She Darkened Her Gray Hair

A Kansas City Lady Darkened Her Gray Hair and Stimulated Its Growth by a Simple Home Process.

She Tells How She Did It.

Mrs. A. Biggam, a well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process made the following statement: "Any lady or gentleman can darken their gray or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To half pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound and ¼ oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently, then every two weeks. This mixture relieves any scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not rub off. It will make a gray haired person look 10 to 20 years younger."

BE A WISE WOMAN

IT IS NEITHER WISE NOR NECESSARY—

1. To wear a long, tight-fitting corset that has no gores or bands of elastic to make it comfortable.

These fabrics are Nemo patented inventions, used only in our own corsets.

There are imitations, all made up with the old, unreliable "hose supporter" elastics. If you buy them, you waste your money—no matter what *anybody* tells you.
