PREMIUM ON SILK.—An act has passed the Legislature of Delaware, allowing a premium of fifteen cents per pound, for cocoons raised in the State, and fifty cents per pound for raw silk reeled from such cocoons. The law is to continue for four years, and incorporated silk companies are to be excluded from its benefits.

ILLINOIS.—The opposition have in every form sent out the news that they had a majority on joint ballot in the Illinois Legislature. The vote taken on the election of Printer, has put the extinguisher on this misrepresentation.

The joint vote was:

For William Walters, (Dem.)	65
" William Hodge, (Fed.)	63

One vote scattering.

The Auditor and Treasurer (Dem) were elected without opposition, and Mr. Kitchell (Dem.) Attorney General by a majority of five votes, over Mr. Olney, (Whig,) ejected. The Conservatives united with the Federalists in those votes, and misrepresented their constituents.

Mr. JOHN BOON, the Senator from Caroline, has, by his course since he has been at Annapolis, given great dissatisfaction it seems to his constituents. It will be recollected that Mr. Boon was elected as an independent Senator.—Since he has been at the seat of Government, we learn, that in almost every instance, he has co-operated with the whigs.—The Van Buren men of Caroline, through whose means Mr. Boon was elected, over Mr. Burchenal, the regular whig nominee, complain of a violation of what was due to them, and of the understanding of what they calculated would be Mr. Boon's course. It is said that steps are taking in Caroline, to present matters in relation to Mr. Boon, in the proper light. Mr Boon certainly seems to be in an awkward predicament—Dorchester Aurora.

Among the importations at New York from Marseilles, are *fifty five tons of Mulberry trees*. A pretty heavy shipment, we should think, if there is no mistake in the entry.

THE HOWARD DISTRICT.—The bill to divide Anne Arundel county in two municipal districts, and to call the upper "Howard district" has passed both houses of the Legislature. By the terms of the law the bill is to be submitted to the voters of the whole county, at next election, for approval or rejection.

The Baltimore Chronicle, a Whig paper says:—

The supreme Court of Pennsylvania has decided unanimously, that the commissions issued by Gov. Ritner, to various officers, just before his retirement from office, are void and that the appointment of those officers belonged to Gov. Porter. The administration of Gov. Ritner, in its last stages, was guilty of many blunders and not a few abuses.

Those hired Donkeys of the opposition, the Chronicle and Patriot of Baltimore, may make the most they can, out of the reasons that Mr. Boone has offered for his vote on the nomination of SAMUEL SUTTON. We wish however, for the mere sake of common decency, that these two patriots would inform their readers, that this same Boone gave his vote to ROBERT T. KEENE as a Delegate from Caroline county. "ROBERT T KEENE" has the honor of being one of the glorious 19. Will those worthies assist Boone, in finding a "reason" for his vote in favor of the "recusant" KEENE as a law Maker; in the face of the order by which Boone attempts to justify his treasonable course to Sutton on a nomination for Fish Inspector? Is SENATOR Boone prepared to show by the first rules of Arithmetic that the business of Fish Inspector requires more capability and character than the irresponsible work of Legislation; or has he learned from personal experience, that while any fool may be sent to make our Laws, the art of fish inspecting, is only to be committed to men of "science and practical knowledge;" and although it would be criminal in an Inspector of Fish, to pass an "old" for a new barrel of Herrings" yet the very height of vice is found in the endeavor to correct the errors of an old and worn out "Constitution," by substituting a better one in its place. Mr. Boone gives as the only "reason" for his vote against Sutton "that he wanted to destroy the then existing Constitution of the State, in order that ☞A BETTER ONE MIGHT BE SUBSTITUTED.—The individual who would have the effrontery, to hold a seat in the Senate, after writing such trash, should be seized as a Lunatic and thrust into a mad house!—Balt. Rep.

The election of U. S. Senator for Virginia, takes place on the 15th inst.

From the Intelligencer.

A STRONG SIGN.—The New Orleanse Bee, heretofore the leading and most efficient paper in Louisiana in support of the Administration, has passed into new hands, and is now published by Messrs. Bullit, Bullen, and Magne, who have placed the name of Henry Clay at the head of their columns as their candidate for the Presidency.

