COMMISSIONERS OF THE TAX.
1st District—HENRY W. HICKS.
2d District—HENRY COOK.

3d District—SOLOMON FOXWELL.

The Orphans' Court of this County will sit on Monday the 8th of July.

Mr Jenifer, has been nominated as a Whig candidate for re election to Congress.

Mr. Worthington has been nominated as the Democratic candidate for re election to Congress.

General Maulsby of Hford county, who died last week, was a distinguished member of society, and had served the public with singular ability in various stations His commanding talents and his urbanity as a gentleman, rendered him a most agreeable and useful member of the community. We observe that the Court and bar of his county took suitable measures to mark their respect for the deceased

Mr Van Buren is now on a tour to his native state. Every disposition was shown by his fellow citizens, as he passed along, to testify their respect for the President. Public dinners &c, were tendered to him, but in order to avoid parade and ceremony as much as possible, he respectfully declined any such public demonstrations, stating however, that he should be pleased to meet with his fellow citizens, on his route, without show or formality.

We observe that the whigs in the 5th district on the Western Shore, have nominated the Hon. Wm. C. Johnson as a candidate for re-election to Congress. At the last Congressional election Mr Johnson run, in that district as an independent candidate, and beat Mr. McKimmell, who was then the whig nominee. At that time a great many of the Van Buren men supported Mr. Johnson, as they had no candidate of their own, upon the ground, we believe, that he was a staunch and unflinching reformer, and justified the 19 Van Buren Senatorial electors in the stand they took in their controversy with the 21 electors The whigs seemed to have been horror struck at the position of the 19 Van Buren electors, who, with their advocates were denounced as revolutionists, &c. Is it possible from the fact of the whigs in that district having nominated Mr. Johnson for re-election, that they have ceased to view the 19 Van Buren electors and *their advocates*, with abhorrence? We are glad, under the circumstances, that Mr. Johnson has received the whig nomination, because the circumstance may be adduced as proof, that if the whigs were in fact opposed to the course of the 19 Van Buren electors and their co laborers, they have, at least to some extent, abjured their former faith, and consented to take one of the thoroughgoing and inflexible friends of wholesome reform.

Barren Creek Springs, in Somerset County, so celebrated for their salubrious waters, we are gratified to learn, have undergone considerable improvement, in the accommodations, for visiters. We have no doubt, that the use of the water, proceeding from these springs, is highly efficacious as an antidote to our summer and fall complaints. The public will be pleased to hear, that the new arrangements made, will be such as to afford agreeable entertainment, to those who may think proper to sojourn there for a season.

A FATAL RAIL ROAD ACCIDENT.—We learn from the Courier and Enquirer that on Saturday afternoon last, a man by the name of Patrick Boyle, a respectable laborer was passing along Atlantic street, on his way to visit a friend in Pacific street, in that city, when the locomotive of the Long Island Rail Road sudddenly came upon him, and in attempting to step back he stumbled and fell, leaving his feet and legs extended upon and over the track. The car passed over the unfortunate man, and crushed both his legs in a most shocking manner. Amputation was resorted to, as soon as surgical aid could be procured, but in vain, he died at about one o'clock on Monday morning.

CHARLESTON, June 22.

FROM ST. AUGUSTINE

By the arrival yesterday afternoon of the packet schooner Empire Capt. L. Southwick, we have received from our correspondent the following:

HERALD OFFICE,
June 19, 1839.

Information has reached us that a number of Indians have gone in at Fort King, and among them the party who murdered Brockenberry, at Picolata a short time since.—They admitted the murder and alleged that they were ignorant of the treaty entered into with Gen. Macomb.

Since then, however, the treaty has received another bloody seal. Two men were killed last week at a place called Fort Cross The sixty days allowed for the Indians to go South have not expired.

It is said a number are going South, but it is suspected it is for the purpose of holding the "green corn dance," which takes place about the first week in July.

THE PRESIDENT'S VISIT.—The committee of arrangement for the celebration of the fourth of July, have received the following letter from Mr. Van Buren. It is supposed he will arrive at Harrisburg on Monday next.

