COTTINGHAM & JOHNSON'S
IMPROVED
HORSE POWER & THRASHERS.

IT is deemed almost unnecessary to give certificates of the superior qualities of our HORSE POWER AND THRASHERS, but for the information of those who have not as yet used them we subjoin the following:

LEONARDTOWN, St. Mary's Co. Md., May 1st, 1856.

Messrs. *Cottingham & Johnson*,

Dear Sir: The machine which I purchased of you has proved a most excellent one. I am fully convinced that no better Horse Power and Thrasher has been used in my section of the State. Nor can I think that there can be in use any that are superior to it anywhere. *The lightness of draft to the horses is one of its recommendations.* I am confident that all who use your Power and Thrasher will continue to be your customers

Respectfully, yours, B. G. HARRIS.

LEONARDTOWN, St. Mary's Co. Md., April 15th, 1856.

Gentlemen: I have used your improved Horse Power and Thrasher and take great pleasure in bearing testimony to their entire efficiency. I have used two other Horse Powers and Thrashers and in my judgment yours is greatly superior to either of them or to any I have seen in use. The Horse Power is of light draft and less liable to get out of order than any I have seen used, and in my opinion eminently suited to the wants of the grain growers, both on account of its efficiency and durability. Many of my neighbors have thrown aside other machines and adoptrd yours since it has been introduced into our county.—Wishing you a full measure of success, I am very respectfully, Yours, most ob't.

JAMES T. BLAKISTONE.

ST. MARY'S COUNTY, MD., May 1st, 1856.

Messrs. *Cottingham & Johnson*,

Gentlemen: I must say that I prefer your Horse Power and Thrasher to any I have used or seen used. The Power and Thrasher which I bought of you about three years ago, has worked well and worn well, with easy draft to the team.

Very respectfully, &c.
JOHN F. DENT.

HAVE YOU SEEN
HOLLINGSWORTH'S
TWO HUNDRED FLOATING BALLS, OR
KNUCKLE WASHING MACHINE!

IT will wash one dozen pieces of clothes in two minutes without injury to the most delicate material.

BED QUILTS,
COMFORTS, BLANKETS, SHEETS,
with every description of Woolen Goods, are washed in the most thorough and beautiful manner.

This Washing Machine has taken the premium at all the Fairs where exhibited. It is pronounced by all who have seen it THE WONDER of the age It is so simple in its construction as not to get out of order.

The Machine is so easy to work that small children can take part in it; any half-grown girl of ordinary strength, however little used to labor, can do a regular week's washing, and derive great benefit from the exercise, it being of the very best kind for strengthening the arms, chest and loins.

BANK NOTES.

It will wash bank notes without tearing or injuring them. Therefore, not only is great labor saved, but the clothes are not injured as by other machines and rubbing boards. This will be apparent to all who see it in operation, as it is not a rubbing machine. No boiling of clothes required. We invite the public to call and see it; also ask the Ladies (who wish to purchase) to send their servants with soiled clothing to No. 240 Baltimore street, (up stairs,) where we wash them so quickly as to convince the most sceptical. To meet the circumstances of all we put it at $12. We give the testimony of a few of the hundreds who are using them.

This Gentleman is well known throughout our and other States as a chemist.

SYKESVILLE, Md., March 5th, 1856.

Messrs. MORTIMER & MOWBRAY:

Gentlemen—In reply to your inquiries in regard to Hollingsworth's Floating Balls Washing Machine, I have to say the principle is certainly the best I have ever seen or used for the saving of labor, clothes, time and soap. Those in my family say they can wash six pieces by this machine to one on the old plan, and not feel the labor; the clothes being better washed. We are perfectly satisfied with the machine, and recommend it to all our friends. Yours, with respect,

WM. BAER.

BALTIMORE, June 19, 1855.

"This is to certify that the undersigned has in use one of the PATENT KNUCKLE WASHING MACHINES and finds it to be everything claimed for it. The labor is greatly lessened, and the expedition with which a heavy washing is accomplished is surprising. A wash-day is accompanied by many inconveniences to well regulated households, and any improvement by way of speed should be hailed with pleasure; and in this Machine of Mr. Lyman's, that is certainly obtained. The undersigned believes that the KNUCKLE WASHER must be generally adopted, as much time and labor are both saved, and the work better done, while the articles are not injured by the friction of rubbing in the old way of washing. JOHN F. MCJILTON.

"Baltimore Patriot."

"I fully endorse the above recommendation of Mr. McJilton." J. D. BENTEEN,
Baltimore Street, near Light.

"I have the 'KNUCKLE WASHING MACHINE' in use in my family, and cheerfully concur in the above recommendation." JOHN L. REESE, Jr.
82 Camden Street.

[From J. Wills, Esq., one of the proprietors of the Baltimore Patriot.]

I have had in use in my family for some time one of HOLLINGSWORTH'S PATENT KNUCKLE WASHING MACHINES, and feel no hesitancy in pronouncing it one of the very best instruments of the kind now in use. I make this assertion from having seen its operations, and upon the unreserved recommendation of washewomen who worked it. The principle on which this washer operates is thoroughly scientific, and at once indicative of its utility. My impression is that the KNUCKLE WASHER must gradually find its way into general use. Some of the many advantages possessed by it are expedition, thoroughness in cleansing garments, and the ability to wash goods of the finest texture without causing the slightest wear or injury. Every family who can conveniently, should have this most excellent Washer. J. WILLS, Baltimore, Md.

Having had the 'KNUCKLE WASHING MACHINE' in my family, I cheerfully concur in the above recommendation. E. Y. REESE,
Editor of Methodist Protestant.
