THE THIRD NATIONAL BANK

THE ONLY NATIONAL BANK IN KENT COUNTY

WE SHALL BE 30 YEARS OLD IN JUNE NEXT

At the beginning of the year 1920 we wish to give a few facts (and not generalities) relative to the business of this bank during the year 1919.

This bank has paid to the United States Government, State of Maryland, Kent County and town of Chestertown, TAXES amounting to $8,900.20, nearly 18% on its capital of $50,000.00, during 1919.

It has paid in INTEREST to its 2000 Savings Depositors $42,847.87 during the year 1919, over 8% on its capital of $50,000.00.

This bank now owns Liberty Bonds amounting to $304,800.00, not so profitable fromthe standpoint of Income, but SAFE.

This bank is a member of the Federal Reserve Banking System, and is always in position (under the National Banking Act) to take care of its customers.

The business of the bank is handled in an "up-to-date" manner, liberal yet conservative in its o ans. Always carrying a good Reserve and Assets which can be converted into CASH immediately.

We are and will be in a position to serve you in the future as in the past. We pay FOUR per cent. to all our Savings Depositors. Call and let us talk over your banking matters, everything in strict confidence.

Our success is largely due to the fact that "WE TREAT EVERYBODY ALIKE." This is so well-known that it is our "motto."

Very respectfully,

THE THIRD NATIONAL BANK

GROWTH OF THE AUTO BUSINESS

Phenomenal Rise Of Great Industry Finds Big Chestertown Firm Of Noland-Bennett-Russell Motor Company In The Fore Ranks

The phenomenal growth of the automobile business in Chestertown and Kent County, as well as the whole civilized world, is one of the wonders of a wonderful age. A few years ago when a certain progressive citizen of Chestertown drove through the streets of Chestertown in a "horseless carriage," in a cloud of smoke, the car was the object of no little humorous comment. But it is a far cry from the "horseless carriage" of a few decades ago to the graceful limousenes that slip gently over the earth with hardly the murmur of their engines to be heard.

Truly the growth of this wonderful business has been remarkable. To keep up with this growing business has required the constant work and study of our progressive automobile business men and we have in Chestertown and Kent county automobile firms that know the business in every detail as well as the dwellers in more dense centers of trade.

The largest automobile firm in this county at this time is that of the Noland-Bennett-Russell Motor Co. of Chestertown. This firm is composed of Messrs. L. Bates Russell, John N. Bennett and Colyn Noland. Every man in Kent county know these gentlemen and know they stand for progress. A good example of this is demonstrated in their enlargement of their already big business by the acquisition of the garage on High street from Messrs. A. S. Turner & Sons. This gives the above firm perhaps the largest garage business on the Eastern Shore, and puts them in a position to take in many branches of the automobile business that would perhaps have been denied them had they not made the purchase that united their two garages.

And so the new year finds another local industry touched by the spirit of progress, which seems to have spread to all the industries of the county, bringing expert mechanics and strange faces in our midst, adding to the wealth of the county and bringing in a great wave of prosperity.