WASHINGTON, June 17th, 1839.

GENTLEMEN—I have had the honor to receive your invitation to unite with the Democratic citizens of Dauphin and the neighboring counties, in the celebration of the approaching anniversary of American Independence.

I hope to pass through Harrisburg on my way to New York, and will be happy to see my friends, and to thank them in person for this renewed evidence of their respect, but regret that arrangements previously made, will put it out of my power to be with them on the 4th of July.

Be pleased to accept my acknowledgements for the kind terms in which your invitation was communicated, and believe me, Respectfully,

Your friend and ob't servant,
M. VAN BUREN.

Messrs Ed'n W. Hutter, J J. C. Cantine, D W. Mahon, A. Boyd Hamilton, J. Tway, Charles Zeigler, Val. Hummel jr, A. Troxel, Dan'l. D. Boas and John Brady, Harrisburg.

The New Sloop of War.—The YORKTOWN now upon the stocks at this Navy Yard, will be launched on the seventeenth of June—the anniversary of the battle at Bunker Hill.—*Yorktown and Bunker Hill*—what glorious reminiscences are connected with these imperishable names? What other day so appropriate as this to commit this monument of the skill and indefatigable industry of our worthy mechanics to her destined element.—*Old Dominion, of the 15th ult.*

NANTICOKE BRIDGE.

THE stockholders of the Nanticoke Bridge Company are hereby notified that an Election for ten Directors, to manage the affairs of said company, will be held at the Toll House in Vienna, on Saturday the 27th day of July, between the hours of 2 and 3 o'clock, P. M.

THE co partnership heretofore existing between KNAPP & COMEGYS was desolved on the 24th February, last. F. H. Knapp continues his practice of Dental Surgery at his old stand Charles Street Baltimore.

IMPROVEMENTS.

IN DENTAL SURGERY.

IT HAS for many years been a great desideratum among European and American Dentists, to manufacture TEETH from incorruptible materials, which should imitate the natural living teeth.

Many have devoted years to unsuccessful experiments, and others have succeeded in manufacturing Teeth of materials similar to the porcelain ware, but generally they have an opaque white appearance, by which they are easily distinguished from the human Teeth.

After long and tedious experiments, the subscriber has succeeded in manufacturing Teeth of materials *entirely incorruptible and perfectly in imitation* of human Teeth. They have a semi transparency, and are made of various sizes and shades.

In cases where absorption of the alveolar process, or other causes may render it necessary, he will cast of the same materials attached to the Teeth, artificial gums, which shall imitate the Gum and supply the loss of substance.

It is entirely impossible for these Teeth to change their color, or cause fœtid breath.

He will insert them from one to entire sets in such a manner that they will make articulation of the voice perfect, and materially assist in mastication, and so that they cannot be distinguished from the most beautiful natural living Teeth by the most scrutinizing observer.

He also performs all the various operations in Dental Surgery, according to the late scientific improvements in the art.

The following testimonials from gentlemen whose respectability needs no encomium, are respectfully submitted to the public.

From N. R. Smith, Professor of Surgery in the University of Maryland.

Baltimore Oct. 28. 1836.

I have examined specimens of incorruptible Composition Teeth, manufactured by Dr. F. H Knapp, an ingenious Dentist of this city. In their form, color, etc., they admirably imitate the natural Teeth. Being completely incorruptible by the agents which affect the Teeth, and also apparently very strong, they must be peculiarly fitted for the purpose for which they are designed.

NATHAN R. SMITH.

From Professor Ducatel.

Having examined some Artificial Teeth prepared by Dr. F. H. Knapp, and learned from him what are the principal ingredients that enter into their composition, and the nature of the materials by which they are colored, I am inclined to think that they will prove, as he represents them to be, incorruptible. Dr. Knapp having moreover acquired the art of varying the colors of the enamel which covers his Artificial Teeth, is thereby enabled to impart to them a more natural appearance than such Teeth are usually found to possess; a circumstance that will doubtless render them more acceptable to the public.