The new editors come out in a powerful and well written salutatory address. Their language in reference to Mr. Clay, is as follows:

"As to the person upon whom, we think, the Whigs should rally at a crisis so momentous, we refer our readers to the illustrious name that adorns the head of our columns—a name that has been, and is, the watch word and cement of our party—a name identified with the cause of constitutional liberty through out the world, and the glory of the Republic."

The editors have embarked in a glorious cause, and have our cordial wishes for their entire success.

REMARKS BY THE GLOBE.—The New Orleans Bee, an ably conducted Democratic journal, was bought from the proprietor, and the purchaser immediately ran up the flag of Mr. CLAY. The purchaser supposed that, as a Whig majority was claimed in the Legislature, the acquisition of the Bee would certainly secure the State printing, already enjoyed by the establishment. It will be seen from the Bee of the 8th, that the new Editor announced himself a candidate for it at once.

From the New Orleans Bee of January 8.

We take occasion to mention to our friends and the public that we consider ourselves CANDIDATES FOR THE OFFICE OF STATE PRINTER. The Bee offers, in its immense size, in its being published in both languages, and in the numerous facilities for the execution of this work, ample guarantees for the faithful discharge of our duties, should we be fortunate enough to prove successful in our application.

The result followed two days after, and is thus announced: BULLIT, BULLEN, and MAGNE are the new Editors of the Bee. Its formerable Democratic Editors are about to establish a new print, to be called the Louisianan.

From the New Orleans Bee of January 10

THE LEGISLATURE—The election for State printer for the year 1839, took place in the Legislature yesterday morning. Upon counting the votes it appeared that of fifty-nine votes deposited in the ballot box,

Mr. J. C de St. Romes had received	33
Mr John Gibson	21
Messrs. Bullit, Bullen, and Magne,	5

Consequently Mr. J. C. de St. Romes was declared duly elected on the first ballot.

St. ROMES is the editor of the New Orleans Courier, the oldest paper in the State, and the most decidedly Democratic. He was for many years printer of the laws of the United States, but the authority to do so was taken from him almost as soon, after he declared in favor of General JACKSON, as the mail then travelled to and from New Orleans to Washington. The editor of the Bee has been for many years the "public printer," but it seems by the decisive vote of the Legislature that the office was not transferred with the paper to the Kentucky purchasers.

DR. W. EVANS'S

CELEBRATED

FEVER AND AGUE PILLS.

This widely-extended and most admirable Remedy for Fever and Ague, and other Fevers, which has already rendered such benefit, and proved a sure and speedy cure for the above named disorders, is particularly recommended to public notice.

On first feeling the premonitory symptoms occur, it is advisable at once to clear thoroughly the stomach and bowels. In no way can this be better and less inconveniently effected, than by taking a few doses of

DR. EVANS'S PURIFYING PILLS,

the value and well authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receiving with benefit The Invigorating and Strengthening Pills.

DIRECTIONS ARE AS FOLLOWS:—

Take four of the Purifying Pills on the first accession of Fever, and continue the same number every other night, till with the additional use of the Invigorating Pills, a permanent cure is obtained.

Take three of the Invigorating Pills in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

☞The attacks usually occur every other day.

☞Price One Dollar a pack, containing both kinds of Pills.

Sold at Dr. Evans's Medical Establishment, 100 Chatham Street, N. Y., And by his authorized Agents.

☞A Letter from Mr. Sheldon P. Gilbert, to Dr. Wm. Evans, proprietor of the celebrated Camomile Pills!

Dear Sir—Had the immortal Cowper known the medical qualities of the Camomile Plant, he as well as thousands since (besides myself) would have experienced its wonderful effects on the nervous system. The public utility of Cowper was blighted in the bud, thro' the natural effect of his nervous debility upon the mental powers, which made it necessary for him to seek relief beneath the rural shade, but the calm retreat gave his physical nature no repose. If some one then had known the secret of concentrating the medical virtues of Camomile, the discoverer would have been immortalized with poetic zeal as the benefactor of suffering man.

The above lines were prompted from the effect I have experienced from Dr. Wm. Evans' Camomile Pills.

Yours, with esteem,

SHELDOM P. GILBERT,

Durham, Green Co., N. Y.

