoverers" of Woodrow Wilson, and the first meeting held here to boom Governor Wilson for the presidential nomination took place in Mr. McCorkle's office. Mr. McCorkle was the first to subscribe funds for the Wilson nomination bureau's expense, and later accompanied the President-elect to the birthplace of the latter—Staunton, Va. It is not known for what office he is slated.

COULDN'T SIT COULDN'T STAND

But Now Rides Horseback, Walks Two Miles Without Tiring, and Has Red, Rosy Cheeks.

Tullahoma, Tenn.—"I am ever ready to praise Cardui, the woman's tonic," writes Mrs. Mary Carroll, of this place, "as it has done wonders for me.

I suffered so from womanly trouble I could not stand on my feet long enough at a time to do anything, and I could not even sit down, I was in such misery. The pains in my head were terrible.

After taking only two bottle of Cardui, the woman's tonic, I felt much relieved.

I have now taken five bottles and feel like my old self again. I can go where I please, ride horseback, and even walk as much as two miles without feeling tired, and I don't have those terrible pains in my head any more.

I look young again, and have red, rosy cheeks, like I had in my girlhood days.

Before taking Cardui, my standing weight was only 110 pounds.

Now I weigh 137 pounds.

I want you to use this letter in any way you see fit, as it may be the means of helping other suffering women."

Do you suffer from womanly trouble? Wouldn't you like to feel as Mrs. Carroll does? It's worth trying for.

Take Cardui, the woman's tonic.

FEAR PRIME FACTOR IN TAKING DISEASE

ONE SUFFERING FROM NERVES IS MORE LIABLE TO CONTAGION.

Many Are Sent to an Early Grave Since They Do Not Pay Enough Attention to Nerve Troubles.

"During my experience on a smallpox quarantine ship," said John Beazley Webb, the English nerve specialist, "I could not help noticing that the greater majority of cases had been contracted by fear more than anything else. Of course, these cases had to come in contact with some smallpox subject in order to contract the disease, but their nervous fear had increased their chance of catching it. For any one suffering from nervous debility is far more liable to contract disease than the person whose mind is in perfect control of the organs of the body.

"Nervous debility is so far-reaching in all its effects that almost any weakness or pain may denote its presence. In fact, it has so many symptoms that I will mention only those which people, who have used Tona Vita with good results, have told me they suffered from, such as: Neuralgia, a dry and rough skin, becoming irritated at trifles; sleep broken by dreams; a heavy feeling about the eyes; numbness in the limbs or a poor appetite.

"Tona Vita can be obtained in Baltimore at all druggists."

BEGINS IN MODEST WAY

New Secretary of Labor Without Quarters or Salary.

Washington, March 6.—The new Department of Labor, with Secretary William B. Wilson at its head, was in full swing today, but dependent upon the charity of Secretary of Commerce Redfield for quarters. Organizing the new department as expeditiously as possible, Secretary Wilson sits in the room formerly occupied by the Commissioner General of Immigration. On the door entering his modest office is posted a white sheet of paper upon which is written "Secretary of Labor." As no appropriation has yet been made for the new department, Secretary Wilson not only is serving without salary for the time being, but cannot hire office quarters.

The new department consists of the old Bureau of Labor, changed to Bureau of Labor Statistics, the Bureaus of Immigration and Naturalization and the Children's Bureau.

From the old Department of Commerce and Labor the Department of Commerce retains the Bureaus of Corporations, Census, Foreign and Domestic Commerce, Standards, Fisheries, Lighthouses and Navigation, Coast and Geodetic Survey and Steamboat Inspection Service.

Secretary Redfield has appointed U. Grant Smith, of Brooklyn, N. Y., as his private secretary.

LESS GOLD LACE

Military Corps at White House to be Large Reduced.

Washington, March 6.—There will be a marked reduction in the amount of gold lace to be seen around the White House during the present administration if President Wilson carries out his plan to reduce the number of military aids which have attended the two former presidents.

It became known today that Major Thomas L. Rhodes, U. S. A., who was military aid and medical adviser to President Taft, has recommended that the present corps of 12 officers of the Army, Navy and Marine Corps be cut in half. Furthermore, President Wilson probably will dispense with the presence of a uniformed aid in his travels about the country.