J. T. DUCATEL, M D
Prof. of Chemistry in the University of Md

From S. K Jennings, Professor of Materia Medica, Therapeutics, &c in the Washington Medical College of Maryland.

Having been favored with an inspection of a considerable number of Incorruptible Artificial Teeth, which were manufactured by Dr. F H. Knapp, I cheerfully concur in the opinion expressed in respect to them by Professors N. R. Smith and J. T. Ducatel.

SAML. K. JENNINGS.

He has also received the most flattering testimonials in favor of his improved Teeth from Prof. Thomas P. Jones, author of Conversations on Chemistry; Prof F. May, Prof H. Lindslay, Prof. J. C. Hall, and Prof. Thomas Sewell, Washington D. C. and very many other gentleman of the first standing in this country.

He offers these Teeth for sale to dentists on the most favorable terms. Teeth, Gold Foil, &c. &c. sent per mail when ordered.

DR. W. EVANS'S CELEBRATED FEVER AND AGUE PILLS.

This wide extended and most admirable Remedy, which has already tendered such benefit, and proved the *only* radical cure for the above-named disorder, is *particularly* recommended to public notice at this variable season of the year. Dr. Evans's Purifying Pills,

the value and well authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receiving with benefit

THE INVIGORATING AND STRENGTHENING PILLS.

Directions are as follows:

Take four of the *Purifying Pills* on the first accession of Fever, and continue the same number every other night, till with the additional use of the *Invigorating Pills*, a permanent cure is obtained.

As soon as the Syrup is rubbed on the gums, the child will recover This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ON LOW SPIRITS.

Low spirits has a certain state of the mind accompanied by indigestion, wherein the greatest evils are apprehended upon the slightest grounds, and the worst consequences imagined. Ancient medical writers supposed this disease to be confined to those particular regions of the abdomen technically called hypochondria which are situated on the right or left side of that cavity, whence comes the name hypochondriasis.

Symptoms The common corporeal symptoms are flatulency in the stomach or bowels, acrid eructations, costiveness, spasmodic pains and often an utter inability of fixing the attention upon any subject of importance or engaging in any thing that demands vigour or courage. Also languidness—the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied by a total derangement of the nervous system. The mental feelings and peculiar train of ideas that haunts the imagination and overwhelm the judgment, exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

Causes. A sedentary life of any kind, especially severe study, pratracted to a late hour in the night, and rarely relieved by social intercourse or exercise, a dissolute habit, great excess in eating and drinking, immoderate use of mercury, violent purgatives, the suppression of some habitual discharge, (as the obstruction of the monses) or long continued eruption; relaxation or debility of one or more important organs within the abdomen is a frequent cause.

Treatment. The principle objects of treatment are, to remove indigestion, strengthen the body, and enliven the spirits, which may be promoted by exercise, early hours, regular meals, pleasant conversation—the bowels (if costive) should be carefully regulated by the occasional use of a mild aperient. We know nothing better adapted to obtain this end, than Dr. Wm. Evans' Aperient Pills—being mild and certain in their operation. The bowels being once cleansed, his inestimable Camomile Pills, (which are tonic, anotyne, and anti spasmodic) are an infallable remedy, and without dispute have proved a great blesisng to the numerous public.

Some physicians have recommended a free use of mercury, but it should not be resorted to, in many cases it greatly aggravates the symptoms.

HIGHLY IMPORTANT.

☞ Nervous diseases, liver complaint, dyspepsia, billious diseases, piles, consumption, coughs, colds, spitting of blood, pain in the chest and side, ulcers, female weakness, meremial diseases, and all cases of hypochondriacism, low spirits, palpatation of the heart, nurvous irritability, nervous weakness, fluor albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, sea sickness, night mare, rheumatism, asthma, the doulourenx, cramp, spasmodic affections, and those who are victims to that most excruciating disorder. *Govt*, will find relief from their sufferings by a course of Dr. Wm. Evans' medicine.

Also, nausea, vemitting, pains in the side, limbs, head, stomach or back, dimness or confusion of sight, noises in the inside, alternate flushes of heat and chillness, tremors, watchings, agitatation, anxiety, bad dreams, spasms.
