PRESIDENT - ELECT HARDING has requested very simple ceremonies for his inauguration on March 4. If his wishes are to be considered the usual parade and lavish ceremonies will be done away with. He requests that the inauguration take place in the Senate Chamber. It would seem that Senator Harding is justified in this position, when we consider the useless expense incurred in a big parade, inaugural ball and lavish and useless expenditure of public money.

EVERY indication points to stabilized business. Prices are on the downward grade and are fast becoming adjusted to a more normal basis. Food stuffs are getting cheaper, clothing and shoes are selling at about one-half of former prices, wages are being decreased, real estate has suffered a slump, and nearly every branch of business is getting on a safer basis. The farmer is worse hit than any other branch of trade; many of them still have their wheat and corn crops in their barns unsold, with the price of each far below the cost of production, with little prospects of prices advancing. Their tomato crop was a total loss and everything they had to sell was sold at a price far below what they had calculated they would receive for it, thus causing great discouragement in this most necessary branch of the world's existence.

Income Tax In A Nutshell

WHO? Single persons who had net income of $1,000 or more for the year 1920; married couples who had net income of $2,000.

WHEN? March 15, 1921, is the final date for filling returns and making first payments.

WHERE? Collector of Internal Revenue for district in which the person resides.

HOW? Full directions on Form 1040A and Form 1040; also the law and regulatinos.

WHAT? Four per cent normal tax on taxable income up to $4,000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Surtax from 1 per cent to 65 per cent on net incomes over $5,000.

WHAT DID YOU MAKE IN 1920?

Uncle Sam Begins Collection of Federal Income Tax for Last Year—Same Rate as in 1919—Revenue Officers to Visit Every County To Assist in Making Out Returns

Work has begun on the collection of the income tax for the year 1920. Uncle Sam, through the Bureau of Internal Revenue, is addressing to every person in the United States the question, "What was your net income for 1920?" The answer permits of no guesswork. Every single person whose net income for 1920 was $1,000 or more and every married person whose net income was $2,000 or more is required to file a return under oath with the collector of internal revenue for the district in which he lives on or before March 15, 1921.

The penalty for failure is a fine of not more than $1,000 and an additional assessment of 25 per cent of the amount of tax due. For willful refusal to make a return the penalty is a fine of not more than $10,000 or not exceeding one year's imprisonment, or both together with the costs of prosecution. A similar penalty is provided for making a false or fraudulent return, together with an additional assessment of 50 per cent of the amount of tax evaded.

Women Must Pay Tax

The income tax applies to women as well as men. Husband and wife must consider the income of both plus that of minor dependent children, and if the total equals or exceeds $2,000 a return must be filed. A minor who has a net income in his own right of $1,000 or more must file a separate return. To be allowed the $2,000 exemption a married person must be living with husband or wife on the last day of the taxable year, December 31, 1920. Divorcees, persons separated by mutual agreement, widows and widowers, unless they are the sole support of others living in the same household, in which case they are allowed the $2,000 exemption granted the head of a family, are entitled only to $1,000 exemption.

Tax Rates For 1920

The normal tax rate for 1920 is the same as for 1919—4 per cent on the first $4,000 of net income above the exemption and 8 per cent on the remaining net income. This applies to every citizen and resident of the United States. In addition to the normal tax a surtax is imposed upon net income in excess of $5,000.

Instructions On Form

Full instructions for making out returns are contained on the forms, copies of which may be obtained from collectors of internal revenue. Persons whose net income for 1920 was $5,000 or less should use Form 1040A Those with incomes in excess of $5,000 should use Form 1040.

Revenue officers will visit every county in the United States to assist taxpayers in making out their returns. The date of their arrival and the location of their offices will be announced by the press or may be ascertained upon inquiry at the offices of collectors. This advisory service is without cost to taxpayers.

Patrons Meeting At High School

The Patron's Meeting of last Friday was well attended and greater interest ib being manifested by the patrons.

The lunchroom plans were discussed. Some provision must be made to meet the growing demands. A small deficiency in funds for last month was reported.

The fence proposition was brought up and the patron who made the motion that the fence money be put in the bank until a sufficient amount be raised asked to withdraw the motion. It has been demonstrated that a fence is not needed and the association voted to use this money for the lunch room provided that no one helped to make this money would object to the change in the use of the money. Any obligations are to be made o the president of the Parents and Teachers Association. Miss Fannie E. Stuart on or before the next meeting of the association which will be Feb. 4th.

Mrs. Harrison W. Vickers and Mrs. Rumsey Anthony have been appointed a committee, with power to add to heir number, to make a canvass of the patrons of the school to assist in providing hot lunches. Any interest shown by the patrons in this proposed will be greatly appreciated by the teachers.

Forestry Conditions Favorable in Kent

December 28, 1920.

Mr. H. B. Derrick, County Agent.
Chestertown, Md.

My Dear Mr. Derrick:

In my recent trip to Kent county to look over the local forestry situation with you, I was much impressed with the favorable conditions for the practice of forestry. Only 19 per cent of the land area of the county is wooded, which is the smallest percentage of any county in the state with one exception, Carroll county. This places a heavy burden upon the woodland of the county to supply local needs, but insures a good local market for all wood products, notwithstanding that little is being done to increase timber production on the contrary much is being done to reduce it.

The woodlands on the whole are confined to the ravines and steep slopes and to land that is not useful for any other purpose, and the problem is now to secure the highest yields on such land. The farmer by selecting wisely the trees that he is getting out for firewood can really improve conditions, while supplying his own needs. He should take out for firewood the crooked, defective trees and those of poor species, giving the straight, thrifty ones and those of the finer species a better chance.

Timber prices are advancing and with a certainty of good markets, the farmer is in an excellent position to give him all needed help.

Very Truly Yours.
(Signed) T. A. BESLEY,
State Forester.

Ethel Leopold Krause, plaintiff,
vs.
Albert B. Krause, defendant.

In the Circuit Court for Kent County, In Equity No. 3013.

The object of the Bill filed in the above entitled case is to procure a divorce, "a vinculo matrimonii," for the plaintiff, a resident of Kent County, Maryland, from the defendant and the custody of her child, Theresa Krause.

THE BILL STATES:

1. That on the 31st day of January, 1914, she was married to her husband, Albert B. Krause, with whom she resided in the City of Philadelphia, in the Commonwealth of Pennsylvania, until on or about the first day of August, 1916.

2. That, though the conduct of your Orator towards her husband, the said Albert B. Krause, has always been kind, affectionate and above reproach, the said Albert B. Krause has, without any just cause or reason, abandoned and deserted her, and has declared his intention to live with her no longer, and that such abandonment has continued uninterruptedly for at least three years, and is deliberate and final, and the separation of the parties beyond any reasonable expectation of reconciliation.

3. That at the time of the filing of this bill your Orator is a resident of Kent County, in the State of Maryland.

4. That one child, Theresa Krause, five years of age, has been born to your Orator and the said defendant, Albert B. Krause, and is now, and has been since said separation, in the custody and care of your Orator.

It is thereupon, this 5th day of January, A. D., 1921, ordered by the Circuit Court for Kent County, Maryland, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 7th day of February next, giving notice to the said Albert B.