☞Another recent test of the unrivalled virtue of Dr. Wm. Evans' Medicines.—Dyspepsia, ten years standing.—Mr. J. McKenzie, 176 Stanton street, was afflicted with the above complaint for 10 years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr, W. Evans.

The symptoms were—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite, giddiness, palpitation of the heart, great debility and emaciation, depression of spirits, disturbed rest, sometimes a bilious vomiting, and pain in the right side, an extreme degree of langour and faintness; any endeavour to pursue his business causing immediate exhaustion and weariness.

Mr. McKenzie is daily attending his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He resorted to myriads of remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the inestimable benefit rendered to him by the use of Dr. Wm. Evans' medicine.

☞An Extraordinary and Remarkable Cure.—Mrs. Mary Dillon, Williamsburgh, corner of Fourth and North streets, completely restored to health by the treatment of Dr. W. Evans, 100 Chatham st.

The symptoms of this distressing case were as follows: Total loss of appetite, palpitation of the heart, twitching of the tendons, with a general spasmodic affection of the muscles, difficulty of breathing, giddiness, langour, lassitude, great depression of spirits, with a fear of some impending evil, a sensation of fluttering at the pit of the stomach, irregular transient pains in different parts, great emaciation, with other symtoms of extreme debility.

The above case was pronounced hopeless by three of the most eminent physicians, and the dissolution of the patient daily awaited by her friends, which may be authenticated by the physicians who were in attendance. She has given her cheerful permission to publish the above facts, and will also gladly give any information respecting the benefit she has received, to any inquiring mind.

MARY DILLON.

☞DYSPEPSIA AND HYPOCHONDRIACISM.—Interesting Case.—Mr. William Salmon, Green street, above Third, Philadelphia, afflicted for several years with the following distressing symptoms. Sickness at the stomach, headache, dizziness, palpitation of the heart, impaired appetite, sometimes acid and putrescent eructations, coldness and weakness of the extremities, emaciation and general debility, disturbed rest, a sense of pressure and weight at the stomach after eating, nightmare, great mental despondency, severe flying pains in the chest, back and sides, costiveness, a dislike for society, or conversation, involuntary sighing and weeping, languor and lassitude upon the least exercise.

Mr Salmon had applied to the most eminent physicians, who considered it beyond the power of medicine to restore him to health; however as his affliction had reduced him to a very deplorable condition, and having been recommended by a relative of his to make trial of Dr. Wm. Evans' medicine, he with difficulty repaired to the office and procured a package, to which, he says, he is indebted for his restoration to life, health and friends. He is now enjoying all the blessings of health.

Persons desirous of further information, will be satisfied in every particular as to this astonishing cure, at Dr. Wm, Evans' Medical Office, 100 Chatham st. N. Y.

☞A severe case of Piles cured at 100 Chatham street.—Mr. Daniel Spanning, of Shrewsbury, Eden Town, New Jersey, was severely afflicted with Piles for more than 20 years. Had had recourse to medicines of almost every description, also the advice of several eminent physicians, but never found the slightest relief from any source whatsoever, until he called on Dr. Evans, of 100 Chatham street, N. Y. and procured some medicine from him, from which he found immediate relief, and subsequently a perfect cure.

☞An Extraordinary Cure performed by Dr Wm. Evans, of 100 Chatham st. N. Y.—Mr. W. W. W. of 160 Eldridge street, was labouring under a disease, which was by many physicians considered incurable, and could find no relief from any source whatever, until he made application to Dr. Evans, and placed himself under his successful course of treatment, from which he began to find immediate relief, and in a few weeks was perfectly cured.

☞REMARKABLE CASE OF ACUTE RMEUMATISM, with an affection of the Lungs—cured under the treatment of Dr. Wm. Evans, 100 Chatham street, New York. Mr. Benjamin S. Jarvis, 13 Centre street, Newark, N. J. afflicted for four years with severe pains in all his joints, which were always increased on the slightest motion; the tongue preserved a steady whiteness, loss of appetite, dizziness in his head, the bowels commonly very costive, the urine high coloured, and often profuse sweating, unattended by relief. The above symptoms were also attended with considerable difficulty of breathing, with a sense of tightness across the chest, likewise a great want of due energy in the nervous system.

The above symptoms were entirely removed, and a perfect cure effected by Dr. W. Evans.
