"You're Right B'Gosh"

We told this dairyman that the action of the Empire Teat Cup simulated exactly the action of the calf's mouth. Being a "doubting Thomas" he had to be shown, so he visited a neighboring dairy. The camera got his expression as we got his remark. Testing the action of the Empire Teat Cup is one way of proving to yourself the superiority of the Empire milker. It explains why the Empire makes such remarkable records on fine herds. To find out all of the Empire advantages write for catalog—or call on us for a demonstration.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me.

"I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person.

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.

LOCAL MATTERS

The Tomato Situation in Kent—The existing situation regarding the tomato crop in Kent is serious, to say the very least, for both growers and packers. Packers are unable to get cans and growers are unable to sell their crops elsewhere at any price and many are contemplating the plowing under of their crops. One firm, which contracted with Kent farmers at 40 cents a basket, has failed, and our farmers are at a loss as to what to do with the crop, which is ripening fast. Other canneries have started to can the acreage contracted for if they can secure sufficient cans.

Removals About Town—Mr. and Mrs. George Bacon will move to the store house on High street recently remodeled, while Mr. and Mrs. James Allen will move to the house vacated by Mr. and Mrs. Bacon; Mr. and Mrs. Louis Sheats will move to the house on Kent Circle at present occupied by Mrs. H. S. Barnett, while Mr. and Mrs. Culver will move to the house vacated by Mr. and Mrs. Louis Sheats on Kent Circle; Mrs. H. S. Barnett will move to the house occupied by Mr. and Mrs. Harry Nicholson; Mr. W.H. Waddell and family this week moved from High street to his new home on Queen street.

Killed By Lightning—Oliver W.Wilmer, a young colored man who worked for Mr. W. L. Ford, on the Bennett farm near Still Pond Station, was instantly killed by lightning on Monday afternoon, at about three o'clock when quite a severe thunder storm passed over that part of the county. Max Johnson was with him with two horses; Johnson and one of the horses were shocked. Wilmer is said to have been one of the best farm hands in that section. He was 25 years old. Coroner Dodd, upon investigation, rendered a certificate of accidental death. Undertaker W. H. Krusen took charge of the body.

Girl Rescued At Tolchester Beach—Suddenly seized with a fainting spell last Saturday afternoon at Tolchester while in bathing, Miss Melissa Evans, 18 years old, of Baltimore, was rescued by Edward Hill. Unconscious, she was carried to the Tolchester Hotel, where she was revived. Miss Evans, together with a party of friends, were spending the day at Tolchester, and about half past three o'clock in the afternoon one of them suggested that they go in bathing. Not anticipating the depth of the water, she soon ventured out too far and, realizing that she was then in danger, she cried for help and fainted. Hill, who is a swimming instructor at Gwynns Falls Park, was swimming nearby, and when he heard her cry he immediately swam out to her and took her ashore.

Must Have Certificates.—Kent Co. automobilists who do not have certificates from the State Commissioner of Motor Vehicles on September 1, showing that their cars have been titled, will not be permitted to operate their cars. The fact that they have applied for registration will make no difference, if they have not received a legal certificate from the Commissioner. And, according to an announcement issued last week, many motorists will be required to lose the use of their cars until they receive certificates, because it will be an impossibility for the clerical staff of the state office to issue the permits applied for during the last few days of the month. Less than one-half of the 120,000 automobiles in Maryland have been titled.

Chestertown Firm Dissolves Partnership—H. F. Jefferson & Brother, of Chestertown, one of the leading dry goods and millinery firms of the Eastern Shore, has dissolved partnership by mutual consent. The business will be conducted by Mr. Harry F. Jefferson, the senior member of the firm, in the future. Mr. C. Norman Jefferson, the junior member, has purchased a store of similar character in Easton, Md., and will conduct the same from the present time. The removal of Mr. and Mrs. Norman Jefferson from this town is a distinct loss to this community and every one here will regret their departure from our midst. In all the movements of recent years for the uplift and betterment of the community they were among the leaders and their removal will be a distinct loss to the social, moral, business and religious life of Kent county.

To Reorganize Salvation Army—A far-reaching reorganization of the Salvation Army, designed to put it in a position the better to meet the enlarged demands that are everywhere being made upon it since the war, has just been announced by the executive officials of the body. The new era upon which the Salvationists are entering now involves not only a complete redisposition of personnel, but also a redistricting of the entire country for the Army's administrative purposes. Remaining as head of all the Salvation Army forces in the United States is Commander Evangeline Booth, who has rendered 15 years of service here. She continues as commanding officer of all the Arm[illegible] forces in the United States and i[illegible] but with enlarged authority d[illegible] to her in recognition of her [illegible]ful direction of the wartime e[illegible] the organization at home and a[illegible]
