GERMANY has accepted the inevitable and signed the peace treaty as presented to them by the Allied European nations. Shame on those American representatives who prevented America from joining the League of Nations.

DEATHS

Capt. John W. Straughn died at the home of his daughter, Mrs. Charles W. Frampton, near Easton, on Thursday night, aged 90 years. He was well known among the followers of the water of the state.

William Grason, for 28 years auditor of the Circuit Court for Baltimore county, one of the leading members of the bar and prominent in fraternal circles, died at 6 o'clock Thursday evening at his home at Towson. He was the grandson of the first governor of Maryland to be elected by the people under the Constitution of 1838.

Mr. Robert E. Moore, one of the well-known citizens of Betterton, died on Wednesday night after a short illness of heart trouble, aged 52 years. He leaves a wife, who before marriage was Miss Mary Greenwood, and one daughter, Mrs. Ernest Willis, of near Kennedyville. Funeral took place on Sunday last at half past two o'clock, Rev. S. S. Hepburn officiating, interment in Still Pond Cemetery. Undertaker W. H. Krusen.

Capt. Richard Heward, one of the most prominent mariners of the state, died at Snow Hill last Saturday. He was 88 years of age. He was the oldest skipper in point of service of the Baltimore, Chesapeake and Atlantic Railway and had piloted every steamer of that company running between Baltimore and points on the Eastern Shore of Maryland. He had been in the employ of the company for 40 years.

With the same simplicity that marked her life the funeral of Mrs. C.M.Willis held at Barnard Farm, near Betterton, 30, at 2 p. m. This great woman who lived so quietly, was the mother of 103 descendants, 92 of whom are still living. The Holy Word says of the dead that "his sons come to honor and he knoweth it not," God permitted His servant to live to see some of her sons distinguish themselves in serving humanity. Her life was ever characterized by a philosophy of service. She laid down to rest at the close of a full, successful life, aged 80 years, beloved and honored by her children and those who knew her. Rev. Tilghman Smith, of Still Pond, read the service for the dead; Mark S. Pettibone addressed the family with promises from the Word of God. Mrs. Willis' son, Rev. Ivanhoe Willis, offered prayer, all the eulogy his dear mother needed. She leaves, beside her husband, Carvassa Mason Willis, ten living sons: Samuel C., Thomas, Franklin, Harry, Arnold, Ivanhoe, Charles, James and Wesley, of Arizona, Benjamin, of California, and three daughters, Mrs. H. O. Bullen, Mrs. Hugh Wallis, Mrs. Elsie Davis. Pall bearers: Merritt, Irving, Mason, John, James and Willard Willis, all grandsons. The Betterton choir and Mr. and Mrs. Charles Hynson, of Rock Hall, furnished music.

Tuesday, May 17, 1921

All That Farm

located in Second Election District of Kent County, Md., and on the north side of State Road leading from Galena to Chestertown, adjoining the lands of Mrs. Hurtt and the Black heirs, and containing

500 Acres

MORE OR LESS

This farm is generally known for its fertility and productiveness. It is medium loam with red clay sub-soil and will respond to any and all improvements. It will grow grains, fruits and grasses.

There are 325 acres tillable and about 175 acres in woodland, etc. Has a fine ducking shore which rents readily. The timber consists of oak, poplar, chestnut and walnut. The assistant State Forester, Karl E. Pfeffer, estimates 1,310,000 feet of board measure, 1600 cords of wood, 13,000 feet of walnut board in this tract of woodland.

A good muskrating shore is also located on the farm.

The improvements consist of a THREE-STORY FRAME BUILDING in thorough repair. The outbuildings are ample for use of farm.

It is 2½ miles from milk station and convenient to schools, churches and depot.

One of the advantages of the location of this farm is the fact that labor in plenty may be found near by.

This farm would make a fine investment for real estate seekers and also a splendid home for one who contemplates living in the country.

TERMS OF SALE.—The terms of sale are one-third of purchase money cash and the residue in two equal installments, payable with interest in six and twelve months from the day of sale, or all cash at option of purchaser. One-half interest in wheat and all growing crops. The purchaser will pay taxes for 1921, all title papers and revenue stamps.

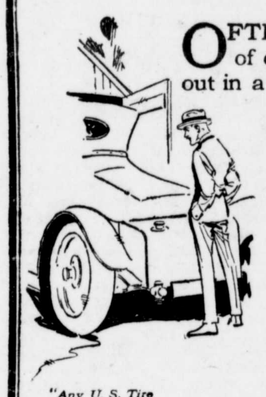
THE U. S. ROYAL CORD

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.

The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.

How you can measure tire value in 1921 —



"Any U. S. Tire is a universal full-money's worth."

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hard-pan car owner who sticks year in and year out to a *standard* brand as the only *rational economy.*

* * *

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no *forced* selling of any U. S. brand—no shipping of tires from one part of the country to another to "find a market."

* * *

There are 92 U.S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a *fresh, live* tire of *current* production—with all the original service and mileage the factory put into it.

"The different tire views that come out in a chance talk."

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of *equal* quality, buying convenience and price for *everybody.*

KEEP UP THE EDUCATIONAL STANDARDS

We believe the greatest asset of Kent county to be its boys and girls and that education is Kent county's biggest business. Girls and boys are Kent county herself. Without them there would be no Kent county, no homes, no farms. They cannot be measured in per cent of taxes or in terms of gold.

Yet they are assets only when trained and educated. Ignorance does not create, it destroys.

In 1920 a forward looking School Budget was passed by the Board of County Commissioners for Kent Co. These gentlemen, Mr. Cannan, Mr. Walters and Mr. Brice, saw that unless able men and women were retained in service and sufficient inducements offered to attract qualified young people into the profession, Kent county faced a shortage of teachers.

We admire their great interest in the advancement of education and ask a continuance of the same.

We also deeply deplore and resent the fact that the appropriation for the teachers' salaries is being made a political issue.

To the School Board and the Board of County Commissioners we pledge our enthusiastic and loyal support.

Therefore, Be It Resolved, that we, as citizens and teachers of Kent Co., in meeting assembled, respectfully ask the Board of County Commissioners for said county to appropriate in full measure for the maintenance of educational standards in this county and to pass the School Budget as it is presented.

Be It Further Resolved, that we hereby pledge to the said Board of Education and to the said Board of County Commissioners our whole and unanimous support in carrying out the excellent educational program of 1920.

We believe it to be the best known means of building a county that will be a credit to its builders and a blessing to its inheritors.
