Section 1. Be it enacted by the General Assembly of Maryland, That it shall not be lawful for the keeper of any hotel, tavern, store, drinking establishment, or any other place where liquor is sold, or any person or persons, directly or indirectly, to sell, barter, give or dispose of any spirituous or fermented liquors, ale or beer, or intoxicating drinks of any kind, on the day of election hereinafter to be held in the several counties of the State.

And be it enacted, That any person violating the provisions of this Act shall be liable to indictment by the Grand Jury of the county where such offense is committed, and shall, upon conviction before any judge of any of the Circuit Courts of this State, be fined a sum not less than fifty dollars for each and every offence; one half the fine is paid the informer and the other half to the County Commissioners for the use of the public roads.

BASEBALL NOTES

Chestertown To Have Big Baseball Team This Summer—Season At Washington College In Full Swing

Chestertown will have a real baseball club this summer and will be in the Eastern Shore League that is being organized. Subscriptions are being taken and over $500 has been gotten, with the hope that $1000 will be subscribed before the season begins. The manager of the team will be Captain J. Thomas Kibler. This insures the success of the baseball organization in every way from the start. He is too well known as an organizer and player to need any introduction from The Transcript, but we will mention the single fact that for two years he was manager of the San Antonio base ball club, in the Southern League and built an organization that swept every thing before it in that league. Thus, after several attempts at summer base ball, it appears now that Chestertown will at last assume the place it occupied a decade and a half ago, when it had the greatest assembly of ball players ever gathered together on the Eastern Shore. The Transcript mentioned a few weeks ago that there was some talk of a team here. Fans immediately began to talk about the prospect of a team, and it now is assured. Everyone interested in baseball and in helping boost the town should be behind the movement.

Mr. Hanson Horsey, of Galena, was in Chestertown one day this week. Mr. Horsey has a good offer from Reading, Pa. He will manage the Centreville team when the season opens there. Mr. Horsey is a good manager and player and had great success with the Centreville team last year.

The Washington College baseball club was scheduled to play the Pennsylvania Military College team on last Saturday afternoon, but the rain prevented the same.

The Drexel Institute baseball team, of Philadelphia, Pa., came to Chestertown on Friday afternoon last and met the Washington College team in one of the most one-sided games that has been playd here for many years. At no time of the contest did the visitors have a chance with the local Collegians. Gordy was on the mound for Washington College and was invincible at all times, the visitors only being able to connect twice safely with the ball, while W. C. tallied 20 hits. The score was 20 to 1 in favor of Washington College.

Coach Kibler's baseball team at Washington College is improving right along and he will, no doubt, have a fast aggregation before the middle of the season that will make any team in the state hustle. The team is as follows: Wright, p; Usilton, 1b; Johnson, 3b; Davis, c; Brown, cf; Robins, 2b; W. Bounds, lf; Willey, ss; Gordy, p; Straus, rf; McAllister, c; Bankard, cf; Griffith, lf; Norris, p.

The Washington College baseball team played the Chestertown All Stars yesterday afternoon.

The Chestertown High School team and Easton High School played an interesting game of baseball on Friday afternoon on the C. H. S. diamond. Chestertown won, the score being 8 to 6.

The Chestertown High School team went to Centreville on Tuesday afternoon and played the High School team of that town. The score was 5 to 0 in favor of Centreville.

The big league baseball seasons opened last Thursday. The 1920 race in both leagues promises to be very exciting.

Performance in the hands of thousands of farmers has given the Cletrac its leadership in the tractor field. All, yes more than Rollin H. White, designer and builder, claimed for it, has been done by Cletrac farmers.

The Cletrac was designed not only to do a good job of plowing, but to do all sorts of farm work and all kinds of farm hauling, under all kinds of conditions. It fits the seed bed as well as it plows; it does the seeding and harvesting; the hay making and threshing; the farm hauling; the wood sawing; silo filling and road building.

This little tractor has 800 square inches of bearing surface and will not pack your farm and make a hard pan in it in several years. It has the same weight per square inch as your roller or cultivator, 4 1-4 lbs. per sq. in. Will go in closer places than a team and get as close to the fence and corners as your team, and one man can do as much as three men with teams. Save labor and expensive feed by buying a Cletrac.

Stop in and see the Cletrac work the first time you are in town, and arrange for a demonstration, so as to assure prompt delivery, as the factory is back with orders. The Canadian Government has contracted for 1000 at once. We had more Cletracs in the Great War than any other make.
