Lightning Strikes Twice

During the storm of Thursday afternoon lightning struck the residence of Mr. Percy Lee, on Washington ave., which is in course of erection. The bolt hit the chimney, came down inside the building and severely shocked Mr. Ellsworth Newcomb, one of the carpenters working on the building. The lightning did some damage.

While the same storm was going on, lightning struck a chimney at the residence of Mr. E. R. Anthony, occupied by Mr. and Mrs. Albert Seney. Mrs. Seney was at the home of a neighbor during the storm and did not know the chimney had been hit. The bolt not only badly damaged the chimney but also came down into the house, knocking some plaster off the wall and spreading soot over the floor.

Ford
THE UNIVERSAL CAR

THE FORD COUPE

More and more this fine enclosed car for two—but it will carry three—is growing in popular demand. Strongly built, the body rests upon that marvelous Ford chassis. It brings to its owner every modern-day convenience; easy riding—while sliding plate glass windows make it breezy and cool in hot weather; dust-proof and water-proof when the windows are closed—it is cosy and comfortable in inclement and wintry weather. Then there is the durability of the car, coupled with the low economy of first cost and the saving of money in operating expense. Behind it, and every other Ford car, is that unsurpassed "Ford After-Service" which is given by the army of Ford dealers scattered all over the country, together with some 15,000 authorized garages, until the Ford owner is always within immediate touch of dependable, reliable service where the genuine made Ford parts, and genuine Ford methods are applied in the care of this car.

The Ford Coupe administers to a great variety of needs from the physician to the traveling man, from the engineer to the architect, and then for a pleasure car for two unbeatable. We ask your early order if you want a Ford Coupe, because we want to make delivery as quickly as we can but we must have a little time. Come in and see us.
