LEAGUE OF NATIONS

Article X

"The Members of the League undertake to Respect, and preserve as against external aggression, the territorial integrity and existing political independence of all Members of the League."

"In case of any such aggression, or in case of threat or danger of such aggression, the Council shall ADVISE upon the means by which this obligation shall be fulfilled."

IT CONTAINS TWO SENTENCES, 58 WORDS, AND IS

THE REPUBLICAN BUGABOO.

For over 70 years we have "Respected" the "territorial integrity" of Central and South American countries, Canada and Mexico. Why not the rest of the world?

Where is the Danger?

IN THE LEAGUE AT PRESENT

Belgium, Italy, Greece, Spain, Australia, Panama, Denmark, Colombia, Netherlands, Venezuela, Czecho-Slovakia, Roumania, Ecuador, Iceland, Canada, France, Brazil, Sweden, Poland, Persia, Norway, Switzerland, Argentina, Paraquay, Liberia, Luxembourg, Nicaragua, Portugal, Hadjaz, Georgia, England, Japan, India, Bolivia, Guatemala, Salvador, Chili, South Africa, New Zealand, Uruguay, Peru and Spain (Petitioned for Admission), San Marino, Honduras, Serbo-Croat, Cuba and Hayti

OUTSIDE THE LEAGUE

Russia Turkey Germany Mexico United States

Actual warfare between Poland and Lithuania has been stopped, and threatened war between Sweden and Finland has been averted by reference to the EXISTING League of Nations. Why fool ourselves any longer?

Those who do not care to tell the truth about the League of Nations tell you that Article X of the Covenant of the League would make it possible for other nations to lead us into war, whether we willed it by our own independence or not. This is absolutely false. There is nothing in the Covenant which in the least interferes with or impairs the right of Congress to declare war or not declare war, according to its own independent judgment, as our Constitution provides.

The League of Nations provides for gradual disarmament and will ensure Peace. If you are in favor of Peace, vote for Cox and Roosevelt, Senator John Walter Smith and T. Alan Goldsborough, all of whom are supporting it. Senator Harding is opposed to the League of Nations and is an advocate of universal and compulsory military training for the young men of this country in order to train them to settle the differences arising between nations on the battlefield.

GRANGE NOTES

The Still Pond Grange met Tuesday, October 19, in Grange Hall.

Owing to some misunderstanding about the proposed supper, a number were absent, thinking the regular meeting had been called off, too.

But right here let nothing cloud your ideas for next Tuesday, October 26th, 5 p. m. Still Pond grange will have a grange supper in their hall, and all members are urged to come with their baskets. This supper is to be followed by an enthusiastic meeting of the Grange with a closing Literary program.

Please try and be present to enjoy the full evening.

The meeting on Tuesday of this week had two real treats—Mr. Derrick, County Agent for one, explained the program of the "County Exhibit" to be held at Chestertown, November 5th, and 6th. Then in his usual manner thanked the Still Pond Grange for their $5.00 contribution toward the premiums.

Another unexpected treat, was given by the Worthy Lecturer, pro tem Mrs. R. D. Moore, who in her accustomed generous spirit and ever ready to help manner appeared with a delicious luncheon—chicken salad sandwitches, olives—which was hugely enjoyed and appreciated by those present.

Now come out October 26th, and show appreciation and interest in your own Grange. Remember the order of the evening, Supper 1st, Meeting 2nd, Literary Program 3rd.

Press Correspondent.

Do you actually know what stock will hold its own, what real estate will improve in value, what mortgage investment will leave behind you a dependable, adaptable, and easily regulated income after your death?

No, because you are not a prophet.

If you invest in a life insurance company whose investments are the strongest possible, you get the highest degree of usefulness combined with the highest degree of security. You add personal protection to corporate protection. You insure both yourself and your insurance.

Ford

THE UNIVERSAL CAR

The Ford Coupe, with electric self starting and lighting system, has a big, broad seat deeply upholstered. Sliding plate glass windows so that the breeze can sweep right through the open car. Or in case of a storm, the Coupe becomes a closed car, snug, rain-proof and dust-proof. Has all the Ford economies in operation and maintenance. A car that lasts and serves satisfactorily as long as it lasts. Demountable rims with 3½-inch tires all around. For the doctor and travelling salesman it is the ideal car.
