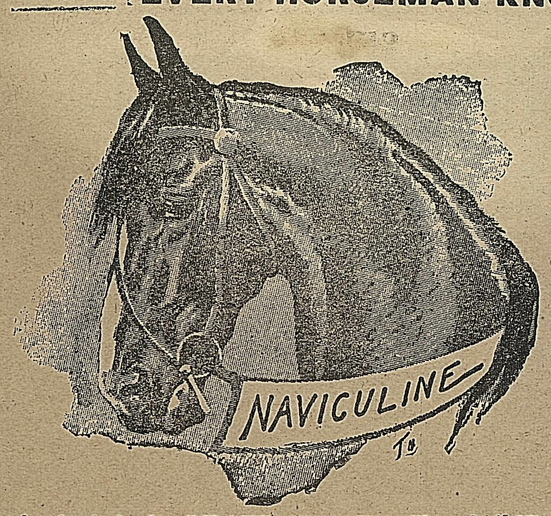
NAVICULINE

EVERY HORSEMAN KNOWS ITS MERITS.



I WILL GUARANTEE PROF. MANNINGTON'S CELEBRATED NAVICULINE

To cure lameness, no matter how caused, quicker than any other preparation in the market. It is the most powerful paint that has ever been used for Splints, Spavins, Curbs, Bowed Tendons, Knuckling, Weak Kidneys, Shoulder Lameness, Buckshins, Quittor, Navicular Disease, Sprung Legs, Ringbone, Saddle Galls, Shoe Boils, Farcy, Windgalls, Founder, Scratches, Grease Heels, Overreach, Thoroughpin and all bony enlargements, etc.

☞ NOTICE! Horses entered in valuable stakes may continue their regular work whilst using this valuable preparation. It will not blemish or destroy the hair on any part to which it is applied. Horses need not be kept standing in the stable eating their heads off through lameness; it is absorbent and exercise assists action thereof.

Blisters, Liniments and Embrocations are counter irritants, not absorbents, being composed mostly of grease; it is impossible for them to reach the muscles, tendons, joints and absorbent glands. "NAVICULINE" will reach them all; it does not contain any grease. Ask your druggist to order it for you; he will do so; it is invaluable to Horsemen, Trainers, Stock Raisers, Farmers, etc