The present system of a personal military staff at the White House was created by President Roosevelt and continued by President Taft. Major Archibald W. Butt, who lost his life in the Titanic disaster, was responsible for establishing the precedent of wearing full-dress uniform while accompanying both former presidents. He felt that, as he was on duty, he should conform to the regulations and appear in uniform. His understanding of the regulations was accepted by his brother officers on duty at the White House.

SAVED BY POSTAGE STAMP

Parcel Post Sticker Prevents Dog From Going to Pound.

Hackensack, N. J., March 6.—"Saved by a postage stamp" is the title which postal clerks here give to a comic scene on Main street yesterday in which John Keenan, a special delivery mail carrier, was principal. Keenan loves dogs. He spied one yesterday in the postoffice that was wandering around without a license. Keenan took a fancy to it and as he started out on his rounds he allowed the dog to trail behind him. At a street corner Joseph Dalia, the official dog cather of Hackensack, made his appearance. Dalia has a record of 662 dogs caught in the last year and he was about to pounce upon the little unlicensed fox terrier which was following the mail carrier.

"Don't touch that dog," exclaimed Keenan as he hastily drew a parcel post stamp from his pocket, licked it and attached it to the dog's ear. "That dog is mail matter and under the protection of Uncle Sam." The dog catcher was properly awed by the federal authority and withdrew.

HELEN TAFT'S LOST POODLE

The $5,000 Dog Comes to the Home of Mrs. Laughlin.

Washington, March 6.—Neemie, Miss Helen Taft's $5,000 Italian poodle, which strayed from the White House Tuesday and for which the police of Washington have made unremitting search, found itself early today. A maid in the home of Miss Taft's aunt, Mrs. Thomas Laughlin, was awakened by the shrill barking of the dog and let him in. A telegram was dispatched at once to Miss Taft asking whether Neemie should be shipped to Augusta, Ga., where the Taft family now is, or whether it should be kept here until they came north again.

The dog, to which Miss Taft is much attached, was given by King Victor Emanuel of Italy to former Secretary of the Navy Meyer. Secretary Meyer presented the animal to Miss Taft.

ALLIANCE AGAINST CASTRO

South American Republics Do Not Want Him to Return.

New York, March 6.—A triple alliance of Venezuela, Colombia and Nicaragua is said by South American consular agents here to have been informally entered into by these governments to prevent any return of the deposed President Castro to Venezuela. Francisco Escobar, consul general of Colombia, said today that his government had three naval vessels patroling the Colombia coast, which had been instructed to thwart any landing of a Castro force.

General Castro, who arrived in New York last night from Washington, where he witnessed the inauguration ceremonies, laughed at these reports, reiterating his denial of any intention to engage in fomenting revolution in Venezuela or Nicaragua. He said he would depart shortly to rejoin his family in Europe. He contracted a severe cold upon returning from his recent trip to Cuba and expects to remain quietly at his hotel here for several days.

OYSTERMEN IN DANGER

Caught in a Gale in Miles and Wye Rivers.

Special Dispatch to The American.

St. Michaels, Md., March 6.—Oystermen working on the lower bars in Miles River and on Wye River experienced difficulty in reaching harbor when the westerly gale of today struck. In some cases sails were blown away, and narrow escapes of members of crews are reported. Capt. Lewis Fitzpatrick's gasoline launch was blown ashore on Wyetown Point, when his engine refused to work.

A number of St. Michaels tongers were unable to reach home and are marooned along the shores of Wye River, where good anchorage can be had. A number of small boats are reported to have been blown ashore at Tilghmans Island.

Hurt While Fighting Fire.

Special Dispatch to The American.

Port Deposit, Md., March 6.—Fire this afternoon at the barn of Albert Ewing, near Hickory Grove School, was the cause of serious injury of Perry Nickle, a volunteer fireman, and painful burns to Mr. Ewing. Nickle was helping to cut down a flaming tree when he was struck on the head by a descending ax. His injury is not necessarily fatal. Ewing was struck on the face and hands by flying embers.

Stricken on a Car.

Special Dispatch to The American.

Annapolis, Md., March 6.—Mrs. Martha E. Miller, wife of Henry T. Miller, near Annapolis, was taken ill just as she entered the Washington, Baltimore and Annapolis car which left Washington at 11:05 o'clock this morning and died shortly after it reached Annapolis at 12:45 o'clock. Mrs. Miller was a sister of James C. Boush, county supervisor of Anne Arundel county.

THE ILLINOIS TANGLE

President Wilson Listens but Makes No Comment.

Washington, March 6.—Inquiries at the White House today regarding the Illinois senatorial situation brought the information that President Wilson had listened to the proposals of Governor Dunne, but had not committed himself. The Illinois Governor has explained his position as favoring the election of J. Hamilton Lewis, Democrat, for the long term, and Lawrence Y. Sherman, Republican, for the short term. Both men received the primary nominations of their respective parties. The President heretofore has maintained in every similar case, as well as in Illinois, that the choice of the Democratic primary should be ratified. Just what is his position with respect to the second senator was not made clear.

Inauguration Cost $73,000.

Washington, March 6.—Woodrow Wilson's inauguration as President of the United States cost approximately $73,000. The expenditures of the citizens' inaugural committee were about $48,000, while the receipts from all sources were approximately $34,000. The deficit of $14,000 will be made up from the guarantee fund of $88,000, which was subscribed in Washington. The joint inaugural committee spent about $25,000, appropriated by Congress.

Actress Tells Secret

A Well Known Actress Tells How She Darkened Her Gray Hair and Promoted Its Growth With a Simple Home Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound, and ¼ oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It is also fine to promote the growth of hair, relieves itching and scalp humors and is excellent for dandruff and falling hair."

WILSON IN PEACE LEAGUE

President Accepts Honorary Presidency—Will Be Given Reception.

New York, March 6.—Acceptance by President Woodrow Wilson of the honorary presidency of the American Peace and Arbitration League was announced by the league tonight. A letter was received from the President thanking the body for its courtesy in unanimously electing him at the recent annual meeting. "I accept the honor with pleasure," Mr. Wilson wrote.

The league announced that it would give the President a reception and dinner at a date to be selected by him.

"CASCARETS" FOR A SICK, SOUR STOMACH

Gently but Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

VIRGINIA DEATHS

Judge John M. White.

Special Dispatch to The American.

Charlottesville, Va., March 6.—John M. White, judge of the Eighth Judicial District since 1904 and for 27 years previously judge of Albemarle County Court, died this afternoon, aged 67. He was born in Norfolk county and graduated from the University of Virginia Law School in 1867. As a youth he served in the Confederate Army the last year of the war. He was twice married. His first wife was Miss Gay Leake, daughter of the late Judge Shelton F. Leake. Of this union two children survive (Mrs. Louise Pendleton, wife of Col. Hunter Pendleton, of Virginia Military Institute, and John S. White, member of the House of Delegates from Albemarle county). His second wife was Miss Hilah White, sister of William H. White, president of the Richmond, Fredericksburg and Potomac Railway. Three children survive this union (Mrs. Etta Bryan, wife of Dr. W. W. Bryan, of the United States Marine Hospital Service, and Misses Joan and Elizabeth White).

Rev. Thomas T. Grimsley.

Special Dispatch to The American.

Culpeper, Va., March 6.—Rev. Thomas T. Grimsley died suddenly here this afternoon in the seventy-ninth year of his age. He was one of the most noted ministers of the Baptist denomination in this section of Virginia, being a son of the late Burnett Grimsley, celebrated in his day as a noted Baptist preacher, and he was also the only brother of the late Judge Daniel A. Grimsley, for years the presiding judge of this district. He leaves a wife and daughter.

Ensign William D. Ford.

Norfolk, Va., March 6.—Ensign William D. Ford, U. S. N., died here today at the Naval Hospital, where he had been ill for several months. He was 23 years old and resided in Brooklyn, N. Y.

ENCOUNTERS ROUGH SEA

British Steamer Ethyl Much Battered by Terrific Storms.

Philadelphia, March 6.—With her decks smashed, life boats stove in and a portion of her machinery disabled, the British steamer Ethyl, which sailed for Philadelphia from Narvik, Norway, on January 3, reached this port yesterday. Sixty days were consumed in the trip across the ocean, one which usually takes less than 20 days.

"For the greater portion of the way we just drifted along," said Captain Davis, "the steamer's propellers were useless on account of the terrific storms which raged. Twice we were compelled to abandon our course and run for ports to replenish a depleted coal supply. During most of the voyage it was necessary to pour oil on the seas."

According to Captain Davis, the voyage was the worst he ever made. On January 18, the vessel put into Stornaway, England, for coal and when within 600 miles of Halifax on February 1, she was compelled to turn and run back to Fayal in the Azores, from which port she sailed on February 12.
